

# King George Local Area Plan Implementation Summary

Neighbourhood: King George

Sub Neighbourhood: - All -

Primary Subject: - All -

Department: - All -

Branch: - All -

Section: - All -

Status: - All -

Primary Subject /		Recommendation	Status	% Complete	Summary Notes
#	Name				
Neighbourhood: King George		Secondary Subject:	Sub Neighbourhood:		
Neighbourhood Safety - Safety Audit		That the Planning and Development Branch, Community Services Department, in cooperation with the King George Community Association, advise the King George School of the benefits of adding a second exit to the school's rink in either the south-west or south-east corner to provide an escape route.	Completed	100%	The King George Community Association operates the rink, and not the King George School, as was identified in the recommendation. Neighbourhood Planning and Community Development have reviewed the benefits of installing a second entrance to the rink with the Community Association; and Neighbourhood Safety provided the Community Association with a letter outlining the benefits of a second entrance to the rink in April of 2015.
6.8.1	Rink Entrances				
Neighbourhood: King George		Secondary Subject: CPTED - Access Control	Sub Neighbourhood:		
Neighbourhood Safety - Safety Audit		That the Planning and Development Branch, Community Services Department and the King George Community Association write a letter to the Saskatoon Public School Division and the King George School in support of painting the fence posts at each of the entrances to the King George School grounds a bright colour. This will ensure that they are easily recognized as points of entrance/exit for users.	Completed	100 %	A letter was sent to the Saskatoon Public School Board and King George School identifying the community's desire to have the fence posts painted at all accesses to the school yards and to have the south access to the school ground closed. The King George Community Association President was invited to review the letter and sign on the Associations behalf prior to mailout. It was noted that the school has already approved the painting of the fence posts at all accesses and will be moving forward with this in the Spring/Summer months of 2010.
6.3.1	School Grounds Entrances				
Neighbourhood Safety - Safety Audit		That the Planning and Development Branch, Community Services Department and the King George Community Association write a letter to the Saskatoon Public School Division and the King George School to support the closure of the entrance to the school grounds fencing on the south side to encourage students to use the sidewalks, as opposed to the lane, as safe routes to and from school.	Completed	100 %	A letter was sent to the Saskatoon Public School Board and King George School identifying the community's desire to have the fence posts painted at all accesses to the school yards and to have the south access to the school ground closed. The King George Community Association President was invited to review the letter and sign on the Associations behalf prior to mailout.
6.3.2	Close South School Grounds Entrance				
Neighbourhood Safety - Safety Audit		That the Leisure Services Branch, Community Services Department design and install a gateway welcoming people into Victoria Park, in general, and to the Victoria Park SkatePark. This gateway should include steps or a ramp to cross the retaining wall that is located between the skatepark and Spadina Crescent to allow users easier access to the skatepark. This should be done in conjunction with the Victoria Park Master Plan which is slated for late 2009 or early 2010.	Completed	100 %	On April 11, 2018 Neighbourhood Safety attended a King George Community Association Meeting to update Community members that due to budgetary constraints, the safety component of the Victoria Park Master Plan were not included in the park upgrade as planned. Upon considering various factors such as the two other formal paths accessing the skate park and assessing the overall desire for a gateway in Victoria Park, the Community Association voted on this recommendation and the decision was made to close this recommendation.
6.3.3	SkatePark Gateway				
Neighbourhood Safety - Safety Audit		That the Animal Services Program Coordinator, Corporate Services Department review the dog bylaw signage throughout Victoria Park and communicate the results and recommendations of this review and of the dog bag dispenser pilot program to the Planning and Development Branch, Community Services Department and the Leisure Services Branch, Community Services Department for incorporation into the Victoria Park Master Plan.	Completed	100 %	The Victoria Park Master Plan has been approved and is being implemented. The dog bylaw signage was reviewed by Recreation and Sport, and additional signage was added in the north end of the park in May of 2019. One was located in the Spadina entrance and the other at the junction of Avenue D. It was also determined that the dog bag dispenser program would not be feasible to conduct in all 200 city parks, and that the program would instead focus on the six dog parks in Saskatoon.
6.7.1	Dog Bylaw Signage				
Neighbourhood: King George		Secondary Subject: CPTED - Activity Support	Sub Neighbourhood:		

