

## Central Industrial Neighbourhood Traffic Plan Recommended Improvements

Item	Location	Recommended Improvement	Justification
1	1 <sup>st</sup> Avenue & 26 <sup>th</sup> Street	Active Pedestrian Corridor (south side)*	Improve pedestrian safety
2	3 <sup>rd</sup> Avenue & Duke Street	Active Pedestrian Corridor (north side)*	Improve pedestrian safety
3	2 <sup>nd</sup> Avenue & Princess Street	Remove existing crosswalk	No longer warranted with upgrade of adjacent crossings
4	2 <sup>nd</sup> Avenue & King Street	Pedestrian Activated Signal (south side)*	Improve pedestrian safety
5	Neighbourhood-wide	Sidewalk and ramps to be installed as per the Sidewalk Infill Program	Improve pedestrian safety

\*These recommendations may require modification at the time of detailed design due to the complexity of these locations.
