Highlights for February – April 2016

Community Partnerships

The Institute for Canadian Citizenship and the Citizenship Ceremony

Gilles Dorval, Cornelia Laliberte, Chief Clive Weighill

The City of Saskatoon is working with the Institute of Canadian Citizenship (ICC) to create a Community Committee to host Community Citizenship Ceremonies. To initiate the process, the City, ICC and the Saskatoon Police Services coordinated the first ever Community Citizenship Ceremony on the morning of Monday February 8 in the gymnasium of the Saskatoon Police

Services. The event consists of two very distinct yet connected parts:

1) the morning \roundtables hosted by community members and 2) the formal Oath of Citizenship ceremony facilitated by Immigration, Refugees and Citizenship Canada.

The morning started with greetings and a short presentation from Elder Nora Cummings. This was then followed by the roundtables where each table of new citizens and their guest were hosted by two community members in discussion on citizenship and what it meant to everyone. Representation from the community was overwhelming and included: The

Table hosts including some CDRR members!

Friendship Inn, United Way, Office of the Treaty Commissioner, City of

Saskatoon, Saskatoon Police Advisory Committee on Diversity, Newcomer Information Centre, Saskatoon Public Library, the Islamic Association, Metis Senator, University of Saskatchewan, Saskatoon Health Region, Greater Saskatoon Catholic School Board, and Saskatchewan Intercultural Association. Part 2 was led by the Saskatoon Police Services Honour Guard and bagpiper, presided over by James Miller, Order of Canada, with guest presenter, Chief Clive Weighill. The morning came to a brilliant close with Fancy Dancer, Dustin Strongarm presenting a dance and leading all in a round dance.

Happy New Citizens

As this ceremony and event was such a success, The City of Saskatoon will continue to work with the ICC to form a Community Committee of the ICC to coordinate one or two of these very special ceremonies each year in Saskatoon. Quotes from the day:

"The new citizens at my table are going to come out and learn to jig with me!"

- "I invited the guest at our table to my home for dinner."
- "I heard stories I had never heard before. Thank you for the experience."
- "I feel Canadian when I eat bannock."
- "I feel Canadian when I'm given all the opportunities at high school."
- "I feel Canadian in everything I do."
- "I feel Canadian when feeling safe."

Indigenous Welcome for Syrian Refugees

The City of Saskatoon worked with The Saskatchewan Association of Immigrant Settlement and Integration Agencies (SAISIA), Multicultural Council of Saskatchewan (MCoS), the Aboriginal Friendship Center of Saskatchewan (AFCS) partners for the BRIDGES (Building Relationships through Intercultural

Dialogue and Growing Engagement) project to coordinate an Indigenous welcome event for refugees (Syrians and others) that arrived since November 1, 2015 on Wednesday, February 24th 2016 at the Holy Family Cathedral Hall, 123 Nelson Road, Saskatoon from 1:00 p.m. to 3:00 p.m.

This event brought together Indigenous groups, Elders,

representatives of settlement service providers, government officials, multicultural organizations and other members of the community to welcome newcomers in a way that honours Indigenous people and their relationships to this land. We learned about the Treaty relationships between Saskatchewan's original people and all those who have settled here, and provided information about First Nations, Metis and Syrian cultures. The event agenda included a grand entry, welcome, presentation on Treaty relationships, cultural information exchange, round dance and reception with light refreshments.

Refugee Orientation

The City of Saskatoon helped to coordinate orientation for Syrian Refugees on Policing in the community. Venues and refreshments were coordinated for 40 adult learners and childminding for 35 children. With the help of the Saskatoon Public Library venues were secured within 2 days and orientation took place within 3. The community has proven to be very flexible and supportive in accommodating the sometimes, unplanned for needs of the settlement community to provide all the necessary services for the recent refugees.

