

EXCITING NEWS

WE ARE INTEGRATING THE OPERATION 36 DEVELOPMENT MODEL & COACHING PLATFORM INTO OUR GOLF INSTRUCTION PROGRAMS, TO ELEVATE THE GOLFER EXPERIENCE.

We want to give our golfers the best introduction and long-term development plan to become a skilled golfer. Operation 36 is the fastest growing golfer development model and technology that is being integrated in coaching programs around the world. The program gives our staff a way to organize a golfer's development and measure improvement over time. The end goal is to get all of our golfers to shoot (par) 36 from a full tee-box!

How we will be integrating:

We will be utilizing the Operation 36 program for our beginner/intermediate instruction. Upon registering, students will gain access to the Operation 36 App where they can earn points for working on their game, track progress, and view educational curriculum videos. The program consists of weekly group classes where students will develop skills and progress through the Operation 36 curriculum.

In addition to classes, students progress their skills on the course through bi-weekly 9-hole playing events using the Operation 36 on-course model (Details to the right). After each event, our staff will record the scores in the Op36 software. Students and Parents will be able to view stats and program progress via the student profile and automated progress emails.

Why Operation 36?

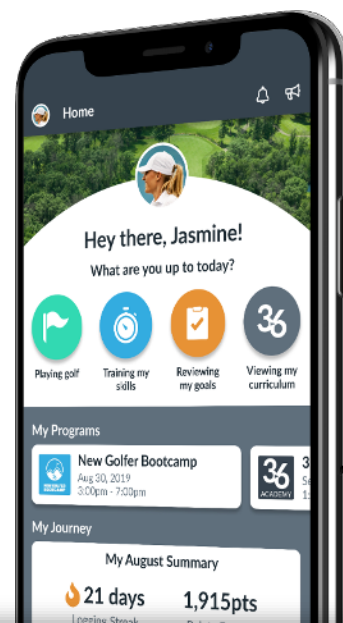

The Operation 36 program provides a motivating roadmap for improvement that just makes sense. The on-course model allows students to experience success and fall in love with PLAYING the game of golf early on. Coaches will have access to a junior development model that can help project where a junior's handicap will be by the time they graduate high school.

We are excited to bring you more details soon!

OPERATION 36[®]

How the on-course model works:

- 1 Play 9 Holes From Level 1 (25 Yards)**
Instead of starting at the full tee box, all golfers begin in Level 1 and will play 9 holes starting 25 yards from each green.
- 2 Shoot par (36) or better to pass Level**
If they shoot par (36) or better, the golfer progresses to Level 2, where they start 50 yards from each green.
- 3 Complete the Level 10 challenge**
This challenge continues until the golfer can shoot par (36) from all 10 Levels!

2026 PROGRAM INFORMATION TO COME SOON.
