SECTION 1 - INTRODUCTION

1. Title

This bylaw shall be known as the Zoning Bylaw of the Rural Municipality of Corman Park No. 344.

2. Authority

Pursuant to Section 45 of *The Planning and Development Act, 2007*, the Council of the Rural Municipality of Corman Park No. 344 hereby adopts Zoning Bylaw No. 9/94 of the Rural Municipality of Corman Park No. 344. **(Bylaw 46/10, Approved March 2011)**

3. Scope

All development within the limits of the Municipality, excluding the area included in the Saskatoon Planning District, shall be in conformity with the provisions of this bylaw.

4. Purpose

This is a bylaw to control the use and development of land in the Municipality and to assist in implementing the Development Plan.

5. Severability

If any part of this bylaw, including anything shown on the zoning district map, is declared to be invalid for any reason, by an authority of competent jurisdiction, that decision shall not affect the validity of the bylaw as a whole, or any other part, section or provision of this bylaw.

SECTION 2 - ADMINISTRATION

1. Development Officer:

- 1.1. The Administrator of the Rural Municipality of Corman Park No. 344 shall be the Development Officer responsible for the administration of this Bylaw and in their absence by such other employee of the Municipality as the Council designates from time to time. The Administrator may appoint a Development Officer subject to the approval of Council to whom duties in the administration of the Zoning Bylaw may be delegated.
- 1.2. The Development Officer shall:
 - a) receive, record, and review development permit applications and issue decisions in consultation with Council, particularly those decisions involving subdivision, rezoning, discretionary uses, and development levy agreements;
 - b) maintain, for inspection by the public during office hours, a copy of this Bylaw, zoning maps and amendments, and ensure that copies are available to the public at a reasonable cost;
 - c) ensure accessibility of bylaws and amendments on the municipal website;
 - d) make available, for public inspection during office hours, a register of all development permits and subdivision applications and decisions;
 - e) collect application and development fees; and
 - f) perform other duties as determined by Council.
- 1.3. The Development Officer shall be empowered to make a decision regarding a development permit application for a "permitted use."

2. Council:

- 2.1. Council shall make all decisions regarding discretionary uses, contract zoning, and zoning bylaw amendments.
- 2.2. Council shall make a recommendation regarding all subdivision applications circulated to it by the Ministry of Municipal Affairs, prior to a decision being made by the Minister.
- 2.3. Council shall act on discretionary use, rezoning, and subdivision applications in accordance with the procedures established by the Act and in accordance with the Official Community Plan.

3. Development Permits:

- 3.1. Every person shall obtain a development permit before commencing any development within the Municipality, except as listed within this Bylaw.
- 3.2. The application shall have attached a layout or site plan, as required in the application form or by the Development Officer, together with any information deemed necessary by the Development Officer to assess the application.

Developments Not Requiring a Permit:

- 3.3. The following forms of development shall not require a development permit but shall conform to this Bylaw:
- a) agricultural operations excluding intensive agriculture and Intensive livestock;
 - b) the erection of any fence, wall, gate;
 - c) the erection of a single residence wind turbine, satellite dish, television antennae, or radio antennae;
 - d) the construction or placement of a temporary building, the sole purpose of which is incidental to the erection or alteration of a building for which a building permit has been granted;
 - e) internal alterations and maintenance to a residential building, provided that the use, building footprint or intensity of use of the building including the number of dwelling units within the building or on the site does not change;
 - f) landscaped areas, driveways and parking lots, provided the natural or designed drainage pattern of the site and adjacent sites are not adversely impacted; or
 - g) disposal of clean fill on a site where the clean fill is generated by construction or demolition activity on that site, subject to compliance with all federal and provincial requirements.

Referrals to Council:

- 3.4. The Development Officer may refer any application to Council for a decision on the interpretation of this Bylaw or regarding special conditions provided for in this Bylaw, and shall inform the applicant of the date and time when Council will consider the matter. Council or the Development Officer may require the applicant to provide further information necessary to render a decision.

Building Permit Requirements:

- 3.5. Nothing in this Bylaw shall exempt any person from complying with a building bylaw or any other bylaw in force within the Municipality; or from obtaining any permission required by this or any other bylaw of the Municipality or the Provincial or Federal Governments.
- 3.6. Where the provisions in this Bylaw conflict with those of any other municipal, provincial or federal requirement, the higher or more stringent standards shall prevail.
- 3.7. A building permit, where required, shall not be issued for a development until a development permit has been issued as required.
- 3.8. The following forms of development shall not require a building permit, but shall conform to all other bylaw requirements:
- a) accessory farm buildings or structures under 46m² (500 ft²) where applied to a principal agricultural use within an appropriate zoning district established by this Bylaw;

- b) accessory non-farm buildings or structures under 9.3 m² (100 ft²), fencing, walls, gates, single residence wind turbines, satellite dishes, television antennae, or radio antennae where applied to a principal permitted use within an appropriate zoning district established by this Bylaw; or
- c) The temporary placement of a CSA approved trailer during the construction or alteration of a primary structure for a term not to exceed that provided by an active approved building permit issued for the project.

Development Permit Procedures:

- 3.9. An application for a development permit shall be in the form prescribed by the Development Officer.
- 3.10. When an application for a development permit is made for a permitted or accessory use in conformity with this Bylaw, the Act and all other municipal bylaws, the Council shall hereby direct the Development Officer to issue a development permit.
- 3.11. When an application has been made for a development permit and prior to making a decision, the Development Officer may refer the application to whichever government departments or agencies Council may consider appropriate. The Development Officer may also require the application to be reviewed by planning, engineering, legal, or other professionals, with the cost of this review to be borne by the applicant.
- 3.12. A development permit shall be issued for the use at the location and under such terms and development standards specified by the Official Community Plan and this Bylaw.
- 3.13. The applicant shall be notified in writing of the decision of their application. The applicant shall be advised of their right to appeal a decision to the Development Appeals Board on a permitted or accessory use application and any terms and conditions attached to an application.
- 3.14. A development permit shall be valid for one (1) year from the date of issue.
- 3.15. Where the Development Officer determines that a development is being carried out in contravention of any condition of Council's approval or any provision of the Official Community Plan or this Bylaw, the Development Officer may issue an order subject to the provisions of Section 242 of the Act to suspend or revoke the development permit and notify the permit holder that the permit is no longer in force.
- 3.16. Where the Development Officer is satisfied that a development for which a permit has been suspended or revoked, will be carried out in conformity with the conditions of the permit and the requirements of this Bylaw the Development Officer may reinstate the development permit and notify the permit holder that the permit is valid and in force.

Stop-Work:

3.17. The Development Officer may authorize action to stop any development which does not conform to this Bylaw, a development or servicing agreement, a development permit or condition, or an interest under this Bylaw.

4. Comprehensive Development Review:

4.1. A Comprehensive Development Review (CDR) is a land use plan for a specific local area that has been identified for potential development requiring its submission as provided within the Official Community Plan. The purpose of this plan is to identify and address social, environmental, health and economic issues appropriately and to encourage the development of high quality developments. This plan is intended to address the following topics:

- a) proposed land use(s) for various parts of the plan area;
- b) the effect of proposed development on adjacent land uses;
- c) the integration of the natural landscape regarding the planning and design of the area;
- d) the location of, and access to, major transportation routes and utility corridors;
- e) the provision of services, and the relationship to existing infrastructure within the Municipality;
- f) sustainable development and environmental management practices regarding surface and groundwater resources, storm water management, flooding and protection of significant natural areas; and
- g) appropriate supplemental information specific to the particular land use.

4.2. The CDR must be prepared in accordance with the goals, objectives and policies of the Official Community Plan.

4.3. The scope and required detail of the CDR will be based on the scale of the proposed development and its location.

4.4. The following items shall be included in the preparation of a CDR:

- a) identification of the purpose and objectives of the proposed development including an inventory of current land uses within the development review area and evidence of compliance with the Official Community Plan policies and Zoning Bylaw regulations.
- b) identification of plan area characteristics including:
 - i. physical site characteristics, regional context, and the size and intensity of development proposed;
 - ii. an inventory of natural and heritage resources including screening of environmental, archaeological, and historically significant areas within and adjacent to the development;
 - iii. identification of potential hazard lands within the plan area and the proposed methods of mitigating the hazards; and

- iv. identification of the potential impact of proposed development on existing infrastructure and adjacent land uses.
- c) identification of the concept for development including a thorough description and explanation, illustrations, and any technical and professional analysis required to identify:
 - i. proposed land uses;
 - ii. the economic and social benefits and the impact on the development review area and the region providing evidence of positive community integration;
 - iii. the subdivision design including phasing, identification of natural and constructed open space amenities, and allocation of Municipal and Environmental Reserve;
 - iv. the identification of existing and required utility capacity including but not limited to power, natural gas, telecommunications, water supply, and onsite wastewater disposal systems;
 - v. evidence that the carrying capacity of the soil within the plan area is sufficient to accommodate the proposed structures and waste water created by the development, and that the anticipated effect on the regional surface and groundwater systems quantity and quality is minimized;
 - vi. the local hydrology, providing evidence that the design provides sufficient capacity to contain storm water and surface runoff locally to accommodate a 1:100 year flood event, with no significant increase in offsite flows resulting from development of the area;
 - vii. the proposed buffering from, or integration with, adjacent land uses;
 - viii. the impact of human activity and development on the natural environment and plans for the conservation, management and integration of existing natural features within the plan area;
 - ix. a transportation plan for the area identifying road requirements, major commuting routes and the potential impact of development on current roadway infrastructure; and
 - x. the local capacity of fire and protective services, schools and other supportive community and recreational facilities.
- d) The applicant shall provide evidence of significant and effective public consultation acknowledging and attempting to incorporate the findings within the development proposal wherever possible to ensure that the development is perceived as beneficial to the area. The information required as part of the review process includes but is not limited to:
 - i. submission of a consultation plan, identifying the program and timing of consultation;
 - ii. submission of a summary of findings, clearly identifying ideas and areas of support and challenges presented through the consultation process; and
 - iii. identification of strategies to respond to the challenges presented within the consultation, and how potential solutions may be incorporated within the proposal.