Primary Subject /			Status	% Complete	Summary Notes
#	Name	Recommendation			
Neighbourhood: King George			Secondary Subject: CPTED - Activity Support		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	The City Gardener's Site was designated as a Municipal Heritage Property in 2014. Salvaged blocks from the original garden shed were used to build three raised garden beds which are located within the footprint of the original shed. The main floor plan of the house and rooms were replicated on the ground, using salvaged blocks to delineate walls. A concrete pad and stairs outline where the old veranda and steps were located, and trails through the site mark the old driveways.. This will assist with activity support in the area and creating a sense of place. Parks has advised that plantings have been added, and oversized deck chairs have been added to give the area a sense of place. This supports the objective of making the area an appealing photography destination.
6.7.2	Gardener's Residence Site	That Leisure Services, Community Services Department, examine the possibility of developing part of the Gardener's Residence green space as a destination for special event photography and gatherings through the Victoria Park Master Plan.			
Neighbourhood Safety - Safety Audit			Completed	100 %	A copy of the Final Report was forwarded to Leisure Services Branch, Community Services and Parks Branch, Infrastructure Services Oct 29, 2010 along with any relevant surveys for reference in the Victoria Park Master Plan.
6.7.3	Victoria Park & Gardener's Residence Site	That the Neighbourhood Planning Section ensure that a copy of this report and summaries of all relevant surveys be forwarded to the Leisure Services Branch, Community Services Department and the Parks Branch, Infrastructure Services Department for inclusion in the plans for upgrading Victoria Park and revising the Victoria Park Program.			
Neighbourhood Safety - Safety Audit			Completed	100 %	Picnic table in St. Andrews was installed in November 2016 and features a plaque dedicating the table to the former King George Community Association newsletter editor.
6.7.4	St. Andrew's Park	That the Planning and Development Branch, Community Services Department meet with the Parks Branch, Infrastructure Services Department and the King George Community Association, to review the number and location of picnic tables and benches throughout St. Andrew's Park to identify whether more are needed to encourage the park as a destination point for local residents.			
Neighbourhood Safety - Safety Audit			Completed	100 %	St. Andrew's Park had been in que for a playground upgrade under the Play Structure Upgrade and Replacement Program for a number of years. Construction on the playground occurred in late Summer of 2017. A play structure more suitable for for the 10 - 14 year old age group now exists on the site. The project was completed in conjunction with the King George Community Association.
6.7.5	St. Andrew's Park Playground Equipment	That the Community Development Branch, Community Services Department meet with the King George Community Association to address the recreation need identified by the neighbourhood's youth for playground equipment in St. Andrew's Park for older youth (10-14 years).			
Neighbourhood: King George			Secondary Subject: CPTED - Community Culture		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	The mural was unveiled in St. Andrew's Park as part of Culture Days on Friday, September 26, 2014. Students at King George School paraded from the school to St. Andrew's Park where entertainment was provided. Neighbourhood Planning recorded the event, including an interview with the artist explaining the symbolism of the mural and the process of working with the students to create it. The footage will be used to create a video record of the event.
6.10.1	Public Art Program	That the Planning and Development and Community Development Branches, Community Services Department meet with the King George Community Association to help them establish a mural or public art program for facilities and structures in the neighbourhood, such as the rink boards on the school grounds.			
Neighbourhood Safety - Safety Audit			Started	75 %	The King George School Alumni in 2012 held a 100 anniversary celebration that raised funding for a school sign that would hold a notice board insert. The Community Association was involved in this and the sign has been installed in the front school grounds. The side posts are being finished with brickwork to match the heritage nature of the school. The CA has been contacted and they are interested in adding a historical/cultural plaque when the brickwork around the sign is being installed.
6.10.2	Cultural / Historical Signage	That the King George Community Association, in consultation with the Planning and Development Branch, Community Services Department, organize a meeting with the Saskatoon Public Schools Division and the King George School administration to discuss the addition of signage on the school grounds that recognizes the heritage, diversity and history of the school and community.			
					The intention is to add cultural historical panels to the neighbourhood sign in the future. However, the community has indicated that this is a lower priority as there are other higher priority fundraising activities to do.
					Neighbourhood Safety consulted the King George Community Association in 2018 regarding the Community Association's implementation priorities. This recommendation was determined not to be a top priority at the time, and will be revisited in the future.
Neighbourhood: King George			Secondary Subject: CPTED - Conflicting User Groups		Sub Neighbourhood:

