## CUSTOM MAPPING SERVICES

Service charges for providing custom requests are based on industry standard rates. The service of providing custom maps relates to the time spent processing the maps, the media used, plotting charges and any shipping or handling. The following rates apply to all custom map requests:

**Labour Charge** (if applicable) - Where a staff member is required to create a custom graphic or to format and/or manipulate the data in any way.

\$30.00/hour (minimum 1 hour) plus GST (no PST)

**Processing Charge** (if applicable) - Where a computer routine is used to collect the data and/or compute statistics

\$50.00/hour of computer processing time plus GST (no PST)

**Plotting Charge** (if applicable) - Where a line drawing or map is requested.

\$3.00 per linear foot on coated bond plus GST and PST

**Shipping and Handling Charges** (if applicable) - Where map is mailed or shipped to a client. Charge is full cost recovery.

Minimum charges:    Envelopes - \$2.50  
                              Map Roll - \$12.00

Once you have decided what data you need, you may contact us at 975-2645. A staff member will provide you with an estimate of the cost and when we will be able to retrieve the data. Please bear in mind that requests for custom maps must be incorporated into our ongoing work schedule.

If you have any questions about any of the above, or would like to know what kinds of data are available from our department, please phone 975-2645.