Partnering with the Arts

With the generous assistance and contribution of complimentary tickets from PAVED Arts, the City of Saskatoon was able to distribute over 170 tickets to the screening of "The Messenger":

"Akin to the disappearance of the honeybee or the melting of glaciers, the film argues that the global demise of songbirds signals an uncertain shift in an already fragile ecosystem and explores our deep-seated connection to birds, while warning that the uncertain fate of songbirds might mirror our own."

Tickets were offered to students from:

- ---
- Saskatchewan Polytechnic International and LINC students,
- University of Saskatchewan, International Student Centre, Aboriginal Student Centre, International Grad Student Centre,
- Saskatchewan Indian Institute of Technology
- Gabriel Dumont Institute

Feedback from host PAVED Arts was very positive:

"We had a great response to the tickets and the turnout was incredible. So many families from diverse backgrounds came out, young and old... I am so glad we can help provide an opportunity for them to engage with Saskatoon's cultural community, and so many of the kids had great questions after the screening!"

Welcome to Saskatoon Bus Tour

On Saturday March 5th the City of Saskatoon supported a bus tour for Newcomer & International students at Saskatchewan Polytechnic. The bus tour was organized by the Newcomer International Centre in partnership with LINC and International Education. Students were taken to three cultural sites throughout the course of the day: the Delta Bessborough Hotel, the Saskatoon Forestry Farm Park & Zoo and Wanuskewin Heritage Park. The bus tour also included a

sightseeing component along the Spadina side of the riverbank: sites included the Saskatoon Farmer's Market, the Remai Modern Art Gallery, Persephone Theatre, River Landing, the Meewasin Valley Authority Centre, the Vimy Memorial Bandshell, the Cameco Meewasin Skating Rink, Potash Corp Playland

and Kinsmen Park, the new site for the Children's Discovery Museum, the Railway bridge and the weir. The 24 student participants were accompanied by 4 chaperones from the Newcomer International Centre and the LINC program. Overall the participants seemed to really appreciate the day and this is reflective in the feedback forms.

John Moran, Manager of Saskatoon Forestry Farm and Zoo with newcomer and international students from Sask Polytech.

2) Naming Advisory Committee

Focus for 2015

In 2015, the Committee continued its focus on the educational and awareness aspect of its mandate through the provision of co-sponsorships to groups in the community for initiatives promoting intercultural harmony and addressing cultural diversity and race relations issues. Through these events, the Committee hoped to increase the awareness about the Committee and to highlight the positive initiatives in the community.

Education and Awareness Initiatives

The Committee participated in the following education and awareness initiatives:

Cultural Diversity and Race Relations Month

City Council proclaimed March as Cultural Diversity and Race Relations Month in Saskatoon. Opening ceremonies were held in the Council Chambers on March 5, 2015.

The Living in Harmony Awards Ceremony was held on March 18, 2015 at the Broadway Theatre. As in the past, awards were presented for the Living in Harmony Art and Literary Contests. Recognition Awards were also presented to individuals and organizations to recognize their efforts in promoting intercultural harmony in the community. The Committee assisted with the adjudication of these awards.

There were a number of other events held in the community during the month of March to increase the awareness of issues relating to cultural diversity and race relations. Information about these events was included on the Cultural Diversity and Race Relations webpage.

Co-Sponsorship Initiatives

As part of its education and awareness mandate, the Committee continued to support community groups in their efforts to provide education and increase awareness of cultural diversity and race relations issues. The Committee's intent is to try to expand

its reach through these opportunities and to assist others in hosting cultural diversity and race relations events throughout the year.

In considering co-sponsorship requests, the Committee reviewed the following:

- How the request fits in with the Committee's mandate;
- Whether the event takes place in Saskatoon, which is a requirement;
- Participation levels requested by Committee members on the planning committees for the events (to provide an opportunity for the Committee to provide input wherever possible and to create awareness about the Committee and its role);
- The target audience and event outreach (number of people attending, whether it
 is anticipated there will be attendance by diverse communities in Saskatoon and
 what is being done to promote the event beyond the organization hosting the
 event);
- Themes and focuses; and
- Time of year of the event to help raise awareness throughout the year.

