

Facility Closures

Lakewood Civic Centre

A facility upgrade has begun at Lakewood Civic Centre that includes replacement of windows and heaters in the pool area. This project will make the building more energy efficient and is expected to be completed by mid-July.

Lakewood Civic Centre will remain open throughout the upgrade; however, there will be short term closures to the waterslide and portions of the pool.

Phase 4: July 18-July 21 – Tentative dates (subject to change)

Saskatoon Field House

The track and field surface will be repainted to repair the lines that are beginning to wear off. The City has been working with the floor manufacturer and contractor to implement a long-term solution to resolve the issue of paint flaking and not adhering to the floor surface.

For the maintenance to take place, the facility will be closed as follows:

June 23 to July 13: Track closed only.

July 4 to 11: Full facility closure. For the health and safety of patrons and staff, the facility will be closed during the painting process to allow the paint product to cure and for the scents from the product to be minimized prior to public use.

July 12: Facility, fitness room, and meeting rooms reopen

July 14: Track re-opens: Walking only

July 24: Racquet sports resume

Shaw Centre

Shaw Centre undergoes regular maintenance to ensure the safety and enjoyment of its patrons. This year the leisure pools, which include the 25-metre warm-up pool, family pool, two hot tubs and the waterslide, will be closed for maintenance from Monday, June 13 to Thursday, June 30. Regularly scheduled aquatics programming will resume on Friday, July 1.

The 50-metre competitive pool and all non-aquatic related amenities of the facility will remain open and will not be affected.

Facility Closures

Harry Bailey Aquatic Centre

Harry Bailey Aquatic Centre is scheduled to undergo a major upgrade and facility closure. The last day the facility will be open to the public is tentatively scheduled for Sunday, September 25, 2022. This date is subject to change based on the final construction schedule, which will be determined in consultation with the successful contractor.

This project is expected to take approximately 18 months to complete and will include replacement of the 50-metre pool basin, water treatment system and roof, as well as upgrades to the building's mechanical system, insulation and vapour barrier; all of which are nearing the end of their functional life. Improvements regarding accessibility and inclusivity are also being explored to ensure the building and its features will be a welcoming space for the entire community.

Harry Bailey Aquatic Centre has provided 46 years of service to the community and this renovation will give the facility another 40 years of use.