Primary Subject /			Status	% Complete	Summary Notes
#	Name	Recommendation			
Neighbourhood: King George			Secondary Subject: CPTED - Conflicting User Groups		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	Signage encouraging users to respect other users and advising users of Skatepark etiquette, maintenance contact information, and hours of operation were installed by the Community Development Section, Community Services Department in Summer of 2010.
6.5.1	SkatePark Signage	That Leisure Services Branch, Community Services Department place highly visible signage at the Victoria Park SkatePark to: (a) encourage respect for other users, (b) help keep the area clear of litter, and (c) inform new users of basic SkatePark etiquette.			
Neighbourhood: King George			Secondary Subject: CPTED - Connectivity		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	Neighbourhood Safety discussed this recommendation during the April 11, 2018 Community Association meeting. After various attempts at this recommendation, the Community Association determined to not pursue additional programming at this location as most Community Association events occur at the King George Schoolyard because of amenities available at the site such as tables, chairs, electricity, and shelter in the case of inclement weather.
6.11.1	Community Programming	That the Community Development Branch, Community Services Department and the King George Community Association establish additional community programming and activities in St. Andrew's Park, such as festivals, horse shoes, or a games table to encourage more community activity in the park.			
Neighbourhood Safety - Safety Audit			Completed	100 %	The Neighbourhood Planning Section provides regular updates indicating the status of related Local Area Plan and Safety Audit recommendations to the King George Community Association.
6.11.2	Maintain Neighbourhood Safety Connection	That the Planning and Development Branch, Community Services Department, report annually to the King George Community Association on the status of the King George Neighbourhood Safety Report recommendations in conjunction with the annual Local Area Planning status report.			
Neighbourhood: King George			Secondary Subject: CPTED - Crime Generators		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	The Facilities Branch, Infrastructure Services Department worked with other Civic Departments to address the issues set forth in the recommendation. The dense trees and shrubs that surrounded the site were trimmed and/or removed and any unnecessary fencing surrounding the site has been removed, creating clearer sight lines and reducing the number of entrapment areas on the site.
6.6.1	Gardener's Residence Fencing	That the Facilities Branch, Infrastructure Services Department, in consultation with Leisure Services Branch, Community Services Department, remove any unnecessary fencing around the Gardener's Residence site to reduce the danger of current entrapment areas. This should be done in conjunction with the Victoria Park Master Plan which is slated for late 2009 or early 2010.			
Neighbourhood: King George			Secondary Subject: CPTED - Image		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	A letter was sent (Nov 1, 2010) to the Community Association identifying the recommendation and accompanied by a list of several funding agents and other possible options for funding. This included an agent that, upon previous contact from the Neighbourhood Planning section, declared the Mural Artwork to be a good candidate for funding in the future.
6.4.1	Mural Artwork	That the Planning and Development Branch, Community Services Department write a letter to the King George Community Association and the King George School advising them of the benefits of discouraging graffiti vandalism by adding more mural artwork, created by students, on the King George School, its grounds and on the rink boards and that the letter include examples of funding options.			
Neighbourhood Safety - Safety Audit			TBD	50 %	Administration has been in contact with the Community Consultant for the neighbourhood and the Riversdale Badminton & Tennis Club Board in regards to the possibility of a mural. The newly elected board (2018) is open to the possibility of a mural, but funding for the project would have to be allocated through the Community Association or the Neighbourhood Safety budget.
6.4.2	6.4.2 Skate Park Mural on Riverside Wall	That Leisure Services Branch, Community Services Department meet with the Riverside Badminton and Tennis Club, the King George Community Association, and the Victoria Park SkatePark users to discuss the possibility of the creation of a skatepark-themed mural on the north-west corner wall of the tennis courts to cover the existing graffiti vandalism on the wall. This should be done in conjunction with the Victoria Park Master Plan which is slated for late 2009 or early 2010.			
Neighbourhood Safety - Safety Audit			Completed	100 %	The Community Development Branch installed additional garbage cans in Victoria Park in 2011.
6.4.3	Litter	That Facilities Branch, Infrastructure Services Department place additional garbage cans in and around the Victoria Park SkatePark to decrease the amount of litter in the area and ensure that emptying schedules match high usage times.			
Neighbourhood Safety - Safety Audit			Completed	100 %	The Facilities Superintendent of Utilities and Environment identified that their contracted painter had completed this task in the Summer/Fall of 2010.
6.4.4	St. Andrew's Park Playground	That Facilities Branch, Infrastructure Services Department re-paint the playground equipment located in St. Andrew's Park to assist in properly maintaining the equipment, making it welcoming to users and reducing negative perceptions of the park.