- 4.5. Unless otherwise specified in this bylaw, with every application for a development permit, a copy of a layout, or site plan, showing the dimensions of the site, the site size, the location on the site of any existing and all proposed development and the method and location of on-site sewage disposal facilities shall be submitted for approval to the Development Officer together with such other information as may be required in support of the application. The applicant must be the registered owner of the property or intended owner of the property documented by an accepted Offer to Purchase or Agreement to Purchase.

5. Discretionary Use Applications:

Application Process:

- 5.1. Applicants must file with the Development Officer the prescribed application form, a site plan, and any other plans and supplementary information as required by the Development Officer and pay the required application fee.
- 5.2. The application will be examined by the Development Officer for conformance with the Official Community Plan, this Bylaw, and any other applicable policies and regulations and shall advise the Council as soon as practical.
- 5.3. Council may refer the application to whichever government departments or agencies, as Council may consider appropriate. Council also may require the application to be reviewed by planning, engineering, legal, or other professionals, with the cost of this review to be borne by the applicant.
- 5.4. The Development Officer will provide written notice to all assessed landowners within 1.6 km (1 mile) of the subject property and will provide a minimum of 21 days from the date of mailing for public comment prior to formal consideration of the application by the Commission and Council.
- 5.5. Where an adjacent rural or urban municipality is within the 1.6 km (1 mile) radius of a subject property, written notice shall be provided to the municipal administration for comment. Every effort shall be made to give notice by regular mail to all landowners in an adjacent rural municipality which is located within the 1.6 km (1 mile) radius of the subject property.
- 5.6. Where a discretionary use is deemed by the Development Officer to have a potential significant effect upon assessed landowners along a transportation route, the area of notification shall be extended to include affected landowners along this route.
- 5.7. The Development Officer will prepare a report for the Commission and Council concerning the application which may contain recommendations, including recommended conditions of approval to be applied in accordance with the Act.
- 5.8. The Development Officer will set a date for the public hearing at which time the application will be considered by Council and if deemed necessary, provide notice to all assessed landowners within 1.6 kilometres of the subject

property within the information packages provided as part of the notification process.

- 5.9. Council shall consider the application together with the reports of the Planning Department and any written or verbal submissions received by Council.
- 5.10. Council may approve the application, reject the application, or approve the application with conditions, including a condition limiting the length of time that the use may be conducted on the site in order to secure the objectives of this Bylaw with respect to:
 - a) the nature of the proposed site, including its size and shape and the proposed size, shape and arrangement of buildings;
 - b) the accessibility and traffic patterns for persons and vehicles, the type and volume of that traffic and the adequacy of proposed off-street parking and loading;
 - c) the safeguards afforded to minimize noxious or offensive emissions including noise, glare, dust and odour; or
 - d) any treatment given, as determined by the council, to aspects including landscaping, screening, open spaces, parking and loading areas, lighting and signs, but not including the colour, texture or type of materials and architectural detail.
- 5.11. Discretionary uses, discretionary forms of development, and associated accessory uses shall conform to the development standards and applicable provisions of the Zoning District in which they are located.
- 5.12. Where, in Council's opinion, there is a need to consider the effects of a development further in the future with the benefit of direct observation of its features and effects in the approved location and setting, or where Council believes there is potential for changes in the vicinity of the development that may alter its fit, Council may approve the development for a specified length of time.
- 5.13. Where Council has approved a discretionary use for a limited time as provided in this Bylaw, and that time has expired, that use of land or use of buildings on that property shall cease until such time as Council gives a new discretionary use approval and a new development permit is issued.
- 5.14. Upon approval of a discretionary use by resolution of Council, the Development Officer shall issue a development permit for the discretionary use at the location and under such terms and development standards specified by Council in its resolution.
- 5.15. The applicant shall be notified of Council's decision by regular mail addressed to the applicant at the address shown on the application form and the applicant shall be advised of their right to appeal any terms and conditions attached to the approval of a discretionary use application to the Development Appeals Board.

- 5.16. Council is deemed to have granted discretionary approval to an existing permitted use or specific intensity of use, that becomes a discretionary use as a result of the adoption or amendment of this Bylaw, as of the date that this Bylaw or amendment comes into effect.

Discretionary Use Evaluation Criteria:

- 5.17. Council may designate discretionary uses in any zoning district where, in Council's opinion, the type of development may have one or more features or potential effects that warrant proposal-specific review in terms of the considerations identified in Figure 1.
- 5.18. Discretionary uses typically have features or effects that warrant Council's consideration to determine if:
- a) the proposed development is suitable as proposed,
 - b) specific development standards by means of a development agreement should be applied, or
 - c) the proposed development should not be approved.
- 5.19. In exercising its discretion Council will consider the evaluation criteria identified in Figure 1. Council will determine the extent and nature of the information and analysis required to render a decision and may, upon initial review of an application, request specific additional information and analysis from the applicant.
- 5.20. Where, in Council's opinion, the proposed development has one or more features or effects that warrant the application of specific development standards to achieve the fit Council desires; these standards shall be identified as conditions of approval and included in a development agreement.

Figure 1: Discretionary Use Evaluation Criteria

Evaluation Criteria	Summary Statement
1. Roadways	Council will assess and consider the capacity of existing roadway infrastructure to accommodate the proposed use.
2. Air Resources	Council will assess and consider the potential effects of the proposed discretionary use on air resources.
3. Soil Resources	Council will assess and consider the potential effects of the proposed discretionary use on soil resources.
4. Water Resources	Council will assess and consider the potential effects of the proposed discretionary use on water resources.
5. Waste Management	Council will assess and consider the generation of waste resulting from the proposed use and the capacity of existing waste management services to accommodate the proposed use.
6. Natural and Heritage Resources	Council will assess and consider the potential effects of the proposed discretionary use on natural and heritage resources.
7. Sustainability	Council will assess and consider how the proposed discretionary use contributes to social, economic, and physical sustainability for the Municipality.

6. Variances:

6.1. The Development Officer may vary the requirements of this Bylaw subject to the following requirements:

- a) A minor variance may be granted for the relaxation of the minimum required distance of a building from a lot line.
- b) The maximum amount of a minor variance shall be 10% variation from the requirements of this Bylaw.
- c) The development must conform to all other requirements of this Bylaw.
- d) The relaxation of the bylaw requirement must not injuriously affect a neighboring property.
- e) No minor variance shall be granted for a discretionary use or form of development in connection with an agreement to rezone pursuant to the Act.

6.2. An application form for a minor variance shall be in a form prescribed by the Development Officer and shall be accompanied by the required fee.

6.3. Upon receipt of a minor variance application the Development Officer may:

- a) approve the minor variance;
 - b) approve the minor variance and impose terms and conditions on the approval; or
 - c) refuse the minor variance.
- 6.4. Terms and conditions imposed by the Development Officer for a minor variance shall be consistent with the general development standards in this Bylaw.
- 6.5. Where a minor variance is refused, the Development Officer shall notify the applicant in writing, providing reasons for the refusal.
- 6.6. Where a minor variance is approved, with or without terms and conditions, the Development Officer shall provide written notice to the applicant and to the assessed owners of the property having a common boundary with the applicant's land that is the subject of the approval.
- 6.7. The written notice shall contain:
- a) a summary of the application;
 - b) reasons for and an effective date of the decision;
 - c) notice that an adjoining assessed owner has 20 days to lodge a written objection with the Development Officer, which, if received, will result in the approval of the minor variance being revoked; and
 - d) where there is an objection and the approval is revoked, the applicant shall be notified of the right to appeal to the Development Appeals Board.
- 6.8. A decision to approve a minor variance, with or without terms and conditions, does not take effect until 23 days from the date the notice was mailed.
- 6.9. If an assessed owner of a property having an adjoining property with the applicants land objects to the minor variance in writing to the Development Officer within the prescribed 20 day time period, the approval is deemed to be revoked and the Development officer shall notify the applicant in writing:
- a) of the revocation of the approval; and
 - b) of the applicant's right to appeal the revocation to the Development Appeals Board within 30 days of receiving the notice.
- 6.10. If an application for a minor variance is refused or approved with terms or conditions, the applicant may appeal to the Development Appeals Board within 30 days of the date of that decision.
7. Development Appeals Board:
- Establishment:*
- 7.1. Council shall appoint a Development Appeals Board in accordance with the Act within ninety (90) from the effective date of this Bylaw.
- 7.2. The Development Appeals Board shall be composed of five members. All vacancies, as they occur, shall be filled by a resolution of Council.

Duties:

- 7.3. The Development Appeals Board is bound by the Official Community Plan.
- 7.4. The Development Appeals Board may confirm, revoke, or vary the decision or development permit or any condition attached to any of these, or substitute a decision or permit that it considers advisable.
- 7.5. The Development Appeals Board shall adhere to the requirements of the Act.
- 7.6. The Board shall elect one of its members as Chair, who may administer oaths, affirmations, or declarations.
- 7.7. The Development Appeals Board shall keep records of its proceedings. These proceedings shall be filed in the municipal office and shall be a public record.
- 7.8. Where a member of the Development Appeals Board has a pecuniary interest in the matter before the Board, that member is duty bound to declare a conflict of interest and shall not take part in the proceedings or be entitled to vote on the matter.

Remuneration:

- 7.9. Council may establish a separate bylaw to provide for the payment of remuneration to the board members in any amount that Council may determine.

