Give us your feedback on proposed traffic changes in your neighbourhood!

The City is undertaking a Neighbourhood Traffic Review for Briarwood and inviting your input. The neighbourhood is bound by 8th Street (north), Railroad (east), Boychuk Drive (west) and Taylor Street (south).

This review was initiated in April 2019. Thank you to everyone that has offered us input so far. We received your feedback via Saskatoon.ca/engage, email, phone calls and in-person at the first meeting held on April 16th, 2019.

We have reviewed all the concerns and followed up with data collection (e.g. traffic counts, speed analysis, field observations, etc.). The result is a draft Traffic Plan that proposes changes to the way traffic moves around your neighbourhood.

The draft plan will be discussed at the public meeting and posted to Saskatoon.ca/engage and Saskatoon.ca/ntr after the meeting date. We would appreciate the opportunity to get your thoughts on our draft plan. Please note that this is the last public meeting regarding your neighbourhood's new traffic plan.
