6. REPORTS FROM THE ADMINISTRATION

7. NEW ISSUES RAISED BY COMMITTEE MEMBERS (File No. CK. 225-8)

7.1 Appropriate speed in parking lots (R. Meier)

- Concerns were raised regarding the speed of cars travelling through in parking lots and the safety of pedestrians in the parking lot.
- It was noted that parking lot safety could be part of an awareness campaign in the future.

7.2 Area along College Drive between the CPR tracks and McOrmond Drive – why direct access from College Drive instead of service road (A. Reichert)

- Suggested a service road instead of direct access from College Drive between the Canadian Pacific Railway and McOrmond Drive. At the March 27, 2015 City Council meeting, Council approved that the classification of College Drive, between the Canadian Pacific Railway tracks and the city limits, be modified to an Urban Expressway in order to improve connectivity into the Holmwood Sector.

7.3 Signage on Circle Drive for Downtown (D. Taylor)

- Additional signs needed to inform motorist when to turn off of Circle Drive onto Idylwyld Drive to go Downtown.

7.4 Construction Signs (A. Reichert)

- On Circle Drive near the Canadian Pacific Railway overpass it was noticed that there were construction signs in place but were missing the end of construction sign. No one was working at the time.
- Inquiries were made regarding photo radar in construction zones.

7.5 Street Sweeping

- The Traffic Safety Committee would like to recognize and commend Aaron Brick and Jankirt Patel, Public Works, Transportation and Utilities Department, the early and continuing efforts at cleaning the streets in Saskatoon. This not only makes it aesthetically appealing and pleasant from a citizen and pedestrian perspective but it also helps to keep the roads safe from debris which supports the use of all forms of transportation.

Moved By: C. Kuhnke

That the information be received.

CARRIED

8. ADJOURNMENT

Moved By: C. Kuhnke

That the meeting be adjourned.