Right to Appeal:

- 7.10. The Act provides the right to appeal the Zoning Bylaw where a Development Officer:
 - a) is alleged to have misapplied the Zoning Bylaw in issuing a development permit;
 - b) refuses to issue a development permit because it would contravene the Zoning Bylaw; or
 - c) issue an order, based on inspection, to the owner, operator, or occupant of land, buildings, or premises considered to contravene the Zoning Bylaw.
 - 7.11. Appellants also may appeal where they are of the opinion that development standards prescribed by the Municipality with respect to a discretionary use exceed those necessary to secure the objectives of the Zoning Bylaw and the Official Community Plan. This right of appeal extends thirty days after the issuance or refusal of a development permit or order.
 - 7.12. The Development Officer shall make available to all interested persons copies of the Development Appeals Procedures Handbook outlining the procedures and fees associated with filing an appeal.
8. Zoning Bylaw Compliance Certificate:
- 8.1. The Development Officer may issue a Zoning Bylaw Compliance Certificate for any use, building or structure which is in conformance with this Bylaw or is deemed to be a legal non-conforming use, building or structure.

8.2. The applicant for a Zoning Bylaw Compliance Certificate shall provide the Development Officer with any information that may be required, including information on the existing and past use of the land or buildings on the property, and a Real Property Report prepared by a registered Saskatchewan Land Surveyor where applicable.

9. Amendment of the Zoning Bylaw:

9.1. Council may amend this Bylaw at any time, upon its own initiative or upon request, provided that the amendments are in keeping with the intent of the Official Community Plan.

9.2. Council shall require applicants requesting an amendment to this Bylaw, or approval of a discretionary use that Council wishes to advertise prior to issuance of a development permit, to pay Council all of the cost associated with public advertisement of the application in addition to the required application fee.

9.3. Where an application is made to rezone land to permit the carrying out of a specified proposal, the Municipality may, for the purpose of accommodating the request, enter into an agreement with the applicant pursuant to the Act.

9.4. The following provisions shall apply in the review of applications for rezoning by agreement:

- a) Terms of Agreement: The Municipality may enter into an agreement with the applicant setting out a description of the proposal and reasonable terms and conditions with respect to:
 - i. the uses of the land and buildings and the forms of development;
 - ii. the site layout and external design, including parking areas, landscaping, and entry and exit ways; and
 - iii. any other development standards considered necessary to implement the proposal, including all appropriate standards from the requested zoning district.
- b) Use Limitations: The Municipality may limit the use of the land and buildings to one or more of the uses permitted or discretionary in the requested zoning district.

9.5. A zoning designation which is subject to an agreement entered into pursuant to the provisions of the Act shall be indicated on the Zoning Map by the addition of the bylaw number authorizing the agreement after the zoning district designation.

10. Offences and Penalties:

10.1. Any person who violates this Bylaw may be charged and liable on summary conviction to the penalties in the Act.

11. Bylaw Compliance:

11.1. Errors and/or omissions by any person administering or required to comply with the provisions of this Bylaw do not relieve any person from liability for failure to comply with the provisions of this Bylaw.

12. Development Agreements:

12.1. Where development requiring a permit is proposed in the absence of subdivision that results in additional capital costs incurred by the Municipality, the developer shall be required to enter into a development agreement to address the specifications of the development and provisions for payment of any levies deemed necessary by Council pursuant to the provisions of the Act.

13. Servicing Agreements:

13.1. Where a development proposal involves a subdivision, the Municipality may require a developer to enter into a servicing agreement to ensure appropriate servicing pursuant to the Act, Council may direct the Administration to vary the agreement on a case-by-case basis, or not require it.

13.2. The agreement may provide for:

- a) specifications for the installation and/or construction of all services within the proposed subdivision as required by Council;
- b) for the payment by the applicant of fees that the Council may establish as payment in whole or in part for the capital cost of providing, altering, expanding or upgrading sewage, water, drainage and other utility services, municipal roadway facilities, or park and recreation space facilities, located within or outside the proposed subdivision, and that directly or indirectly serve the proposed subdivision;
- c) time limits for the completion of any work or the payment of any fees specified in the agreement, which may be extended by agreement of the applicant and the Municipality;
- d) provisions for the applicant and the Municipality to share the costs of any work specified in the agreement; and
- e) any assurances as to performance that the council may consider necessary.

14. Interest Registration:

14.1. The Municipality may require that development and servicing agreements and other documents or agreements be registered as an interest on the title of affected lands, to protect municipal and public interests at the full expense of the developer.

15. Performance Bonds:

15.1. The Municipality may require a developer, including owners of property where a secondary residential dwelling unit is located, to post and maintain a performance bond to ensure developer performance and to protect the public interest.

16. Liability Insurance:

16.1. The Municipality may require developers to provide and maintain liability insurance to protect the Municipality, developer, and general public.”

SECTION 3 - GENERAL REGULATIONS

The following regulations shall apply to all Zoning Districts in this bylaw:

1. **Licenses, Permits, and Compliance with Other Bylaws:**

1.1. In their interpretation and application, the provisions of this Bylaw shall be held to be the minimum requirements adopted for the promotion of the public health, safety, and general welfare. Nothing in this Bylaw shall exempt any person from complying with the requirements of a building bylaw or any other bylaw in force within the Rural Municipality of Corman Park or law within the Province of Saskatchewan or Canada; or from obtaining any license, permission, permit, authority, or approval required by this or any other bylaw of the Rural Municipality of Corman Park or any law of the Province of Saskatchewan or Canada. Where requirements in this Bylaw are in conflict with those of any other municipal, provincial, or federal requirements, the more stringent regulations shall prevail.

2. **Number of Principal Buildings or Uses per Site:**

2.1. Unless otherwise permitted within this Bylaw, no person shall construct or cause to be constructed, more than one principal building or use per site.

3. **Accessory Buildings, Uses and Structures:**

3.1. Subject to all other requirements of this Bylaw, an accessory building, use or structure is permitted in any district when accessory to an established principal use which is permitted or discretionary use in that same district, and for which a development permit has been issued.

3.2. No accessory building or structure may be constructed, erected or moved on to any site prior to the time of construction of the principal building to which it is accessory unless the accessory building is essential for the completion of the construction of the principal building and where a building and development permit for the principal use has been issued.

3.3. Where a building on a site is attached to a principal building by a solid roof or by structural rafters, and where the solid roof or rafters extend at least one third of the length of the building wall that is common with the principal building, the building is deemed to be part of the principal building.

3.4. Accessory structures shall not be used as a residential dwelling unit unless otherwise provided in any policies contained herein.

4. **Secondary Residential Dwelling Units:**

4.1. The Development Officer may approve a development permit for the construction of a second residential dwelling unit on a site if:

- a) The second residential dwelling unit is approved as a discretionary use by Council and provides temporary accommodation for personnel actively employed in a permitted agricultural operation. A permit for a secondary agricultural residential dwelling unit shall be valid for a

period up to five years after which time the Municipality may at its discretion seek renewal of the permit on a 5-year basis provided that the residential dwelling unit and use of the property continues to comply with the provisions of this Bylaw. The applicant shall be responsible to renew the permit every five years.

- b) The second residential dwelling unit is temporary in nature and is occupied only during the construction or relocation of a new principal residential dwelling unit associated with an approved building permit application and is deemed necessary for the construction work subject to compliance with the term and conditions of the Municipal Building Bylaw; or
- c) The second residential dwelling unit is a Garden Suite approved as a discretionary use by Council and is temporarily located in the yard of an existing residential dwelling unit to provide accommodation for a specific person or persons who are physically dependent on the residents of the existing residential dwelling unit, or to provide accommodations for a caregiver of whom a specific person or persons residing in the existing residential dwelling unit is physically dependent.
- d) The second residential dwelling unit is a Secondary Suite approved as a discretionary use by Council under this Bylaw.

4.2. If a second residential dwelling unit is approved as outlined above, the following conditions shall apply:

- a) The second residential dwelling unit must comply with all other relevant bylaw standards applicable to the district in which it is to be located;
- b) Wherever possible, the second residential dwelling unit must tie into the existing water, sewer and storm drainage systems, access roads and approaches existing upon the lot;
- c) The applicant shall enter into an agreement with and to the satisfaction of the Municipality, containing such terms as the Municipality deems necessary to ensure the provisions of this section of the bylaw are enforceable and complied with, and which agreement shall be registered by way of an interest upon the Certificate of Title to the land at the full expense of the landowner;
- d) The second residential dwelling unit is a Secondary Suite approved as a discretionary use by Council under this Bylaw. (**Bylaw 38/13, Approved 2013**)
- e) Council may require as a condition of the development permit that the applicant provide a letter of credit in the amount required to remove the temporary secondary residential dwelling unit from the subject site and may register an interest in respect of this condition against the Certificate of Title for the land that is the subject of the development. Where the applicant disagrees with the letter of credit amount, he or she will be required to provide two written estimates prepared by independent, qualified, bonded moving experts in the field for consideration by the Development Officer;

- f) Excepting a Garden Suite, the floor area of a secondary residential dwelling unit shall:
 - i. not exceed 214 m² (2300 ft.²) per single housekeeping unit, constructed where a single household unit comprises either one person living alone or a group of people, who may or may not be related, living (or staying temporarily) at the same address, with common housekeeping, who either share at least one meal a day or share common living accommodation (i.e. a living room or sitting room).
 - ii. Be constructed on a 0.6 to 1.2 m (2-4 ft) above grade crawlspace with no basement; and
 - iii. The maximum height of a secondary residential dwelling unit shall not exceed 5.2 m (17 ft.) and shall have only one story.

5. Non-Conforming Buildings, Uses and Structures:

- 5.1. Any use of land or any building or structure lawfully existing at the time of passing of this Bylaw that is rendered non-conforming by the enactment of this Bylaw or any subsequent amendments, may be continued, transferred, or sold.
- 5.2. An existing non-conforming use or intensity of use may be continued if the use conformed to this Bylaw that was in effect at the time of the development and has not been discontinued for 12 consecutive months.
- 5.3. Non-conforming buildings or sites may continue to be used, maintained, and repaired in their present form.
- 5.4. No enlargement, additions, or reconstruction of a non-conforming use, building, or structure shall be undertaken, except in conformance with Sections of the Act.
- 5.5. Beyond the provision of accessible municipal records, the burden of establishing that a use, building, or structure was lawfully established and remains as a legal non-conforming use, building, or structure shall be upon the owner of the use, building or structure.