#	Name	Recommendation			
Neighbourhood: King George			Secondary Subject: CPTED - Image		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100%	The mural was unveiled in St. Andrew's Park as part of Culture Days on September 26, 2014. Students at King George School paraded from the school to St. Andrew's Park where entertainment was provided. Neighbourhood Planning recorded the event, including an interview with the artist explaining the symbolism of the mural and the process of working with the students to create it. The footage will be used to create a video record of the event.
6.4.5	St. Andrew's Park Mural	That the Community Development Branch, Community Services Department meet with King George Community Association and the neighbourhood youth to examine the feasibility of creating a mural on the walls of the St. Andrew's Park paddling pool to celebrate the neighbourhood and its young people, and encourage ownership and respect of the park amongst users.			
Neighbourhood: King George			Secondary Subject: CPTED - Natural Surveillance		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	A site visit was conducted with Parks to identify trees that needed to be trimmed to increase sightlines. A cluster of trees in the northeast corner of the tennis court was identified. Lower branches are to be trimmed in this area. This work was completed in August 2014.
6.1.1	Tree Trimming	That the Parks Branch, Infrastructure Services Department identify and potentially trim and/or remove trees on the north-east corner of the tennis courts, near the Victoria Park SkatePark, to increase natural surveillance and reduce hiding places in the area. This should be done in conjunction with the Victoria Park Master Plan which is slated for late 2009 or early 2010.			
Neighbourhood Safety - Safety Audit			Completed	100 %	The President of the King George Community Association, with assistance from the property owners, went through the house and garage to clean up the properties in 2010. They have attended to the trimming and pruning of the trees and shrubs as well. Fire and Protective Services donated dumpster service to the property to attend to the clean up and waste removal efforts. The president ensured that property maintenance will be ongoing for the properties and that he was hopeful that redevelopment of these sites will remain consistent with the current zoning for single detached homes.
6.1.2	Avenue N Properties	That Fire and Protective Services advise property owners of the vacant lots located on the west side of 800 block of Avenue N, across from St. Andrew's Park, to clear or trim overgrown trees and bushes and to remove or maintain sheds that may be a hazard.			
Neighbourhood: King George			Secondary Subject: CPTED - Neighbourhood Cohesion		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	300 copies of the Safe at Home booklet were couriered to the King George Community Association President along with a letter identifying the recommendation that pertains to this delivery on October 18, 2010. The Community Association was also made aware of how to direct people to our website to find the electronic version of this booklet and that copies should be made available at a convenient neighbourhood location of their choice.
6.9.1	Safe At Home Booklet	That the Planning and Development Branch, Community Services Department ensure that the King George Community Association receive copies of the "Safe at Home" booklet and that the booklet be advertised in the Community newsletter and available to residents at a convenient neighbourhood location.			
Neighbourhood Safety - Safety Audit			Completed	100 %	200 copies of the Property Maintenance brochure were couriered to the King George Community Association President on Oct 18, 2010 for distribution to the residents of King George before the annual Community Clean-up. The recommendation that pertains to this request was identified along with a description of what the brochure entails.
6.9.2	Property Maintenance Brochure	That the King George Community Association distribute copies of the Property Maintenance brochure to residents, in advance of and in conjunction with the annual Community Clean Up, to reinforce and expand the community's knowledge of proper waste disposal and recycling processes.			
Neighbourhood: King George			Secondary Subject: CPTED - Territoriality		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	Meewasin Valley Authority installed new park signage in Victoria Park in the Summer of 2012. The signage includes a trail map and a location map with multiple points of reference including nearby amenities and park features.
6.2.1	Way-finding Signage	That Leisure Services Branch, Community Services Department place large way-finding signage in the Victoria Park SkatePark, along Spadina Crescent and on the Meewasin Trail. These signs should indicate direction to nearby attractions and include who to call in cases of emergency or for maintenance issues. This should be done in conjunction with the Victoria Park Master Plan which is slated for late 2009 or early 2010.			
Neighbourhood Safety - Safety Audit			Completed	100 %	The new sign for St. Andrew's Park was installed October 2013.
6.2.2	St. Andrew's Park Sign	That Community Development Branch, Community Services Department advise the King George Community Association of possible funding sources to install a St. Andrew's Park sign on the south-east corner of the park to clearly identify the park.			
Neighbourhood: King George			Secondary Subject: General		Sub Neighbourhood:

