PROPERLY DISPOSE OF SMOKING MATERIALS

Smoking materials is a leading cause of outdoor fires. Reduce the risk of fire by safely disposing cigarette butts after use.

- Use deep, heavy ashtrays that do not tip over.
- Use ashtrays that are made out of non-combustible materials like metal, ceramic or glass and have a lid.
- Don't let ashtrays become so full that hot ashes might spill over the side.
- When outside, partially fill your ashtray with sand or water to discard and douse your cigarette in.
- Never discard smoking materials in vegetation, mulch, peat moss, potted plants, leaves, grasses, or other easily combustible materials.