6. Heritage Sensitive and Critical Wildlife Habitat:

- 6.1. Where development is proposed in an area identified as containing critical wildlife habitat or heritage sensitive areas, the Development Officer may require the applicant provide additional information as required by The Wildlife Habitat Protection Act (WHPA) and The Heritage Property Act or any other relevant provincial regulations.

7. Development along Riverbanks and Hazard Lands:

- 7.1. Development or subdivision proposed on or within 30 m (100 ft) of the crest of a slope greater than 20% shall require supporting evidence of slope stability by a Professional Engineer licensed to practice in the Province of Saskatchewan.

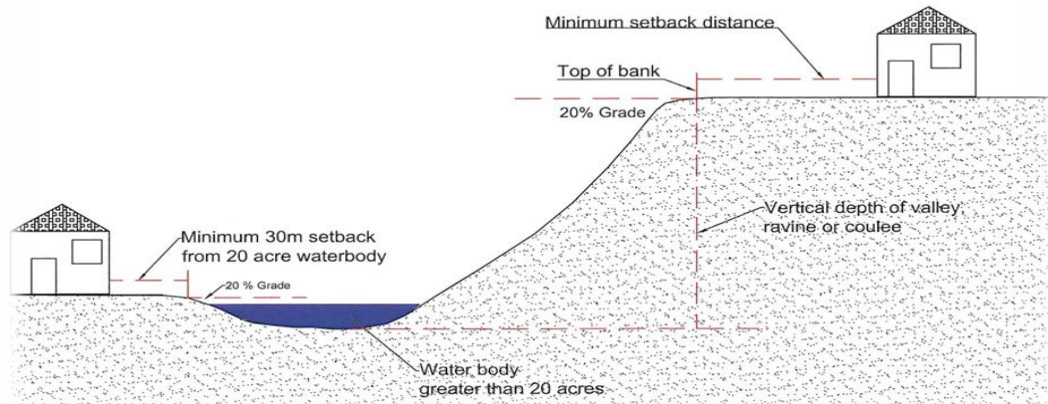

- 7.2. The Development Officer in consultation with a geotechnical engineer may impose special conditions on a development permit, including but not limited to, engineered footings or specialized drainage and or septic systems in an effort to protect against erosion and or stability of the bank.
- 7.3. Trees or vegetation shall not be cleared from any land within 20 m (66 ft) of any watercourse, water body, escarpment, or of the crest of a slope greater than 20%, where the removal could have a negative impact on the water body or bank stability.
- 7.4. Unless a report by a registered Professional Engineer licensed to practice in the Province of Saskatchewan proves that it is safe to waive the building setbacks the following setbacks shall apply for all developments along a coulee, ravine or valley with or without a permanent watercourse. The top of bank shall be that line where the gradient of the slope measured from the upland leading down to the water body or watercourse first exceeds 20%.

Figure 2: Minimum Building Setback from the Top of a Bank:

Vertical Depth of Coulee, Ravine or Valley	Minimum Building or Structure Setback from the Top of the Bank
Less than 15 m (49.2 ft)	10 m (32 ft)
Greater than 15 m (49.2 ft) and less than 30 m (98.4 ft)	15 m (49.2 ft)
Greater than 30 m (98.4 ft)	20 m (65 ft)

- 7.5. Where a site borders on or contains a water body the setback from the bank of the water body shall be determined by the Municipality but shall not be less than 30 m (98.4 ft) from a water body of 8 ha (20 acres) or more.
- 7.6. All non-agricultural development proposed on flood prone lands shall be constructed at or above the 1:500 flood level as defined by the Saskatchewan Watershed Authority, and in compliance with remedial measures and development standards prescribed by Council in consultation with the Saskatchewan Watershed Authority and the Ministry of Municipal Affairs.

Figure 3: Defining Minimum Building Setbacks from the Top of a Bank

8. Development along Roadways:

- 8.1. No building, structure or planting, or any other visual obstruction shall be constructed, erected, or placed within the area defined by the clear sight triangle as identified in Figure 4.
- 8.2. The recommended clear sight triangles for development at points of intersection with provincial and municipal roadways shall be based upon the Stopping Sight Distance (S.S.D.) of the respective design speeds involved as defined in Figure 4.
- 8.3. Exceptions may be considered for existing or planned encroachments where traffic speed or regulation (signage) can be adjusted to provide safe intersection visibility or where an engineering study recommends alternatives acceptable to Council.
- 8.4. Fences constructed along any property line outside of a clear sight triangle shall be fully contained within the property boundaries.
- 8.5. Where there is a dispute by neighbours about the location of the site line, a survey will be required to be completed by one of the parties at their own expense.
- 8.6. Trees planted near or parallel to any site line outside of a clear sight triangle shall be setback sufficiently from the site line to eliminate overhang outside of the property boundaries.
- 8.7. Farm dugouts shall maintain a setback distance of 45 m (147.6 ft) from the centerline of any municipal roadway.

Figure 4: Clear Sight Triangles

9. Disposal of Wastes:

9.1. Subject to all Acts and Regulations pertaining in any way to the storage, handling, and disposal of any waste material or used item, and except as permitted by these Acts and Regulations, no liquid, solid, or gaseous wastes shall be allowed to be discharged into any stream, creek, river, lake, pond, slough, intermittent drainage channel or other body of water, onto or beneath the surface of any land, or into the air.

10. Private Wastewater Treatment Systems:

- 10.1. The Development Officer, in conjunction with appropriate provincial regulatory agencies, shall determine the suitability of a site proposed for subdivision to accommodate a private wastewater treatment system within the subdivision review process.
- 10.2. A development permit shall not be issued for a residential development until all appropriate permits have been obtained from appropriate provincial regulatory agencies and all Municipal standards have been met for the private wastewater treatment system.
- 10.3. Upon receipt of an application for multi-parcel country residential subdivision, the application will be evaluated based upon the Saskatchewan Onsite Wastewater Disposal Guide (the Guide) as provided by the Saskatoon District Health Region.

- 10.4. All submissions required by the Guide are the responsibility of the developer. The final review of a multi-parcel country residential subdivision will not be completed prior to the receipt and evaluation of all required information by the Development Officer, Saskatoon District Health Region and any other relevant agency deemed necessary by the Municipality.
- 10.5. As a condition of approval for all multi-parcel country residential developments relying on private onsite treatment systems, the developer is required to create a septic utility in a legal form acceptable to the Municipality to regulate and oversee the general operation and ongoing maintenance of private onsite wastewater disposal systems within the development to ensure that systems continue to function effectively.
- 10.6. The utility may assess a local user fee collected on behalf of the local residents to fund the regular inspection of individual wastewater disposal systems by a contracted, licensed professional, providing the Municipality with regular inspection reports.
- 10.7. The frequency of the inspection reports shall be determined on a case by case basis by Council in consultation with appropriate provincial regulatory agencies other qualified professionals as required, based upon:
 - a) local soil conditions including its carrying capacity;
 - b) density of development within and surrounding the development;
 - c) proximity to existing multi-parcel country residential developments;
and
 - d) the type of potable water supply located on adjacent properties.
- 10.8. Where an inspection report indicates that an individual onsite wastewater disposal system is not functioning properly, the property owner is responsible for undertaking all necessary improvements or repairs in a timely manner at his or her own expense.
- 10.9. Property owners within multi-parcel country residential subdivisions shall be required to enter into a servicing agreement identifying requirements for onsite wastewater treatment systems including undertaking a pre-site investigation as provided within the Site Evaluation Standard of Practice for Onsite Septic Treatment Systems prior to the issuance of a development permit.
11. Moved Buildings:
 - 11.1. No building shall be moved within, into or out of the area covered by this Bylaw without first obtaining a development permit from the Development Officer.
 - 11.2. An application shall be submitted to the Development Officer along with any required fees and including all required supplementary information as required by Municipal Building Bylaw.

- 11.3. A building shall not be removed from a property until the Development Officer is satisfied that there are no debts or taxes in arrears or taxes outstanding with respect to the building or land on which the building is situated.
 - 11.4. Where an applicant for a development permit proposes to move an existing building into or within the area covered by this Bylaw, the Development Officer may approve the application subject the completion of an inspection of the building and the applicant acquiring a building permit to address the placement of the structure on a permanent foundation.
 - 11.5. In order to ensure completion of any renovations set out as a condition of approval of a building permit for a moved-in building, the Development Officer may require the applicant to provide a performance bond, letter of credit or some other information proving the viability of the said renovations.
 - 11.6. Renovations shall be completed within one year of the issuance of a development permit.
12. Demolition of Buildings:
- 12.1. No building shall be decommissioned or removed from a property within the area covered by this Bylaw without first obtaining a development permit from the Development Officer.
 - 12.2. An application shall be submitted to the Development Officer along with any required fees and deposits including an explanation of the means by which it shall be decommissioned and disposed of as required by Municipal Building Bylaw.
 - 12.3. A building shall not be decommissioned or removed from a property until the Development Officer is satisfied that there are no debts or taxes in arrears or taxes outstanding with respect to the building or land on which the building is situated.
 - 12.4. The applicant shall deposit with the Development Officer such sum as is required by the Municipal Building Bylaw to cover the cost of restoring the site after the building has been demolished or removed to such condition that it is, in the opinion of the Development Officer, not dangerous to public safety.
 - 12.5. The acceptable methods of disposal of demolition debris are as follows:
 - a) Inert materials including rocks, sand, mud, slurry, broken concrete, glass and rubble may be buried on site after removal of all organic or potentially hazardous materials.
 - b) All organic materials such as lumber should be burned on site and buried.
 - c) All potentially hazardous materials including asphalt shingles shall be removed and taken to the landfill or an appropriate recycling depot.
 - d) All buried debris shall be covered by a minimum of 24 inches of soil.