#	Name	Recommendation			
Neighbourhood: King George			Secondary Subject: General		Sub Neighbourhood:
Neighbourhood Safety - Safety Audit			Completed	100 %	There have been changes to the Local Area Planning process and the implementation of Neighbourhood Safety recommendations since this recommendation was made. There is now an additional dedicated planner to work on the implementation of Neighbourhood Safety recommendations as well as identified monies for Neighbourhood Safety recommendations. Additionally, the corporate budget process has changed. These changes impact this recommendation and make it redundant.
6.12.1	Coordination of Implementation Budgets	That the Neighbourhood Planning Section contact all identified departments to coordinate the estimated operating and/or capital budget costs and submit a comprehensive Neighbourhood Safety budget request to City Council for funding and implementing these recommendations once the report has been approved.			Neighbourhood Planning, Planning and Development Department, is of the opinion that the current budgeting process facilitates the flexibility and responsiveness needed to complete neighbourhood safety recommendations, particularly in light of a dedicated staff to carry them out.
Neighbourhood: King George			Secondary Subject: LAP		Sub Neighbourhood:
Land Use (Residential)			Completed	100 %	Completed in June 2001 when City Council adopted the King George LAP.
1.1	New Land Use Policy Map	That City Council adopt the attached King George Land Use Policy Map and amend the City of Saskatoon Development Plan Bylaw No. 7799 to include the King George Land Use Policy Map; and that there be no change to the existing zoning pattern in the King George neighbourhood.			
Land Use (Residential)			Completed	100 %	The infill regulations for primary dwellings in Established Neighbourhoods, set out in the Zoning Bylaw, 2009 (Zoning Bylaw), were adopted by City Council on March 23, 2015. Regulations are based on recommendations contained in the Neighbourhood Infill Development Strategy, which outlined best practices, design guidelines, design flexibility and ways to minimize the impact of new dwellings on neighbouring residents.
1.2 (a)	Report to SHAC on setbacks, innovative infill, levies	That the Community Services Department, City Planning Branch review and report to the Saskatoon Housing Advisory Committee on policies and initiatives that affect the viability of infill development, including: the frontage and set back requirements for narrow lots; servicing costs and levies as applied to redevelopment; the potential role of the City in facilitating the provision of land targeted to innovative and affordable infill development.			As part of the Comprehensive Zoning Bylaw Review Project (Zoning Bylaw Project), the City is reviewing regulations for the development of new one- and two-unit and semi-detached homes in Saskatoon's established neighbourhoods and is expected to provide updates on this process in 2022.
Land Use (Residential)			Completed	100 %	The Future Growth Section, Planning & Development Branch, held a public meeting on March 14, 2013. The meeting included a presentation of the key principles and draft recommendations proposed for the Neighbourhood Level Infill Development Strategy, followed by a question and discussion forum.
1.2 (b)	Report to SHAC on voluntary design guidelines for infill	That the Community Services Department, City Planning Branch review and assist the establishment of voluntary guidelines and possible incentives to encourage property owners to respect and reinforce the character of the King George neighbourhood when developing or redeveloping housing.			The infill regulations for primary dwellings in Established Neighbourhoods, set out in the Zoning Bylaw, 2009 (Zoning Bylaw), were adopted by City Council on March 23, 2015. Regulations are based on recommendations contained in the Neighbourhood Infill Development Strategy, which outlined best practices, design guidelines, design flexibility and ways to minimize the impact of new dwellings on neighbouring residents.