The Committee provided co-sponsorship for the following events:

<u>Saskatoon Open Door Society – Bridging the Gap: Connecting our Cultural Communities</u> The Committee provided co-sponsorship in the amount of \$1,000 to the Saskatoon Open Door Society for the Bridging the Gap event held March 6, 2015 at Station 20 West. As an opportunity to increase the awareness of the existence of the Committee and its role, the Committee placed an ad in the University of Saskatchewan 2015-2016 Aboriginal Students' Handbook at a cost of \$100.00. The ad included the purpose of the Committee and a link to the City's website regarding additional Cultural Diversity and Race Relations information.

Updates from the Cultural Diversity and Race Relations Coordinator

Through regular updates from the Cultural Diversity and Race Relations Coordinator, the Committee was made aware of initiatives happening at the administrative level regarding the Cultural Diversity and Race Relations Program. This is an important component of Committee meetings to increase awareness of what the administrative priorities are and making the connection with the Committee's focuses.

The Coordinator continues to play a key role in organizing events for Cultural Diversity and Race Relations Month and in engaging youth in helping to organize the Living in Harmony Ceremony. This was an important element in connecting to the Committee's focus on youth at the elementary and high school levels and creating an awareness of cultural diversity and race relations at an early age.

The Committee received updates on a number of other initiatives that the Coordinator was involved with over the course of the year. A few of the initiatives are highlighted below:

- Developed framework and structured curriculum in order to collaborate with various internal division staff to identify how the role of 'understanding racism' meets the needs of the organization.
- Developed an Anti-racism Public Education implementation Strategy/Action Plan that outlines what the City of Saskatoon is actively doing to work towards the elimination of racial discrimination under the CD&RR Policy.
- Partnered with the Core Neighbourhood Youth Coop to provide an opportunity for the "youth voice" to be heard, and together with Unified Minds, a youth action network, has committed to working towards the elimination of racial discrimination amount the youth population in Saskatoon.
- Together with Immigration Initiatives and Arts & Culture developed an anti-racism strategy to further educate the community on the issues of racism and how to be leaders to help eliminate racism in Saskatoon. "I am the Bridge" was the basis of the marketing campaign.

<u>Updates from Immigration, Diversity and Inclusion Consultant</u>

The Committee continued to receive regular updates from the Immigration, Diversity and Inclusion Consultant on immigration initiatives. A few of the many initiatives undertaken by the Immigration Diversity and Inclusion Consultant are highlighted below:

- Partnered with the University of Saskatchewan International Student and Study Abroad Centre, the Language Centre and the Aboriginal Student Centre on various activities, most notably the City of Saskatoon bus tour.
- Worked with the Carlyle King Branch Library to develop an outreach workshop to take out to the newcomer community via English as a Second Language classes.
- Organized a bus tour in conjunction with the University of Saskatchewan Language Centre activities staff for International students.
- Worked with the Office of the Treaty Commission (OTC) to offer the Building New Relationships Program train the trainer program. The program has been designed to assist those working with newcomers to become more informed about First Nations people and the treaties that form the foundation of the Canadian Constitution. In this way, they can then pass this information on to the newcomers they work within programs such as language classes, employment training program, literacy classes and health program.

The Committee appreciates and supports the work of the Immigration, Diversity and Inclusion Consultant in continued efforts to address issues faced by immigrants and working with other levels of government and community agencies and organizations in addressing barriers and in creating an inclusive and welcoming community.

Focus for 2016

The Committee will continue to support learning and awareness opportunities between Aboriginal and Immigrant communities. The Committee will also look at ways to involve families and increase awareness and understanding of cultural diversity and race relations issues in our community.

The Cultural Diversity and Race Relations Committee will continue to participate in events during Cultural Diversity and Race Relations Month and to co-sponsor events throughout the year to assist the Committee in achieving its education and awareness mandate.

