01050-2	Execution	2
2.1	Record Drawings	2

**01050-1     General****1.1           Description**

This section specifies requirements for documentation of as-built information.

**1.2           Measurement for Payment**

No separate measurement to be made for work in this section.

**01050-2     Execution****2.1           Record Drawings**

Engineer will provide two sets of white prints for record drawing purposes.

Maintain project "as-built" record drawings and record accurately significant deviations from Contract Documents caused by site conditions and changes ordered by the Engineer.

Mark "as-built" changes in red.

Record following information:

1.     Depths of various elements of foundation in relation to survey datum.
2.     Horizontal and vertical location of underground utilities and appurtenances referenced to permanent surface improvement or property lines.
3.     Location of internal utilities and appurtenances concealed in construction, referenced to visible and accessible features of structure.
4.     Field changes of dimension and detail.
5.     Changes made by Change Order or Field Order.

At completion of project and prior to final inspection, neatly transfer "as-built" notations to second set and submit both sets to the Engineer.

**End of Specification 01050**