Neighbourhood: King George			Secondary Subject: LAP		Sub Neighbourhood:
Land Use (Residential)	1.3 (a) Promote property maintenance	That the King George Community and School Association, the Community Services Department and the Fire and Protective Services Department take a lead role to promote neighbourhood cooperation and understanding of property maintenance standards in King George.	Completed	100 %	<p>Property Maintenance Bylaw 8175 was updated in 2003. On March 10, 2004 the Community Association was given information on bylaw.</p> <p>The Safety and Property Maintenance hotline was established (975-2828) for residents to report on health, safety and maintenance issues in the neighbourhood. Any concerns regarding property maintenance and resolving issues can be directed to the hotline or to the online "Report a Bylaw Infraction" form on the City website: <a href="https://www.saskatoon.ca/webform/report-bylaw-infraction">https://www.saskatoon.ca/webform/report-bylaw-infraction</a></p> <p>The City of Saskatoon created a "Good Neighbour Guide" in 2021 which provides an overview of Saskatoon's bylaws, standards and regulations to help everyone do their part to keep neighbourhoods and the city safe, clean and beautiful.</p> <p>It is available at: <a href="https://www.saskatoon.ca/services-residents/housing-property/good-neighbour-guide">https://www.saskatoon.ca/services-residents/housing-property/good-neighbour-guide</a></p>
Land Use (Residential)	1.3 (b) Options to monitor and report on housing conditions	That the Community Services Department, City Planning Branch submit a report to the Saskatoon Housing Advisory Committee that identifies options to monitor and report on housing conditions over time in Saskatoon's core neighbourhoods.	Completed	100 %	<p>The State of Saskatoon Housing Indicators System Implementation Report was created in 2004. It is a system to report on the status of housing needs and conditions in Saskatoon.</p> <p>The City of Saskatoon then created the the Growth Monitoring Report to report these statistics. The Growth Monitoring Report is an annual report that provides information on residential, commercial, and industrial development in Saskatoon, as well as several other growth-related indicators for the city. This report includes general demographic changes and statistical information on how the city is growing, as well as specific information on planned servicing of residential, commercial, and industrial lands, and information on potential infill projects in the city. The 2021 Growth Monitoring report is available at: <a href="https://www.saskatoon.ca/sites/default/files/documents/community-services/planning-development/research/miscellaneous/2021_growth_monitoring_report.pdf">https://www.saskatoon.ca/sites/default/files/documents/community-services/planning-development/research/miscellaneous/2021_growth_monitoring_report.pdf</a></p>
Land Use (Residential)	1.3 (c) Resolve property maintenance through mediation	That the Fire and Protective Services Department and Saskatoon Police Services, in consultation with the King George Community and School Association, work together to identify opportunities to resolve property maintenance issues through mediation in the King George neighbourhood.	Completed	100 %	<p>Property Maintenance Bylaw 8175 was updated in 2003. On March 10, 2004 the Community Association was given information on bylaw.</p> <p>The Safety and Property Maintenance hotline was established (975-2828) for residents to report on health, safety and maintenance issues in the neighbourhood. The King George Community and School Association have been given information on hotline. Any concerns regarding property maintenance and resolving issues can be directed to the hotline or to the online "Report a Bylaw Infraction" form on the City website: <a href="https://www.saskatoon.ca/webform/report-bylaw-infraction">https://www.saskatoon.ca/webform/report-bylaw-infraction</a></p> <p>The City of Saskatoon created a "Good Neighbour Guide" in 2021 which provides an overview of Saskatoon's bylaws, standards and regulations to help everyone do their part to keep neighbourhoods and the city safe, clean and beautiful.</p> <p>It is available at: <a href="https://www.saskatoon.ca/services-residents/housing-property/good-neighbour-guide">https://www.saskatoon.ca/services-residents/housing-property/good-neighbour-guide</a></p>
Land Use (Residential)	1.4 Promote Trash Tips Program	That the Utility Services Department, Environmental Compliance Branch, establish a working relationship with the residents of King George through the King George Community and School Association to promote the Trash Tips Program in the neighbourhood to help raise awareness, and enforce regulations prohibiting inappropriate solid waste disposal in the neighbourhood.	Completed	100 %	The Solid Waste Bylaw approved on May 3, 2004. There is no Trash Tips Program. Communication developed on the new waste bylaw was forwarded to the King George Community and School Association for inclusion in the community newsletter.

