ZONING

Please refer to Table 2 for property zoning information. Interested parties are advised to consult with the Planning and Development Division at 306-975-2645 as to permitted uses and other details regarding applicable zoning provisions.

SERVICES

Offers include the sum required to prepay services. These services include curb, sidewalk, boulevard, street paving, street lighting, street signing, water mains, sanitary sewer mains, trunk sewer levies and primary water main levies. Services are provided adjacent to the site and are typically located in adjacent rights of way. Any costs associated with service connections or private crossings are not included in the offer price and are the responsibility of the purchaser. Final site grading is the responsibility of the purchaser and must be approved by the City of Saskatoon, Transportation & Construction. The purchaser is also responsible for the topsoil, seeding, irrigating and maintenance of boulevards adjacent to their property to the edge of the sidewalk and between the sidewalk and the curb.

REPRESENTATIONS, WARRANTIES & ENVIRONMENTAL CONDITION

The properties are being sold "as is". A Phase 1 Environmental Assessment report will be supplied to the successful purchaser. Any further subsurface environmental or geotechnical investigations to evaluate for soil conditions on the site will be at the purchaser's own expense.

SITE ACCESS

Proposed vehicle crossings for all sites will be reviewed by the Transportation Division for compliance with the City's Private Driveway Crossing Guidelines.

EASEMENTS

The successful purchaser is required to agree to grant the utility agencies any further easements, which may be required at no cost. Easements are identified in the respective feature plans for these areas (see Attachment 1).

Table 2 - Open Market Sale Property Details

The successful purchaser must enter into a Sale Agreement within thirty (30) days of notification of the award of the sale. Failure to enter into the Sale Agreement within the prescribed time period will be deemed in default of the terms of the sale and the bid deposit will be forfeited.

Multi-family development on these sites are subject to compliance with Saskatoon Land's Architectural Controls for Multi-unit Dwelling Districts (see attachment 2 or visit saskatoonland.ca).

Purchasers must gain approval of architectural plans for any site from Saskatoon Land through an architectural control review process. Prior to plan preparation, or at any stage during plan development, Saskatoon Land is available to meet to view draft plans and discuss the architectural requirements.

From the date the successful purchaser has been notified, the purchaser must submit their draft plans to Saskatoon Land for Architectural Evaluation within eight (8) weeks.

Saskatoon Land will then analyze the plans for compliance with the architectural controls. Saskatoon Land reserves the right to take up to two (2) weeks to review and comment on plans after any submission is made by the successful purchaser. After plans have been reviewed, a meeting with the successful purchaser will be arranged to discuss plan changes, if any, which may be required.

The final Architectural Evaluation and approval of the architectural controls by Saskatoon Land must be obtained by the successful purchaser within eighteen (18) weeks from the date the successful purchaser was first notified.

The successful purchaser will not be able to apply for a building permit until receiving final approval from Saskatoon Land. Once the Architectural Evaluation is completed, the successful purchaser may apply for a Building Permit by providing the Building Standards Division with a copy of the Sale Agreement and building plans. These plans will be cross checked to the plans which were submitted to and approved by Saskatoon Land. If the successful purchaser makes changes to its plans following approval from Saskatoon Land, a delay in the approval process may occur and the successful purchaser will be required to obtain a second approval from Saskatoon Land to ensure that the design still meets all architectural controls.

Final payment is due thirty (30) days from the date that Saskatoon Land approves the building plans for compliance with the architectural controls. The following information is required for the Architectural Evaluation:

- A site plan, to scale showing buildings, roads, parking, loading, fences, and the landscaping concept;
- Floor plans of all floors for each building to scale;
- All exterior elevations of each building to scale indicating location of materials and colours;
- Building section of each building to scale indicating building height, roof slopes, and features; and
- Specifications and colours for all exterior building materials of each building and for site development.

1. DEPOSIT/CLOSING DATE/POSSESSION/ADJUSTMENT DATE:

- (a) 10% deposit due within 10 days of offer acceptance.
- (b) Balance of purchase price due within 30 days of obtaining architectural approval.

2. CONDITIONS PRECEDENT:

- (a) Approval of the sale by the CFO of Corporate Financial Services.

3. SPECIAL TERMS AND CONDITIONS:

- (a) The property is sold “as is” and the purchaser shall assume all responsibility and liability including any environmental matters existing as of the closing date.
- (b) Development on these sites will be required to meet Saskatoon Land’s Architectural Controls for Multi-unit Dwelling Districts and Development Controls where applicable.
- (c) Possession of the site will not be granted until completion of the Architectural Evaluation.
- (d) The purchaser further agrees to grant the City of Saskatoon, Saskatchewan Telecommunications, Saskatchewan Power Corporation, SaskEnergy Incorporated, and any utility agency any easements, which may be required by any or all of the said agencies at no cost.
- (e) Purchasers are required to demonstrate past experience with completing multi-family projects.

I have read and accepted these terms.