The Committee, through the organizations represented on the Committee, and through its connections with other groups in the community, hopes to continue to build on the awareness of the four community outcomes.

- The workforce will be representative of the population of Saskatoon;
- There will be zero tolerance for racism and discrimination in Saskatoon:
- Community decision-making bodies will be representative of the whole community of Saskatoon; and
- There will be awareness and understanding in the community regarding the issues, and acceptance of the various cultures that make up Saskatoon.

The Committee will continue to look for more opportunities to share information about the successes of community partners in meeting the above outcomes and in celebrating their efforts in creating an inclusive community, where ethno cultural diversity is welcomed and valued, and where everyone can live with dignity and to their full potential, without facing racism or discrimination, as set out in the Cultural Diversity and Race Relations Policy. The Committee looks forward to further opportunities to advise City Council on ways to continue to create an inclusive and welcoming community.

Project	Name: 2016 SICC I	First Nations' Lang	uage Keepers Conference (FNLKC)	
Project	Date and Location:	November 23-24, 2	016, Saskatoon Inn & Conference Centre	

Project Description (maximum 250 words)

The SICC FNLKC blends researchers, practitioners, language developers and cultural advocates giving the audience a broad overview of language issues from a number of perspectives. While there are several strategies to promote and protect language, there continues to be challenges in moving forward with advancements. The dialogue at this conference is important and serves to advance language; to enhance programs, policy and practice; and, to further prevent language erosion and loss.

Along with the Conference, is a Round Dance portion in the evening of November 23rd. A Round Dance involves First Nations song and dance and drum and a positive, intimate and communal expression of First Nations spirituality. It's a time to honor traditions and memories of ancestors dancing as well as to celebrate First Nations language through song and dance and the encouragement from Knowledge Keepers and Elders. The Round Dance is for everyone, children, parents, Elders. It is open to the public.

What opportunities are there for a Cultural Diversity and Race Relations Committee Member(s) to be on the organizing committee (if you have one) for the event and what other participation opportunities are there for the Committee?

None or our partners are a part of our Conference organizing committee; it consists of SICC staff only. However, volunteers may attend the Conference free of charge and have free meals. As a Wolf Sponsor of the FNLKC, your company or organization will receive the following:

• Logo recognition (sponsor thank you slides, conference program, table tents, SICC website)

What community impact are you hoping to achieve through this event?

The intention is to provide and lead First Nations people and youth in the understanding that language is vital and critical in the sovereignty of First Nations people and asserting our inherent rights. Not only is the Conference committed to addressing language retention for the immediate needs; it hopes to address future needs as well. Listed below are the four objectives:

- To bring together First Nations educators, leaders, Elders, parents and students to share ideas
 and experiences on how to effectively teach First Nations languages and cultures both in and
 out of the classroom;
- 2. To assist communities in developing strategies for revitalizing their languages and cultures;
- 3. To provide participants with First Nations' worldviews, traditional practices, customs and oral traditions to revitalize and invigorate First Nations' traditional ways; and
- To discuss strategies relating to the policy development, community advocacy, and administrative, technical and management support for First Nations language and culture programming.

Regarding the Round Dance, the intent is to invite Conference delegates as well as anyone from the public to celebrate First Nations spirituality, to honor traditions and memories of our ancestors. It also is a time to celebrate First Nations language through song and dance and the encouragement from Knowledge Keepers and Elders.

Who is your target audience?

Researchers, practitioners, language developers and cultural advocates as well as Elders and youth and anyone interested in First Nations language preservation and revitalization. The Round Dance is open to the public!

What are the themes and focuses for the event?

This year's theme is 'Celebrating Youth: Our Future Language Keepers' and is intended to highlight and promote community initiatives and endeavors.

How many people do you anticipate will participate in your event?

