## Funding

The Recreation and Sport Tax Abatement Program provides a tax abatement for the City tax portion of a successful applicant's property taxes. Tax abatements may be granted to the percentage of the property that is used for recreation and sports activities, as determined by the City. If the amount of funding requests is larger than the amount of funding available, funding will be pro-rated amongst applicants.

## Assessment Process

City administration will receive and review applications for eligibility and present recommendations to the Standing Policy Committee on Planning, Development and Community Services for consideration and approval.

## Notification

Applicants will be informed, in writing, of the results of their application by June 15, 2022.

If an organization breaches any conditions of the tax abatement, one or more of the following actions may be taken:

- The applicant will be disqualified from applying for a tax abatement for a specified time.
- Repayment of funds equal to the foregone tax revenue will be required.
