How long is an adult services license valid and how is it renewed?

A business license is valid for one year from the date it is issued and is non-transferable. The expiration date is noted on the business license and/or license ID. Annual renewal forms are mailed approximately six weeks prior to the business license expiring. Renewal notices are to be returned (before the expiration date) with all applicable changes noted on the form and the appropriate fee. An application received after the expiration date shall be processed as a new application and the initial license fees apply.

NOTE: An application for renewal must include all the same information required for an initial license.
