

## **Subscription Policy**

Subscription services are provided if a customer takes the same trip at least once weekly for a minimum of four weeks for medical trips, work, post secondary education or church.

### **Medical trips are limited to:**

“Trips to medical Doctors, hospitals, laboratories, day hospital programs, prescribed occupational and physiotherapists, or other treatments covered by Saskatchewan Health.”

Subscription service is based on service availability, and is automatically cancelled on Holidays (a regular booking is then required).

Booked times may need to be adjusted to accommodate additional subscription trip clients

**Note:** The rationale for limiting subscription trips is to ensure the availability of adequate pre-booking opportunities given limited resources.
