## RED CROSS SWIM PROGRAM: LESSON LEVEL DESCRIPTIONS

As part of the Red Cross commitment to offer high quality training to the public, the Red Cross Water Safety program has undergone revisions based on extensive market research and pilot projects. The City of Saskatoon has implemented the new Red Cross Swim program at our facilities.

Red Cross Swim Preschool is an eight-level program that allows your children, aged 4 months to 5 years, to enter levels based on their age and abilities. Each level is built around an aquatic animal theme and has its own mascot, which will make learning engaging and fun for young children.

Red Cross Swim Kids is a 10-level program for children ages 6 and up that will help swimmers develop all six swimming strokes (front and back crawl, elementary back stroke, breast stroke, butterfly, sidestroke), actively learn how to be safe around the water, and increase their fitness and endurance through fun activities. Children will be challenged to achieve personal best in distance and time, which will be a strong motivator through all 10 levels. Red Cross Swim Kids teaches more than swimming skills – it allows kids to strive for and reach their personal best.

**AquaAdults** These lessons are designed to meet the needs of adults and adolescents. The lessons focus on basic swim skills as well as stroke and skill enhancement.