Project Name: Canadian Council for Refugees National Spring Consultation 2016, Refugees

Welcome Here, Awareness, Advocacy and Action

Project Date and Location: 2 - 4 June 2016 at the Hilton Garden Inn Saskatoon Downtown

Co-Sponsorship Request Application

Project Description (maximum 250 words)

The CCR consultation will address issues affecting refugees and other vulnerable groups of migrants, and newcomer settlement. The purpose of the consultation is to offer a space for organizations and individuals involved in the protection and resettlement of refugees and the provision of services to newcomers to come together from across Canada to network, share information and learn from each other, to identify emerging issues, and to develop strategies to address the pressing issues affecting refugees and immigrants in Canada and abroad.

The consultation is a 3 day event, involving approximately 30 sessions: workshops, plenary sessions, working group meetings and caucus sessions. The consultation format allows participants to learn about developments in particular areas of concern, and actively contribute to discussions and action items.

The objectives are to:

- Increase understanding of current issues affecting refugees, trafficked persons, migrant workers, newcomer youth, and others, in light of recent policy and legislative changes.
- Enhance service delivery to refugees and immigrants in Saskatchewan and across Canada.
- Identify gaps in services and protections, especially for vulnerable newcomers.
- Facilitate networking and information-sharing between refugee and immigrant serving organizations across provinces and regions.
- Promote communication and the development of partnerships across sectors by bringing together diverse participants from many sectors, including health, education and youth protection.
- Facilitate sharing across the country of tools and resources including new research regarding the protection, settlement and integration of newcomers in Canada.
- Provide a forum for refugee and immigrant serving organizations to hear from and dialogue with provincial and federal government officials.
- Provide relevant and timely professional development and training for staff of refugee and immigrant serving organizations.
- Develop specific strategies to address identified emerging needs.

What opportunities are there for a Cultural Diversity and Race Relations Committee Member(s) to be on the organizing committee (if you have one) for the event and what other participation opportunities are there for the Committee?

One of the members of the Local Organizing Committee (LOC) is April Sora who works for the City of Saskatoon as Community Consultant on Immigration. Participation by a Cultural Diversity and Race Relations Committee Member and feedback on the best ways to promote participation are welcome. In addition, participation in the consultation is open to as all interested in refugee issues, the CDRR committee could encourage its members to register to attend. Registration fee is applicable.

Co-Sponsorship Request Application

What community impact are you hoping to achieve through this event?

The ultimate goal of the consultation is to provide better protection and support to refugees and immigrants in Saskatoon and in other communities across Canada through well informed service providers and by identifying gaps in immigration policies.

Those directly impacted by the consultation will be representatives of the newcomer settlement sector, organizations involved in protecting and resettling refugees, and migrant rights organizations. The ultimate beneficiaries will be a much larger group of refugees, immigrants and other migrants whose settlement and integration in Saskatoon and in the rest of Canada will be facilitated, and whose rights will be more effectively protected. The consultation will highlight particularly those newcomers who are vulnerable, face discrimination and/or have had a refugee experience.

Due to the location, a large proportion of consultation participants will be from Saskatoon and surrounding areas. This will result in considerable benefit to the city's immigrant and refugee serving organizations, at a time when Canada's immigration landscape is changing rapidly, and information sharing in the sector and across sectors is crucial.

CCR consultations are an important opportunity for exchange of information and best practices across regions, and for networking on emerging needs and the changing context between sectors, including government immigration, health and education agencies, youth protection sectors, and immigrant and refugee serving organizations.

Who is your target audience?

Consultation participants include refugees and immigrants, representatives of NGOs, officials from municipal, provincial and federal governments (including Immigration, Refugees and Citizenship Canada, Canada Border Services Agency and the Immigration and Refugee Board), the United Nations High Commissioner for Refugees (UNHCR), newcomer youth, youth advocates, community workers, settlement service providers, lawyers, and academics.

What are the themes and focuses for the event?