- 12.6. Prior to conducting a controlled burn, the appropriate fire protection service and the R.M. of Corman Park Police Service should be notified. This notification should be provided the day of the burn. To determine what fire protection agency to contact, please refer to the fire fighting district map on the R.M. of Corman Park website or contact the R.M. Administration Office for more details.
- 12.7. Upon completion the demolition, the applicant shall notify the Development Officer to arrange for an inspection of the premises. If in the opinion of the Development Officer, the debris has been properly disposed of and the site has been restored to a condition satisfactory to the Development Officer, the sum deposited, or portion thereof, shall be refunded.

13. Site Development Regulations:

Permitted Yard Encroachments:

- 13.1. The following shall not be considered in the determination of setback distances within any yard:
- a) uncovered and open balconies, terraces, verandas, decks, and patios having a maximum projection from the main wall of 1.8 m (6 ft.) into any required front or rear yard;
 - b) window sills, roof overhangs, eaves, gutters, bay windows, chimneys, and similar alterations projecting a distance of 0.6 m (2 ft.) into any required yard.

Uses or Objects Prohibited or Restricted in Yards:

- 13.2. No development or use of land which requires the disposal of solid waste, liquid waste, gaseous waste or clean fill shall be permitted unless it has received all required federal, provincial or municipal approvals.
- 13.3. The storage of chemicals, fertilizers, and combustible materials are subject to the requirements of both the Federal and Provincial Governments. All necessary requirements and permits must be met and obtained prior the storage of hazardous substances.
- 13.4. A development permit for residential, commercial, recreational, or industrial buildings, structures, or uses shall not be permitted except in accordance with the recommended separation distances set out in the Boiler and Pressure Vessel Regulations which may be amended from time to time. Buildings which are accessory to a fertilizer operation are not subject to this separation distance requirement.

Vehicle Storage:

- 13.5. Notwithstanding other provisions of this Bylaw, the parking and/or outdoor storage, for a period exceeding 14 consecutive days, of a non-registered motor vehicle or motor vehicle that is not in running order, shall be limited to two (2) such vehicles on any site in a multi-parcel country residential district and limited to four (4) such vehicles on any site in an agricultural, country residential, commercial or industrial district, excepting permitted vehicle storage establishments, auto wreckers or the parking and/or storage of non-registered motor vehicles directly appurtenant to an agricultural operation.

- 13.6. Notwithstanding the above no person shall allow a motor vehicle which has all or part of its super structure removed, or a motor vehicle which is in a dilapidated or unsightly condition, to remain or be parked on any site located within a multi-parcel country residential district for a period exceeding 14 consecutive days.
- 13.7. Where any outside storage of motor vehicles is permitted by this Bylaw, the site shall be kept in a tidy and neat manner. The Development Officer may require that the outside storage of these vehicles be screened from municipal roadways or neighboring properties by landscape features or fences or a combination thereof. The screening, where required, shall also include any individual parts of a vehicle and any equipment or machinery involved with the storage of such vehicles.

Trailers, Box Cars, Sea and Rail Containers:

- 13.8. No person shall park or store on any part of a site, any unlicensed, truck, bus, rail or sea car or coach body for the purpose of advertising, sale, or commercial warehousing within any zoning district.
- 13.9. The storage or use of a sea or rail container or semi trailer removed from all wheels and axels for any purpose on a multi parcel country residential site may be considered at the discretion of Council and subject to receiving development permit approval prior to its placement.
- 13.10. The storage or use of a sea or rail container or semi trailer removed from all wheels and axels for any purpose in an agricultural, country residential, commercial or industrial district shall be limited to not more than two (2) containers on any site subject to receiving development permit approval prior to its placement.
- 13.11. The storage or use of a sea or rail container or semi trailer removed from all wheels and axels, permitted by this Bylaw in any front yard is strictly prohibited in any zoning district.
- 13.12. The Development Officer may require that any sea, or rail container or semi trailer removed from all wheels and axels, be screened from municipal roadways or neighboring properties by landscape features or fences or a combination thereof.
- 13.13. The use of a sea or rail container or semi trailer removed from all wheels and axels, as a dwelling is strictly prohibited in all zoning districts.

Grading and Levelling of Sites:

- 13.14. The Development Officer may require, as a condition of approval for a development permit, that an applicant submit a lot grading and drainage plan to the Municipality for approval.
- 13.15. Where a proposed development alters site drainage potentially affecting adjacent or downstream properties, the applicant shall be required to submit an engineered design for the proposed drainage works incorporating sufficient capacity to accommodate surface water runoff for a 1:100 year

storm event with no incremental increase in offsite flows in excess of what would have been generated from the property prior to the new development.

13.16. Drainage works shall be constructed at the owner's expense to provide for adequate surface water drainage that does not adversely affect adjacent properties, or the stability of the land.

13.17. All excavations or filling shall be re-vegetated immediately after other construction activities conclude, with a suitable ground cover as may be necessary to prevent erosion.

13.18. Where excavation or filling is proposed for any development in an area identified as a flood hazard area, the Development Officer may consult and request comments from the Saskatchewan Watershed Authority prior to making a decision on the development permit application.

13.19. All topsoil from an area that is to be re-graded must be stripped, stockpiled, and replaced on the re-graded area, or re-located to a site approved by the Development Officer.

Building and Landscape Design and Maintenance:

13.20. All sites at all times shall be maintained clean and free from waste and debris.

13.21. The outdoor storage or collection of goods and materials in a front yard in any country residential district which, in the opinion of the Development Officer, is unsafe, unsightly, or adversely affects the amenities of the zoning district is prohibited.

13.22. Outdoor storage is permitted in a side or rear yard in a country residential district only when the goods or materials being stored are clearly accessory and incidental to the principal use of the property and properly screened where deemed necessary by the Development Officer.

13.23. The Development Officer when considering a development permit application for uses which involve the outdoor storage of goods, machinery, vehicles, motors, building materials, waste materials and other similar uses may impose conditions requiring the use and maintenance of landscaping, berming, fencing, vegetation or other screening of a location, length, thickness, type, height and extent that is considered necessary to buffer the proposed development from adjacent or neighbouring land uses.

13.24. The Development Officer may require that site landscaping be provided in conjunction with, and addressed as part of any development permit approval in any zoning district.

13.25. The use of landscaping is required adjacent to exterior storage areas within industrial developments to provide a natural screening of activities that are visible from public roads.

Commercial and Industrial Landscape Requirements:

13.26. The requirements contained herein shall apply to all new development on previously undeveloped commercial or industrial lands or where a change in the principal land use is proposed.

13.27. Development permit applications shall include a landscape plan clearly indicate and accurately identify the following:

- a) a site plan drawn to scale, including dimensions and distances, a north arrow and necessary interpretive legends;
- b) boundaries and dimensions of the site; location and name of adjacent streets;
- c) location of all buildings or structures and all structure-to-property line setbacks distances;
- d) the mandatory five (5) metre fire break;
- e) location and type of all light fixtures both attached and detached;
- f) the location of all attached and detached signage;
- g) location of off-street parking and loading areas;
- h) location of proposed screening including materials and height;
- i) type and quantity of existing plant materials to be retained;
- j) location of all soft landscaping proposed, identifying the common and botanical name, location, quantity and spacing;
- k) any other information requested by the Development Officer to accurately and thoroughly evaluate the proposed development.

13.28. Every attempt should be made to preserve and protect existing trees and vegetation during construction.

13.29. All plant material shall be hardy and of a species capable of healthy growth in the R.M of Corman Park.

13.30. No goods or materials shall be stored within 5 meters (16.5 ft) of any site line. This area shall be maintained to the satisfaction of the Development Officer, as a fire break.

13.31. On site lighting shall be located, orientated, and shielded to avoid negatively affecting adjacent properties or producing unnecessary light pollution.

13.32. All waste materials or unsightly elements shall be enclosed by buildings, or screened by landscape features, fences, or a combination thereof to the satisfaction of the Development Officer.

13.33. The owner of the property, or his agent, or tenant shall be responsible for the maintenance of all landscaping. Plants shall be maintained in good condition so as to present a healthy, neat, and orderly appearance and shall be kept free from refuse, debris, and weeds.

13.34. Plants, trees and vegetation which are required by the approved landscape plan and which are diseased or have died shall be replaced with like kind and size in a timely manner.

- 13.35. An applicant shall be required to enter into an agreement with the Municipality to ensure the landscape plan complies with all relevant requirements of this Bylaw.
- 13.36. A development permit shall not be issued until all landscape requirements are complied with in accordance with the approved landscape plan.
- 13.37. All landscaping requirements shall be completed in accordance with the municipally approved scheduled date of completion.
- 13.38. Any significant changes to an approved landscape plan must be authorized by the Development Officer.

Lighting:

- 13.39. All outdoor lighting for any development shall be located and arranged so that no direct rays of light are directed at any adjoining properties; interfere with the use and enjoyment of neighbouring lands; or interfere with the effectiveness of any traffic control devices or the vision or safety of motorists.
- 13.40. Appropriate lighting of commercial and industrial development shall be undertaken to provide security and to add visual interest. Lighting standards and fixtures shall be of consistent design and complimentary to the overall architecture.
- 13.41. Public access areas shall be lit in keeping with the principles of crime prevention.

Building Height:

- 13.42. In determining whether a development conforms to the maximum height permitted in any district, structures such as industrial processing towers, chimney stacks, monuments, steeples, elevator housings, roof stairway entrances, ventilating equipment, skylights, or flagpoles for federal, provincial, or municipal flags shall not be considered for the purpose of determining the height except when proposed in an area regulated by the Saskatoon Airport Authority.

14. Signage:

- 14.1. A development permit is required for the erection, display, alteration, relocation or replacement of any temporary or permanent sign unless exempted as follows:

Signs not requiring a permit:

- 14.2. The following signs do not require a development permit:

- a) regular maintenance including painting and repairs due to deterioration;
- b) municipal and provincial agency signage;
- c) traffic control signage;
- d) decal or painted window signs;
- e) signage intended to regulate hunting or trespassing on private property.

