LESSON LEVEL DESCRIPTIONS

PRESCHOOL (UNPARENTED)

An instructor leads the lesson in water (no caregiver). Preschool levels cover basic swimming skills and orientation such as getting face wet, front and back floats, glides, use of a personal floatation device (PFD), basic front and back swims, and entries and exits. Water Smart education is also incorporated into levels.

Preschool 1	3-5 yrs. These preschoolers learn to safely get in and out of the water and move around in shallow water. They will use a PFD to become comfortable with floating and gliding. The caregiver may participate with their child until they can participate on their own.
Preschool 1/2	3-5 yrs. Preschool 1/2 is a combined level program that will have preschoolers learning to get in and out of the water. We'll help them jump into chest deep water. They will learn to float and glide on their front and back with and without a PFD. They will submerge and exhale under water.

They'll start to learn how to support themselves in deep water and in the end they'll do solo jumps and side rolls into deep water. Their PFD will support them while they learn to tread water and swim to safety (7 m) in the deep end.
Preschool 4/5	3-5 yrs. Preschool 4/5 is a combined level program that will have these advanced preschoolers strengthening their flutter kicks, working on front crawl, back crawl and treading water for 10 seconds. Their PFD will also support them while they learn to tread water and swim to safety (7 m) in the deep end.
