FAÇADE APPEARANCE GRANT APPLICATION FORM

The Façade Appearance Grant is designed to encourage property owners and developers to invest in the renovation or expansion of their property, and to increase consumer and investor confidence in the Zone.

The owner of any commercial or industrial property within the Zone is eligible to apply for a grant for the purpose of enhancing or restoring the appearance of any street-facing façades. The amount of the cash grant is limited to a maximum of \$2,500 per façade, and is rebated upon inspection and completion of the project. It must be demonstrated to the Adjudication Committee that the intended work will clearly lead to an improved appearance of the façade.

The grant covers all related invoiced expenses for supplies and labor by contractor. Labor of the business owner does not qualify as an expense.

IMPORTANT: A completed application must be submitted and receive approval of committee prior to commencement of work. Failure to do so will result in not qualifying for funding. Once your application is approved, enhancement and/or restoration is complete, simply submit invoices and receipts for payment.

APPLICANT INFORMATION

NAME OF COMPANY