- f) Agriculturally related signage including herbicide, insecticide or seed advertising promotional signage;
- g) incidental signs containing traffic and pedestrian controls;
- h) real estate signage;
- i) residential name plates;
- j) neon beverage signs, on or in the window of a commercial establishment or vending machine;
- k) works of art containing no advertising.

General Signage Regulations:

14.3. The following general regulations shall pertain to temporary and permanent signage in all zoning districts unless otherwise stated:

- a) No signs shall be permitted which move or assume any motion.
- b) A sign which is made from part of, or is attached to a fence is prohibited.
- c) Signs shall be constructed in a permanent manner, of materials suitable for the purpose and life of the sign and shall be maintained and mounted in a condition that is safe, neat, clean and not unsightly or dangerous
- d) Signs which are deemed to be in disrepair shall be properly maintained or removed at the discretion of the Development Officer.
- e) A Development Officer may require that a sign be enhanced with landscaping or architectural features to improve aesthetics.
- f) Offensive statements, words or pictures that do not conform to the amenities of the neighborhood shall be prohibited.
- g) Signs or sign structures shall not be located where they may interfere with, distract from, obstruct the view of, or be confused with any authorized traffic sign, signal or device.
- h) Signs shall not be located in such a manner as to impede the view of any pedestrian or vehicular right of way, or railway crossing.
- i) No intermittent flashing signs shall be permitted in any zoning district and all illuminated signs shall be designed to cast light downwards and located appropriately to prevent the creation of a hazardous situation related to pedestrian and vehicular traffic.
- j) Signs identifying multi-parcel country residential developments or hamlets may be permitted and shall have a maximum of 3 m² gross surface area and a maximum height of 1.2 m and shall not contain advertising.
- k) Incidental signage shall not exceed 0.5 m² (5.4 ft²) of gross surface area and shall not contain any advertising.
- l) No permanent sign shall be placed on or over public property unless specifically permitted within this Bylaw.
- m) Billboards shall only be permitted in sign corridors that have been designated by Council.
- n) Where a sign will be located adjacent to a provincial highway, *The Highways and Transportation Act* will govern placement requirements.

Free Standing Signage:

14.4. In addition to the general regulations contained herein, free standing signs other than directional signage shall:

- a) not contain general advertising or refer to a product or service which is located off site;
- b) maintain a 1 m (3.28 ft) separation from adjacent lot lines;
- c) where electrical power is required, maintain Canadian Standards Association (CSA) approved electrical wiring techniques and the wiring shall be permanently concealed.
- d) not exceed the height restrictions associated with the zoning district in which it is proposed. In the absence of any height restrictions, all signs located in the vicinity of the Saskatoon Airport exceeding 11 m (36 ft) will require written permission from the Saskatoon Airport Authority prior to approval.

Attached Signage:

14.5. Attached signs shall be permitted where they are attached to or projected from the face of a building or canopy or edge of the roof of a building, either vertically or horizontally, provided that they shall not be projected from the face, canopy or roof by means of intermediate supports and are not projected either over the street or above the maximum height permissible for the building type.

Temporary Signage:

14.6. Subject to development approval, temporary signage may be placed in public rights of way for the purpose of advertising special events and will be limited to the following:

- a) the lesser of 12 hours prior to the start of the special event and 12 hours after conclusion or for a continuous period of 72 hours for a private sale;
- b) the lesser of 24 hours prior to the start of the special event and 24 after conclusion or for a continuous period of 96 hours for a non-profit organization;
- c) signs are not to be illuminated;
- d) signage will maintain a separation distance of 10 m (32.8 ft) from another temporary or permanent sign, 3 m (9.84 ft) from a site access point and 10 m (32.8 ft) from an intersection;
- e) signage shall not exceed 3 m² (32.3 ft²) in gross surface area and 1.2 m (3.93 ft) in height; and
- f) election signage is permitted as temporary signage and is permitted only if:
 - i. it is located 3 m (9.84 ft) from any access and 10 m (32.8 ft) from an intersection, 30 m (98.4 ft) from another election sign of the same candidate and 10 m (32.8 ft) from an approved permanent sign;
 - ii. it has a maximum 1.5 m² (16.14 ft²) gross surface area and 2 m (6.56 ft) height

- iii. is erected no earlier than 30 days prior to the date of the election, by-election, referendum or plebiscite and removed 24 hours following the close of voting stations.

Off-Premise Identification:

- 14.7. Off-premise signage for business and activities of a commercial nature are limited to directional signage and shall comply with the following standards, in addition to the general regulations regarding signage:
 - a) Directional signage shall not exceed 3 m² (32.3 ft²) in gross surface area and a height of 2 m (6.56 ft).
 - b) The information to be displayed on directional signage is limited to the type of enterprise, direction and distance to the enterprise.
 - c) Advertising is limited to the placement of a logo.
 - d) A single site is limited to one sign per intersection between the entry to the business and the nearest major highway or paved municipal roadway to a maximum distance of 5 kilometres.
 - e) Directional signage shall maintain a 10 m (32.8 ft) separation from adjacent sign structures.
- 14.8. Where off premise identification signage containing advertising is customarily associated with a permitted land use the following regulations shall apply:
 - a) A master sign plan shall be submitted to the Development Officer showing the location, size, and type of signage to be constructed including cross sectional drawings relating the proposed signage to the landscape of the property.
 - b) All advertising signage shall be internally directed on the site and exposure to public right of ways shall be only incidental.
 - c) The permitted land uses include but are not limited to sports fields, equestrian facilities, and race tracks.

Electronic message board signage:

- 14.9. Notwithstanding any other provision in this bylaw, unless otherwise referenced in subsection 14.10., an electronic message board sign may only be approved as a discretionary use in a Commercial, Industrial or Recreational Zoning District.
- 14.10. Notwithstanding any other provision in this bylaw, an electronic message board sign advertising events, activities, programs, sponsors or services offered, may only be approved as a discretionary use in the Agricultural, Agricultural Residential and Country Residential Zoning District when they are associated with one of the following uses:
 - a) Community Facility;
 - b) Agricultural Support Service; and
 - c) Accommodation Service.
- 14.11. Except as referenced in subsection 13.10., third party advertising on electronic message board signs is not allowed.

- 14.12. Electronic message board signs may only be located on a site where a principal use has been established.
- 14.13. An electronic message board sign must be located at least 90 m (295.3 ft) from any other sign when measured from the closest point of the sign containing the digital display to the closest point or another sign.
- 14.14. An electronic message board sign must be located at least 10 m (32.8 ft) from any other sign when measured from the closest point of the sign containing the digital display to the closest point of another sign.
- 14.15. An electronic message board sign shall not be located within:
- a) 50 m (164 ft) from a building containing a dwelling unit or the property line of a vacant Country Residential Zoning District;
 - b) 15 m (49.2 ft) of a traffic control sign or signal;
 - c) 5 m (16.4 ft) from the property line; or
 - d) 3 m (9.8 ft) of a roadway approach.
- 14.16. Where the digital display of an electronic message board sign is visible from and/or located with 150 m (492.1 ft) of a building containing a dwelling unit, the sign must not operate, or must only display a black screen between the hours of 10 p.m. and 7 a.m.
- 14.17. Notwithstanding subsection 14.16., an electronic message board sign must be self-dimming for the night time conditions and the level of lighting at all times must be to the satisfaction of Council who may direct that the lighting level be adjusted.
- 14.18. An electronic message board sign must not employ any supplementary flashing or intermittent lighting either as part of the sign or on its supporting structure.
- 14.19. An electronic message board sign must maintain a static display for a minimum of six (6) seconds and immediately transition into the next static display with no action, motion, fading in or out, dissolving, blinking, intermittent or flashing light, or the illusion of such effects.
- 14.20. An electronic message board sign must not contain any video, sound, or animations.
- 14.21. An electronic message board sign must contain 24 hour contact information for the development permit holding and be monitored by the development permit holder at all times and in the event of a malfunction, the sign must be designed to either:
- a) provide a continuous static display without varying or increasing the lighting level or;
 - b) provide no display.
- 14.22. Notwithstanding any other provision in this bylaw, an electronic message board sign:

- a) where located in a Commercial district, Industrial district, or Recreational Zoning District has a maximum sign area of 5 m² (53.8 ft²); and
- b) where located in an Agricultural, Agricultural Residential and Country Residential Zoning Districts, has a maximum sign area of 2 m² (21.5 ft²)

14.23. Notwithstanding any other provision in this bylaw, the height of an electronic message board sign must not exceed 6.1 m (20 ft).

14.24. An electronic message board sign must not be located on or attached to a roof or a building.

14.25. Portable electronic message board signs are not permitted in any Zoning District.

14.26. The electrical power supply to an electronic message board sign must be provided underground and any electrical wires or conduits must be concealed from view.

15. Parking:

15.1. On-street parking or loading is not permitted on municipal roadways unless specifically permitted by the Development Officer.

15.2. Where poor field conditions prohibit the on-site parking and loading of agricultural equipment, such equipment maybe permitted to be parked or loaded on municipal roadways where in the opinion of the Development Officer, it does not significantly interfere with the continued safe usage of the roadway.

15.3. Parking and loading facilities shall not be used for driveways, access or egress, commercial repair work, or the display, sale or storage of goods of any kind.

15.4. Required parking and loading facilities shall provide for and include an adequate, safe and convenient arrangement of vehicular points of ingress or egress, driveways, internal roadways, aisles and ramps, unloading and loading of motor vehicles all in relation to buildings and entry points to buildings on the site.