The theme of the Consultation is *Refugees Welcome Here, Awareness, Advocacy and Action*. This theme builds on an existing campaign that seeks to build on the recent resurgence in refugee protection in Canada, with the outpouring of warmth and hospitality towards Syrian refugees demonstrated by countless Canadians. It seeks to stress the importance of creating more welcoming communities through collaboration and awareness, to ensure more fairness for refugees and newcomers in Canada.

In view of increasing challenges for refugees and immigrants globally, there is great need for opportunities for organizations and individuals concerned about refugee and immigrant issues to come together to learn from each other, hear about innovative responses to challenges taking place in different regions and useful resources that can be shared, and to work towards

Co-Sponsorship Request Application

policies and practices that are welcoming and fair to refugees and immigrants. Canada is also seeing renewed opportunities to regain our leadership in the world in our response to refugees.

This is a crucial time to be holding a national meeting on these issues. The recent arrival of Syrian refugees and the current refugee crisis in particular calls for urgent collaborative efforts across sectors to improve Canada's response to individuals and families in need of protection. By hosting a national consultation, the city of Saskatoon and the province of Saskatchewan will have the opportunity to profile local initiatives and successes and learn from specialists from other regions. The location also ensures that service providers and other participants from surrounding provinces will have privileged access to the Consultation because of proximity. The support of the City would facilitate these opportunities.

The following topics will be addressed through workshops at the Spring Consultation:

- Interfaces between newcomers and indigenous peoples
- Syrian arrivals: lessons learned
- Torture: protection issues
- Refugees welcome here: promoting public support for refugees
- Networking session between the settlement sector and private sponsors
- Issues affecting trafficked persons in Canada
- Media representation of refugee and immigrant youth
- · Mental health issues for refugees and immigrants
- Family support services
- Refugees coming to Canada: who is coming, who's not?
- Reforming the refugee determination system
- Training on privacy and professional ethics
- Poverty and homelessness
- New challenges and opportunities in resettlement to Canada
- The best interest of the child
- Strategy session on migrant workers (closed to government)

We are also pleased to confirm that the Minister of Immigration, Refugees and Citizenship, John McCallum, will be participating in the Consultation.

How many people do you anticipate will participate in your event?

CCR Consultations typically bring together between 300 and 500 people from across Canada.

Co-Sponsorship Request Application

How are you promoting the event to the broader community?

Promotion is carried out nationally and locally. We put special focus on promoting refugee and youth participation, as well as promoting the consultation to other special interest groups who will be especially interested in certain sessions, such as refugee-and immigrant-serving organizations (including settlement groups), labour groups, groups of lawyers, and private sponsorship groups, among others.

Nationally, electronic announcements are sent out to the CCR listserve (more than 1,100 subscribers across Canada) that includes the CCR website link for the Consultation pamphlet and registration form.

The Local Organizing Committee is also promoting the event locally and regionally to: refugee- and immigrant-serving organizations and associations of refugee and immigrant communities, youth groups, university and college students, academics, and other sectors that serve or have an interest in refugees and immigrants, such as school boards and teachers, health care providers, unions, faith communities, anti-poverty groups, and others. The LOC is also looking to promote the issues to be discussed at the Consultation via media relations.

Other Potential Sources of Revenue	 Consultation registration fees Local workshop sponsors Saskatchewan government, Ministry of the Economy (\$15,000 has been requested) Donations Other fundraising efforts

What other groups or partners will your project involve and how will they be involved?

Responsibility for the logistics of the Consultation is shared between the CCR office (based in Montreal) and SAISIA in Saskatoon, who is coordinating the Consultation Local Organizing Committee. The Local Organizing Committee is made up of a CCR member organization and local partners. It plays a leading role in engaging local organizations and sectors concerned with these issues, and in ensuring that the consultation address issues of concern to refugees, immigrants and the settlement sector in Saskatoon.

This model has been successfully followed for every CCR National Consultation held twice a year for more than 35 years.

In addition, volunteers from the CCR's membership are responsible for organizing the workshops. They will contribute their expertise and contacts to plan the workshops and identify speakers. The CCR counts on a vibrant national network of over 170 member organizations involved in the settlement, sponsorship and protection of refugees and immigrants.

