Visit: Customer Service, Main Floor, City Hall, 222 3rd Avenue N, Monday to Friday, 8:00 a.m. to 5:00 p.m.

Direct Debit

Pay your City of Saskatoon Utility Statement by Direct Debit automatic withdrawal from your bank account whether you choose eBill or paper bills, EPP or variable monthly billing.

There are no fees for Direct Debit but regular bank service charges may apply. Credit cards and line of credit accounts may not be used for Direct Debit.

Apply for Direct Debit by submitting this application with your banking information by email, mail, fax, or in person.

Equalized Payment Plan

The Equalized Payment Plan (EPP) allows you to pay the same amount each month for utilities no matter what payment method you use.

EPP monthly amounts are based on the usage at your address over the past three years. Each month you will receive a utility statement that displays your current usage, the EPP amount billed, and your EPP Balance (the amount to be billed or the credit in your favour).

You may request EPP by phone or in person; no signature is required.

Check the Equalized Payment Plan section on your statement each month. Contact us if your EPP Balance (debit or credit) is more than two times your EPP monthly amount.

Your EPP Balance may be a credit in your favour but it may also represent a balance to be billed. If you have used fewer utilities than your billed EPP amounts, the EPP Balance will be a credit in your favour. If you have used more utilities than your billed EPP amounts, the EPP Balance will be a debit amount that will be charged to you during your settle-up month.

Your EPP monthly amount may need to be adjusted during your EPP year.

If your utility consumption is higher or lower than we had anticipated, it may be appropriate to increase or decrease your EPP monthly amount. For example, if you install a service in your home that will significantly increase your utility usage, such as a hot tub or an airconditioning unit, please request a review of your EPP monthly amount to avoid a large settle-up bill.

EPP is settled up once a year and a new EPP monthly amount is selected for the next year.

If you have used less utilities than were billed in EPP instalments, your settle-up bill may be a credit that is applied to your next month's bill. If you have used more utilities than billed in EPP instalments, the settle-up bill may be larger than your previous EPP bills.

EPP accounts need regular meter readings; meter readings will help to ensure that the EPP monthly amount is appropriate for your account.

Submit Meter Readings Online www.saskatoon.ca.

Direct Debit or EPP Cancellations

Please provide two weeks notice before your next withdrawal date if you wish to change bank information for Direct Debit or to cancel your plan. Cancellation and Change Bank Information forms are available online at www.saskatoon.ca.

EPP may be cancelled by phone, email, fax, mail or in person and the EPP Balance (debit or credit) will be applied to your next utility statement.