Figure 5: Parking Schedule:

Type of Development	Parking Space Requirements
Residential dwelling units	One (1) parking space for each residential dwelling unit where parking is individually provided within or abutting the unit.
Churches, chapels, community centres, and other places of assembly	Whichever is the greater of: one (1) parking space for every 9m ² (97 ft ²) of gross floor area devoted to public use, or one parking space for each six (6) seats provided for patrons. Where a church and church hall or similar use are on adjoining sites and owned and occupied by the same owner and are of such a nature that they would normally not be used at the same time, whichever off-street parking requirement that is the greater shall apply, but not both.
Commercial use	One (1) parking space for every 18m ² (194 ft ²) of gross floor area; minimum five spaces.
Industrial use	One and one-half (1 ½) parking spaces for every 90m ² (969 ft ²) of gross floor area, but there shall not be less than one (1) parking space for every three (3) employees.
School	One (1) parking space for each staff member plus five (5) parking spaces for each classroom or instructing area.
Motel or hotel	One (1) parking space for each motel or hotel unit.
Recreational use	One (1) parking space for every 18m ² (194 ft ²) of gross floor area; minimum five spaces. Where the use does not include measurable floor space within an acceptable principal building, parking requirements shall be determined by Council on a case to case basis based upon projected peak use and typical use parking requirements.

Parking Areas Provisions:

15.5. The parking facility shall be located on the same site as the use for which it is intended. It shall be developed such that:

- a) it is reasonably accessible to the use and vehicles it is intended to serve;
- b) it is appropriately landscaped to the satisfaction of the Development Officer;
- c) all parking facilities shall be maintained to the satisfaction of the Municipality by the owner of the property;
- d) each parking space within a parking facility shall be a minimum of 2.5 metres (8.2 ft) wide and 6 metres (19.7 ft) long except that parallel parking spaces shall be a minimum of 6.5 metres (21.3 ft) long;

- e) where two or more uses are permitted on any one site or where two or more uses are to share common parking facilities, the off-street parking requirements for each use shall be calculated as if each is a separate use and the total number of off-street parking spaces so calculated shall be provided, excepting the provisions specifically referred to in the previous subsection; and
 - f) one (1) barrier free parking space shall be provided for any required parking facility accommodating between 4 and 100 parking spaces.
- 15.6. Any parking facility shall be developed to the satisfaction of the Development Officer within one year of the completion of the development for which the development permit was issued.
- 15.7. When a building is enlarged or altered in such a manner as to cause an intensification or change of use, provisions shall be made for additional parking spaces as required by the previous subsection.

16. Municipal Services:

Roadways:

- 16.1. Development adjacent to a provincial highway shall meet all provincial regulations respecting access to and the location of structures on the site.
- 16.2. All dead-end roads shall have a cul-de-sac or a hammerhead-T designed at the closed end of at least 15 m (49.21 ft) in diameter, measured at the outside of the traveled way.
- 16.3. Notwithstanding any regulations passed by the Province of Saskatchewan which apply to provincial highways, this Bylaw may establish a higher standard than those required by the Province for developments adjacent to highways and intersections.

Frontage and Access:

- 16.4. A development permit shall not be issued for a non-agricultural use unless the site intended to be used, or upon which a building or structure is to be erected, abuts, or has frontage on a graded all-weather municipal roadway or provincial highway.
- 16.5. The requirement of a service road or internal subdivision roadway to provide access may be imposed as a condition of approval for any new development.
- 16.6. All site access from municipal roadways shall be to the satisfaction of the Director of Operations with respect to location, design, and construction standards. The Director of Operations shall take into account safety and the physical capability of roads that are proposed to serve the development.

Approaches:

- 16.7. All approaches to municipal roadways require the approval of the Director of Operations.
- 16.8. An application for an approach shall be made to the Director of Operations in writing, using the form prescribed by the Municipality and shall include:

- a) the appropriate fee if applicable, and
- b) a sketch showing the desired location for the approach.

16.9. The Director of Operations shall decide upon all approach applications and, based on location, drainage, traffic flow, sight lines, road standards, and safety considerations, may approve or refuse an application for an approach.

16.10. All approaches shall be constructed in accordance with the engineering standards of the Municipality or as authorized by the Director of Operations.

16.11. Where an approach for a commercial, industrial, or residential lot within a multi lot subdivision requires access onto a paved road or highway, the approach shall be paved from the edge of the road surface to 5 m (15 ft) into the lot.

Water Supply:

16.12. No development or use of land shall be permitted where the proposal will adversely affect domestic or municipal water supplies, or where a suitable, potable water supply cannot be furnished to the requirements of the Saskatoon District Health Region and or Sask Water.

16.13. All new multi-parcel country residential development shall be serviced by a centralized potable waterline administrated in a legal form acceptable to the Municipality.

Public Utilities and Municipal Facilities:

16.14. Public utilities and municipal facilities, except solid waste disposal, liquid waste disposal, and clean fill sites, are a permitted use in every zoning district and exempt from the site area, frontage, and setback regulations of every zoning district.

16.15. Public utilities and municipal facilities shall obtain a development permit before commencing any development within the District.

16.16. The application shall include a layout or site plan, as required in the application form, together with evidence of prior public consultation with all adjacent assessed landowners.

17. Keeping of Domestic Animals:

17.1. The keeping of domestic animals is permitted in all districts, subject to relevant bylaws and legislation governing noise and public health; however, breeding kennels and boarding kennels are discretionary uses within select zoning districts

SECTION 4 - STANDARDS FOR DEVELOPMENT

1. Garden Suite:

Notwithstanding other provisions of this Bylaw, a garden suite is subject to the following development standards:

- 1.1. Evidence shall be provided by the applicant to the Municipality that the occupant(s) of the garden suite require care and support provided by the residents of the principal residential dwelling unit, or are required to provide care and support to residents of the principal residential dwelling unit.
- 1.2. The floor area of a detached garden suite shall not be less than 35 m² (375 ft.²) and not greater than 111 m² (1200 ft.²) constructed on grade without a basement.
- 1.3. The maximum height of a detached garden suite shall not exceed 5 m (16.4 ft.) and shall have only one story.
- 1.4. A garden suite shall only be located on a site where it can be serviced by existing utilities.
- 1.5. The garden suite shall not:
 - a) unduly interfere with the amenities or change the character of the neighborhood;
 - b) materially interfere with or affect the use and enjoyment of adjacent properties;
 - c) adversely impact upon the environment; or
 - d) result in excessive demand on municipal services, utilities or municipal roadway access.
- 1.6. Any approval of a garden suite shall be for a maximum period of two years and may be renewed at the discretion of Council providing the requirements of this Bylaw continue to be met.
- 1.7. An applicant shall be required to enter into a development agreement with the Municipality to ensure the garden suite complies with all relevant requirements of this Bylaw including the provision of financial security, to be held by the Municipality, equal to the cost of removing the garden suite.
- 1.8. A mobile home shall only be approved as a garden suite in agricultural districts and shall be no greater in size than 113m² (1216 ft²).
- 1.9. Council shall place any additional conditions for approval deemed necessary to secure the objectives of this Bylaw.

2. Secondary Suite (***Bylaw 38/13, Approved 2013***):

Notwithstanding other provisions of this Bylaw, a secondary suite is subject to the following development standards:

- 2.1. No person shall construct or cause to be constructed, a secondary suite within a principal, single detached residential dwelling unit unless otherwise permitted within this Bylaw.
- 2.2. The minimum floor area of the secondary suite shall not be less than 34.84m² (375 ft²).
- 2.3. The maximum floor area of the secondary suite shall be the lesser area of the following:
 - a) 80 m² (861.11 ft²); or
 - b) 80% of gross floor area of all stories of the principal residential dwelling unit excluding common areas and the garage.
- 2.4. The maximum number of bedrooms for a secondary suite is two (2).
- 2.5. The resident owner of the principal single detached residential dwelling unit shall sign and submit a statutory declaration stating that he/she is the resident of the principal dwelling unit and occupancy of the principal dwelling unit by the owner shall be a condition of a development permit for a secondary suite.
- 2.6. A secondary suite shall be developed in such a manner that the exterior or the principal residential dwelling unit containing the secondary suite shall appear as a single dwelling.
- 2.7. A secondary suite must have an entrance separate from the entrance to the principal residential dwelling unit, either from a common indoor landing or directly from the side or rear of the building.
- 2.8. A secondary suite shall not be subject to separation from the principal residential dwelling unit through a condominium conversion or subdivision.
- 2.9. A minimum of one (1) off-street parking space shall be provided for the exclusive use of the secondary suite.
- 2.10. A secondary suite shall be connected to utility services (e.g. gas, power, water, sewage disposal) or the principal residential dwelling unit, where possible.
- 2.11. A secondary suite shall not jeopardize the existing utility services associated with either the principal residential dwelling unit on the same parcel or neighbouring parcels.
- 2.12. The secondary shall not:
 - a) unduly interfere with the amenities or change the character of the neighbourhood;
 - b) materially interfere with or affect the use and enjoyment of adjacent properties;
 - c) adversely impact upon the environment; or

d) result in excessive demand on municipal services, utilities or municipal roadway access.

- 2.13. Only one of a secondary suite, garden suite or secondary residential dwelling unit may be developed in conjunction with a principal single detached residential dwelling unit.
- 2.14. A secondary suite shall not be developed within a principal single detached residential dwelling unit dwelling containing an accommodation service, home based business – bed and breakfast or a community care facility.
- 2.15. A secondary suite shall only be located on a parcel or site deemed to be a safe building site.
- 2.16. In developing a secondary suite, the owner shall comply with all relevant requirements of the National Building Code. The issuance of a development permit does not relieve the applicant of the requirement to comply with the National Building Code.
- 2.17. Council shall place any additional conditions for approval deemed necessary to secure the objectives of this Bylaw.

