Southwest Industrial & Lorne Avenue – Public Tender Addendum

Lot 9, Block 189, 107 Jonathon Avenue – Landfill Groundwater Monitoring Well

Two landfill groundwater monitoring wells (one active and one deactive) are located on Lot 9, Block 189 in the northeast of the parcel, they are approximately 4.0 metres from the front property line and 1 metre apart. The active monitoring well is anticipated to continue to monitor groundwater for the foreseeable future. Should the purchaser of the parcel have any questions related to the removal or relocation of this well, please contact Scott Theede at 306-657-8552.
