

This document outlines project compliance with National Energy Code for Building (NECB). The project summary including NECB contact information and the compliance report for the chosen path are to be submitted as part of the building and development permit application for buildings that require NECB compliance. See the [Energy Framework Guide](#) and [Permit Checklists](#) for submission requirements.

Compliance Path Summary	
Please indicate the compliance path for each Part below. The chosen compliance path requires the associated reports to be completed and submitted.	
<b>Note:</b> The Energy Code Regulations specifies the Energy Performance Tier from NECB Part 10 that must be met as the minimum level of performance. While 'Tier 1' is in force, Prescriptive and Trade-Off compliance paths continue to be accepted by the City of Regina without the need for a formal 'Alternative Solution' (Tier 1 from Part 10 is equal to the prescriptive requirements of NECB).