#	Name	Recommendation			
Neighbourhood: King George		Secondary Subject: LAP			Sub Neighbourhood:
	Land Use (Commercial/Industrial)				
2.1	West Industrial Local Area Plan	That the King George Local Area Planning Group be invited to participate during the public consultation process of the West Industrial Local Area Plan to ensure that their concerns regarding future industrial development as well as excess noise, dust, air, and visual pollution are addressed.	Completed	100 %	Highlights of the West Industrial Local Area Plan were presented to the King George Community Association and School on May 12, 2004 and members of the Local Area Planning Group were invited to the West Industrial Public Forum on June 8, 2004.
	Parks, Recreation & Open Space				
3.1	17th Street ROW -- Pedestrian Linkage	That City Council support, in principle, the purchase of the 17th Street right of way by the City of Saskatoon to serve as a pedestrian linkage and connective linkage and connective park between the King George neighbourhood and Victoria Park.	Completed	100 %	The 17th Street ROW was purchased and construction of the pedestrian linkage, running from Spadina Crescent to Avenue P, began in May 2007. The 17th Street Green Space and Pathway System was completed October 2007.
	Parks, Recreation & Open Space				
3.2	Alternative funding options to address park deficiency	"That the Community Services Department, Community Development Branch work with the King George Community and School Association to explore alternative funding options that can be used to meet the neighbourhood allocated park space requirements outlined in the Parks and Recreation Open Space policy and Park Development Guidelines and that the Community Development Branch work with the King George residents, through the King George Community and School Association, to create and identify innovative funding options to upgrade, beautify, and maintain existing park space."	Completed	100 %	The King George Community Association and School were provided with Park Enhancement/Park Upgrade information and alternative methods of fundraising by the Community Development Branch in June 2003.
	Parks, Recreation & Open Space				
3.3	Options for upgrading King George School site as park	That the Community Services Department, Community Development Branch facilitate discussion with the King George Community and School Association and the Saskatoon Public School Board to consider the feasibility of upgrading the King George Community School ground property as neighbourhood park space.	Started	50 %	An update from Community Development Branch, Neighbourhood Services section from Spring 2012 stated that King George is deficient 5.44 acres of neighbourhood park space, yet has access to 45 acres of park space in Victoria Park. This will be a long term project for consideration. There is currently no capital funding allocated.
	Neighbourhood Safety				
4.1	Conduct a CPTED safety audit in the neighbourhood	That the King George Community and School Association work with the Community Services Department, City Planning Branch and Community Development Branch to conduct a Safety Audit, using the principles of Crime Prevention Through Environmental Design (CPTED), on part or all of the neighbourhood to identify issues of concern to residents and that the King George Safety Audit Report be forwarded to the King George Community and School Association, the Safer City Committee and Saskatoon Police Services.	Completed	100 %	The King George Safety Audit Final Report was approved by City Council on November 30, 2009 and 2 copies were mailed to the King George Community Association and one copy to Saskatoon Police Services.
	Neighbourhood Safety				
4.2	Enhance working relationship with community on safety.	That the Community Services Department, City Planning Branch and Community Development Branch and Saskatoon Police Services enhance their working relationship with the King George Community and School Association to further identify, prioritize and address specific and potential safety concerns that arise during the King George Safety Audit.	Completed	100 %	The King George Safety Audit Final Report was approved on November 30, 2009 by City Council and addresses existing and perceived safety concerns and perceptions within the neighbourhood. Additional consultation was completed with the Community Association to determine how the Community Association would like to move forward with some of the outstanding Safety Audit recommendations. All Safety Audit recommendations were added to the Recommendation priority matrix and have been prioritized by that tool among all outstanding LAP and Safety Audit recommendations.
	Transportation, Circulation & Parking				
5.1	Traffic study of Ave H, Ave P, 17th Street, and 11th Street	That the Traffic Management Section initiate a traffic study for Avenue H, Avenue P South, 11th Street, and 17th Street to quantify the amount and type of speeding taking place. The results of the study as well as any recommendations should be forwarded to the King George Community and School Association.	Completed	100 %	Completed in Fall 2003. Results were forwarded to the King George Community and School Association and Saskatoon Police Services in August 2002. 17th Street was recommended to change from local roadway to a collector roadway. Speeding issues were also forwarded to Saskatoon Police Services for information and enforcement.
	Transportation, Circulation & Parking				
5.2	Traffic study of potential extension of Spadina West	That once the future development of the vacant A.L. Cole Site is known, the Traffic Management Section submit a report to the Planning and Operations Committee identifying projected traffic volumes and flows created from the potential extension of Spadina Crescent West. The results of the study as well as any recommendations should be forwarded to the King George Community and School Association.	Completed	100 %	City Council rejected the plan for extension by adopting the recommendation that a Right of Way extension not be allowed in the design of the Gathercole riverbank park and that 19th Street be improved as the linkage from east to west Spadina" on February 10, 2003. In 2005, City Council through River Landing Phase II approved the extension of Spadina Crescent West to Avenue A South.

