**7.2 Lorne Avenue Overpass - Signage (K. Claffey on behalf of G. Willie)**

- The Committee reviewed the submitted information.

**7.3 Traffic Concerns (K. Claffey)**

- Add a white line on Cumberland between 8th Street and 7th Street. There are two driving lanes there, and there should also be a sign indicating that the right lane ends at the end of the block near 7th Street.
- Needs to be an added lane sign when turning right (heading north) from Hart Road east on 22nd Street.
- 23rd Street and 5th Avenue there needs to be a 4-way stop now that there are bike lanes. Visibility concerns.
- Concern about the bike lane on 4th Avenue and when parallel parking. Licence plates needed for bikes so they can be accountable for damages.
- 19th Street and 3rd Avenue needs to be a "this lane must turn left" sign (facing east).
- One way sign when behind Midtown Plaza going onto Auditorium Avenue.
- Walk lights are burned out on a lot of the intersections on 8th Street.

- Needs to be an added lane sign on Circle Drive heading south where College Drive merges on to Circle Drive to go to 14th Street.
- 3rd Avenue and 25th Street - the left turn lane heading north is way too narrow. Needs to be wider.
- Advisory sign at the cloverleaf interchange needs to be changed from 30 to 40 km.
  - The Administration will review.