How will you acknowledge the City of Saskatoon Cultural Diversity and Race Relations Committee as a co-sponsor of your event?

If funding is received from the City, the CCR will:

- Acknowledge the City's support on the CCR website.
- Acknowledge the City's support in the written material in participant conference kits.
- Acknowledge the City's support orally at the opening plenary. There is also an
 opportunity for a representative from the City to give some words of welcome or make

Project Name: Celebration of International Mother Language day 2016

Project Date: February 21st, 2016

Project Location: St. Paul's United Church, 454 Egbert Ave, Saskatoon, SK

What community outcomes and impact were you hoping to achieve through this event? Explain how these were achieved.

The program is for celebrating International Mother language Day. International Mother Language Day was proclaimed by the General Conference of the United Nations Educational, Scientific and Cultural Organization (UNESCO) in November 1999 (30C/62).

The date represents the day in February 21, 1952 when students demonstrating for recognition of Bengali people language Bangla, as one of the two national languages of the Pakistan, were shot and killed by police in Dhaka, the capital of what is now Bangladesh.

Languages are the most powerful instruments of preserving and developing our tangible and intangible heritage. All moves to promote the dissemination of mother tongues will serve not only to encourage linguistic diversity and multilingual education but also to develop fuller awareness of linguistic and cultural traditions throughout the world and to inspire solidarity based on understanding, tolerance and dialogue.

Mother language is very special for all community. In our international mother language day event we invited different linguistic people in Saskatoon to perform something at their own language at our event. We are proud to inform you that this year China, Nepal, Russia came forward to participate at our event. Different organizations from Bangladeshi community like Bangladeshi Community Association, Bangladeshi Student Association, Bangladeshi Undergraduate Student Federation, Saskatoon Bangla School, and Saskatoon Bangla Academy also participated in the event and performed there. Our target was to have different linguistic people presence in same stage and allow them to represent their culture at their own mother language. Having the presence of different organizations and different cultures representations as well as performance at our event we have achieved our goal.

How many attended your event?
Total around 400 people came from different linguistic people of Saskatoon.

Did you reach your target audience? How did you accomplish this?

Our target audience was 400. Yes we reached our target. We announced our event news through our community group email. We prepared poster for our event and posted that in common places like grocery shop, university residence news bulletin etc. We spread the invitation though community Facebook page, student Facebook page etc. We have also sent invitation to Bangladeshi Student Association, Bangladeshi Undergraduate Student federation, Saskatoon Bangla school, Saskatoon Bangla Academy and sent invitation to different linguistic people in Saskatoon. In response to our invitation China, Nepal, Russia and different community organizations of Saskatoon attended at our event.

How did you promote your event to the broader community?

Bangladeshi Community Association of Saskatchewan has been participating in Folkfest very enthusiastically and playing a significant role since 2011. It has presented several colourful, eyecatching cultural programs and displays during Folkfest 2014 and folfest 2015. We have very good understanding and well communication with other 20 community members those who participate in Folkfest each year. We will communicate and invite to the other community through our common e-mail and talk to over phone.

How was the Cultural Diversity and Race Relations Committee involved in your event?

Languages are the most powerful instruments of preserving and developing our tangible and intangible heritage. The international mother language day celebration is the best event to communicate and exchange the culture, custom, tradition as well as understand the importance mother language. At our event cultural diversity and race relations committee members were cordially invited and they gave speech about their activities, objectives and goals.

What other groups or organizations were involved in your project?

Russian, china, Nepal performers joined in the event and represent their culture at our event by performing their traditional song, dance and by playing instruments.

Also following organizations participated and performed at our event: Bangladeshi Community Association, Bangladeshi Student Association, Bangladeshi Undergraduate Student Federation, Saskatoon Bangla School, Saskatoon Bangla Academy, Bungler Gan o Kotha.