#	Name	Recommendation			
Neighbourhood: King George			Secondary Subject: LAP		Sub Neighbourhood:
Transportation, Circulation & Parking			Completed	100 %	The study was completed in Spring 2003. No modifications were proposed. The report was forwarded to the King George Community and School Association.
5.3	Review intersections at Ave H and 16th Street	That the Traffic Management Section undertake a review of the intersection of Avenue H and 16th Street to quantify traffic volumes, collision rates, and traffic safety. The results of the study, as well as any recommendations, should be forwarded to the King George Community and School Association.			
Transportation, Circulation & Parking			Completed	100 %	The study was completed in Fall 2003 and was forwarded to the Kinge George Community and School Association. Two locations were recommended for signs - Avenue P and 11th Street and Avenue H and 17th Street.
5.4	Community Entry Point Signage	That the Traffic Management Section, in consultation with the Community Services Department, Urban Design Section submit a report to the Planning and Operations Committee outlining the feasibility and functionality of constructing community entry point signs that promote driver awareness and caution in the King George neighbourhood. The results of this study should be forwarded to the King George Community and School Association.			The 17th Street Green Linkage planned for the location of a potential neighbourhood entry sign at Avenue H and 17th Street, but did not include the construction of a sign.
Transportation, Circulation & Parking			Completed	100 %	An updated Truck Bylaw was passed by The Planning and Operations Committee on August 14, 2007, and City Council on September 4, 2007. An informational campaign and the phasing in of the new Truck Bylaw will occur over the fall and winter of 2007/2008.
5.5	Increased enforcement of heavy vehicles and vehicle noise	That the Saskatoon Police Service be requested to increase enforcement prohibiting heavy vehicle traffic and excessive noise on 17th Street, Avenue P South, 11th Street, and Avenue H South.			The bylaw lays out a framework for where and how trucks can and cannot pass through the city, directing them to routes that will have the least negative effect on the surrounding areas. The new truck bylaw will not remove large trucks from Avenue P but will enable Saskatoon Police Services to enforce the bylaw easier when trucks that are above weight use the Avenue P route.
Transportation, Circulation & Parking			Completed	100 %	The study was completed in Spring 2003.
5.6	Pedestrian crossing study	That the Traffic Management Section undertake a pedestrian crossing study at the intersections of Avenue H and 16th Street , Avenue H and 15th Street, and Avenue K and 16th Street in order to assess the need for improved pedestrian crossings. The results of the study as well as any proposed recommendations should be forwarded to the King George Community and School Association.			Recommendations: In order to enhance the safety of the pedestrians crossing Avenue H, it is proposed to install a centre median near the south crosswalk at 15th Street. Pedestrian crossings installed on the median. Pavement markings on the north side of the intersection be abandoned to encourage pedestrians to use the south pedestrian crossing. Centre median installed as temporary device in 2003, if effective permanent median will be installed.
Transportation, Circulation & Parking			Completed	100 %	The Avenue P Sidewalk was constructed in the summer 2008 along the west side of Avenue P from 11th Street to 17th Street.
5.7	Construct sidewalk along Avenue P - 11th Street to 18th Street	That the Traffic Management Section, in consultation with the King George Community and School Association, submit a request to Council to oversee a capital improvement project to construct a sidewalk along Avenue P South between 11th and 18th Street to link up with the sidewalk that exists on 19th Street. The project should be given priority and funding allocation through the Sidewalk Pathway Retrofit Program.
