Procedures & Requirements for

Commercial Business License

Commercial Business License

The City of Saskatoon Business License Bylaw requires that all businesses operating from a permanent commercial property in the City of Saskatoon, obtain a business license prior to starting operations. A business license is non-transferable and is only valid for the location specified on the license.

What is the purpose of a business license?

Business licenses are required for the following reasons:

- to assist with safe and orderly commercial, industrial and institutional development
- to ensure compliance with land-use and building regulations
- to gather land-use information and business statistics which contribute to future development policies
- to guide planning decision making processes

Standards to consider before starting your business:

Zoning Designation

Prior to finalizing the location of your business, you should contact Planning & Development to determine that the Zoning or land use designation permits your proposed use. For more information contact the Development Review Section at 306-975-7889.

Building Permit

Building permits are required for:

- all new construction
- structural changes to existing buildings
- change of occupancy or use of an existing building, etc

Prior to selecting a structure for your business, contact Building Standards for information regarding building permit requirements at 306-975-2645.

Parking, Landscaping & Sign Regulations

To determine if any other regulations may apply, please contact a Bylaw Inspector at 306-975-2645.

How long is a business license valid and how is it renewed?

A business license is valid for one year from the date it is issued. The expiration date is noted on the business license. Annual renewal forms are mailed approximately six weeks prior to the business license expiring. Renewal notices are to be returned with all applicable changes noted on the form with the appropriate fee. If the business relocates to a new site or structure the renewal fee is \$125. All other renewals are \$85. There is no charge to file a Change of Business Ownership or Business Name.
