

Bed & Breakfast Homes Development Standards (cont'd)

Building Code Requirements

In order to verify compliance with safety standards, a special inspection will be required from Building Standards. The special inspection will identify upgrades that may be required by the National Building Code and will require a Building Permit. Prospective operators of Bed and Breakfast Homes should contact Building Standards at 306-975-2645 during the preparation of their business plan in order to be fully aware of all inspections, upgrades, and approvals for their property prior to applying for a Discretionary Use approval.

Discretionary Use Application

To apply for approval of a Bed & Breakfast Home in your residence, you must file a Discretionary Use Application for consideration by City Council.

Licensing

Upon approval by City Council, a business license will be required from the City of Saskatoon to operate a Bed and Breakfast Home.

Bed and Breakfast Homes are also inspected and licensed by the Safe Communities Department, Public Health Services. These homes must meet the requirements of the Saskatchewan Public Accommodation Regulations including the approval of a detailed floor plan. If you are interested in operating a Bed and Breakfast Home, please contact a Public Health inspector at 306-655-4605 during the preparation of your business plan.
