

# Recycling Depot Tips

Help us minimize contamination, run an efficient and successful recycling program, and ensure the safety of all the people that handle these materials.

1. Only place **accepted material** in the bins.
2. **Flatten all cardboard**, **rinse all containers** and place loosely into the bin. Please do not use bags.
3. Place recyclables **fully in the bin**. Do not leave items outside or on top of bins.
4. For your safety, **never climb into** recycling bins or remove materials from bins.
5. Depots are for **residential use only**.

## We're here to help!

*Illegal dumping of unaccepted items or misuse of the recycling depots can result in fines of up to \$1,000 under the Waste Bylaw #8310. Please report these offenses at [saskatoon.ca/illegaldumping](http://saskatoon.ca/illegaldumping).*

# Recycle Safe. Recycle Right. Recycle Clean.

Dirty items ruin recycling, hazardous items can cause damage and injuries, and unrecyclable items have no value and contaminate the recycling stream.
