Approved Feedstock Description:

What type of feedstock are you hauling? Circle those that apply.

grass	leaves	branches	tree trunks	stumps	roots	sod	topsoil
-------	--------	----------	-------------	--------	-------	-----	---------

Due to the Risk of Dutch Elm Disease

Elm is not acceptable green waste. Cutting Elm during the ban is **illegal**. Only the landfill can accept Elm. Only certified arborists may dispose of wood chips or mulch at the Compost Depots.

Are you hauling wood chips or mulch:  No.  Yes? ⇔ ISA Certification Number: \_\_\_\_\_

For approval of other green waste, please call the Environmental Services Branch 975-2487

I hereby certify that the above description is complete and accurate to the best of my knowledge; that no deliberate or wilful omissions of feedstock compositions or properties exist; that all known suspected disease material, contaminants, Elm, garbage and hazards have been removed; and that any other contaminants not detailed above are present at such a level that material limits fall within the acceptable City of Saskatoon guidelines for acceptance of compost feedstock. I understand that feedstock contaminated with garbage or unacceptable material is subject to removal by the Registrant or will be removed at the Registrant's expense.