3. Home Based Business:

Notwithstanding other provisions of this Bylaw, a home based business is subject to the following development standards:

- 3.1. The operation of the home based business shall be subordinate and incidental to the principal use of the site as an owner occupied agricultural or country residence.
- 3.2. External advertising shall be in accordance with signage requirements provided in the zoning district in which the use is established.
- 3.3. The use shall not create or become a public nuisance.
- 3.4. A resident of the residential dwelling unit must be employed in the home based business.
- 3.5. Not more than two persons other than the residents of the residential dwelling unit shall be employed in the home based business.
- 3.6. No use shall cause an increase in the demand placed on one or more utilities (water, sewer, electricity, telephone, garbage, etc.) such that the combined total consumption for a residential dwelling unit and its home based business substantially exceeds the average for residential dwelling units in the area.
- 3.7. The use shall not generate substantially more traffic and parking than is normal for the district in which the use is located.
- 3.8. Offsite parking shall not be allowed.

- 3.9. The outdoor storage of raw materials and unfinished goods associated with the home based business is prohibited in multi-parcel country residential districts.
 - 3.10. The character of the district in which the home occupation is located shall not be disturbed by dust, noise, smoke or smell generated by the use.
 - 3.11. The Development Officer when considering a development permit application for a home based business which involves the outdoor storage or display of raw or finished or unfinished goods, or equipment directly associated with the use, may impose conditions requiring the use and maintenance of landscaping, berming, fencing, vegetation or other screening of a location, length, thickness, type, height and extent that is considered necessary to buffer the proposed development from adjacent or neighbouring land uses.
 - 3.12. An applicant shall be required to enter into a development agreement with the Municipality to ensure the home based business complies with all relevant requirements of this Bylaw.
 - 3.13. No use requiring electrical or mechanical equipment shall cause a substantial fire rating change in the structure or the district in which the home based business is located.
 - 3.14. The use shall be valid only for the period of time the property is occupied by the applicant for such use. Council may place a limit on the time period for the approval of the discretionary use.
 - 3.15. All permits issued for a home based business shall be subject to the condition that the development permit may be revoked at any time subject to the provisions of Section 242 of the Act, if in the opinion of Council, the operation has not met the regulations and standards applicable to home based businesses contained in this Bylaw, or the special standards applied by Council at the time of approval.
 - 3.16. Council shall place any additional conditions for approval deemed necessary based upon a specific application to secure the objectives of this Bylaw.
4. Home Occupation:
- Notwithstanding other provisions of this Bylaw, a home occupation is subject to the following development standards:
- 4.1. The operation of the home occupation shall be subordinate and incidental to the principal use of the site as an owner occupied agricultural or country residence.
 - 4.2. The use shall be conducted entirely within the residential dwelling unit and shall not have any exterior evidence of a secondary use on the site.
 - 4.3. There shall be no outside storage or exterior display of goods, materials, or equipment associated with the applied use.
 - 4.4. There shall be no external advertising.

- 4.5. The use shall not create or become a public nuisance.
- 4.6. The character of the district in which the home occupation is located shall not be disturbed by dust, noise, smoke or smell generated by the use.
- 4.7. Only the residents of the residential dwelling unit shall be employed in the home occupation.
- 4.8. No use shall cause an increase in the demand placed on one or more utilities (water, sewer, electricity, telephone, garbage, etc.) such that the combined total consumption for a residential dwelling unit and its home occupation substantially exceeds the average for residential dwelling units in the area.
- 4.9. The use shall not generate substantially more traffic and parking than is normal for the district in which the use is located.
- 4.10. No use requiring electrical or mechanical equipment shall cause a substantial fire rating change in the structure or the district in which the home occupation is located.
- 4.11. The use shall be valid only for the period of time the property is occupied by the applicant for such use.
- 4.12. All permits issued for a home occupation shall be subject to the condition that the development permit may be revoked at any time subject to the provisions of Section 242 of the Act, if in the opinion of Council, the operation has not met the regulations and standards applicable to home occupations contained in this Bylaw, or the special standards applied by Council at the time of approval.

5. Bed and Breakfast Home:

Notwithstanding other provisions of this Bylaw, a bed and breakfast home is subject to the following development standards:

- 5.1. A bed and breakfast home shall be located in a single detached residential dwelling unit and the operation of the bed and breakfast home shall be subordinate and incidental to the principal use of a single detached residential dwelling unit as an owner occupied agricultural or country residence. No one other than the occupant(s) of the principal residence may be involved or employed in the operation of the bed and breakfast home.
- 5.2. No more than three (3) guest rooms shall be allowed in a bed and breakfast home.
- 5.3. Onsite signage shall be erected in accordance with the signage requirements provided in the zoning district in which the use is established.
- 5.4. No food preparation or cooking for guests shall be conducted within any bedroom made available for rent.

- 5.5. The applicant shall provide the Municipality with evidence of an existing or proposed potable water supply and septic system, approved by the Saskatoon Health Region, serving the use.
- 5.6. An applicant shall be required to enter into a development agreement with the Municipality to ensure the bed and breakfast home complies with all relevant requirements of this Bylaw.
- 5.7. Council shall place any additional conditions for approval deemed necessary based upon a specific application to secure the objectives of this Bylaw.

6. Animal Kennel:

Notwithstanding other provisions of this Bylaw, an animal kennel is subject to the following development standards:

- 6.1. The operation of an animal kennel shall be subordinate and incidental to the principal use of the site as an owner occupied agricultural or country residence.
- 6.2. The maximum number of animals that the animal kennel may keep shall be determined at the discretion of Council.
- 6.3. An animal is kept, for purposes of this section, when it is on the site overnight.
- 6.4. No building, structure, or exterior exercise areas, to be used to accommodate the animals shall be allowed within 300m (1000 ft.) of any residential dwelling unit located on adjacent sites.
- 6.5. All facilities, including buildings, structures and exterior exercise areas, shall be sited behind the principal building unless otherwise approved by Council.
- 6.6. Council may require all buildings, structures and exercise areas to be soundproofed to their satisfaction.
- 6.7. All facilities shall be visually screened from existing residential dwelling units on adjacent sites through the use of appropriate landscaping and fencing.
- 6.8. No animals shall be allowed outdoors between the hours of 9:00 p.m. to 7:00 a.m. daily. During this time period, all animals shall be kept indoors. The Council at its discretion may prescribe a more restrictive time period where deemed necessary to achieve the objectives of this Bylaw.
- 6.9. The animal kennel shall at no time unduly interfere with the character of the neighborhood or the general use and enjoyment of adjacent sites.
- 6.10. Onsite signage shall be erected in accordance with the signage requirements provided in the zoning district in which the use is established.
- 6.11. Council may approve an animal kennel shall be for a limited time period in order to evaluate and monitor its operation and the approval may be renewed at the discretion of Council providing the requirements of this Bylaw continue to be met.

- 6.12. All permits issued for an animal kennel shall be subject to the condition that the development permit may be revoked at any time, if in the opinion of Council; the operation has not met the regulations and standards applicable to animal kennels contained in this Bylaw, or the special standards applied by Council at the time of approval.
- 6.13. An applicant shall be required to enter into a development agreement with the Municipality to ensure the animal kennel complies with all relevant requirements of this Bylaw including any additional conditions of approval.
- 6.14. Council shall place any additional conditions for approval deemed necessary based upon a specific application to secure the objectives of this Bylaw.

7. Equestrian Facility:

Notwithstanding other provisions of this Bylaw, an equestrian facility is subject to the following development standards:

- 7.1. Excepting in a recreational zoning district, the operation of an equestrian facility shall be subordinate and incidental to the principal use of the site as an owner occupied agricultural or country residence.
- 7.2. The maximum number of animals not normally attributed to the host site to be kept on-site shall be determined at the discretion of Council.
- 7.3. An animal is kept, for purposes of this section, when it is on the site overnight.
- 7.4. The applicant may be required to submit a storm water management plan for all areas of the site of land disturbed during or as a result of the development of the principal and supporting facilities.
- 7.5. The applicant may be required to submit a report to the Municipality identifying the potential traffic resulting from the proposed development.
- 7.6. The applicant may be required to contribute towards upgrading access roads if the municipal roadway networks require upgrading because of the impact of the facility.
- 7.7. Offsite parking shall not be allowed.
- 7.8. Details concerning water supply and sewage disposal strategies shall be included with the application.
- 7.9. Onsite signage shall be erected in accordance with the signage requirements provided in the zoning district in which the use is established.
- 7.10. An applicant shall be required to enter into a development agreement with the Municipality to ensure the equestrian facility complies with all relevant requirements of this Bylaw and conditions of approval including provisions for garbage and manure control, pasture management, on site stock trailer parking, and participant and spectator parking.

7.11. Council shall place any additional conditions for approval deemed necessary based upon a specific application to secure the objectives of this Bylaw.

8. Residential Day Cares:

Notwithstanding other provisions of this Bylaw, a residential day care is subject to the following development standards:

- 8.1. The use shall be clearly incidental and secondary to the use of the dwelling unit as a private residence.
- 8.2. The use shall be conducted entirely within the residential dwelling unit.
- 8.3. A residential day care exceeding 8 children under the age of 13 that are to be cared for at one time, including those children who reside at the premises or any children of a person assisting the daycare provider, shall require a license from the Provincial government.
- 8.4. A residential day care shall not provide child care services to more than 12 children at any one time, including those children who reside at the premises or any children of a person assisting the daycare provider.
- 8.5. The length of time that care shall be provided is not less than 3 and no more than 24 consecutive hours.
- 8.6. Outdoor play areas shall be fenced.
- 8.7. Evidence of an existing or proposed potable water supply and septic system, approved by the Saskatoon Health Region, serving the use shall be provided.
- 8.8. Onsite signage shall be erected in accordance with the signage requirements provided in the zoning district in which the use is established.
- 8.9. Parking shall be provided in accordance with the General Regulations contained within this Bylaw.
- 8.10. The dwelling unit that the residential day care is proposed shall meet the requirements of The National Building Code of Canada.
- 8.11. The care of special needs children are required to comply with The Child Care Act and The Child Care Regulations, 2001.
- 8.12. The use shall comply with all Provincial requirements governing family day care homes including but not limited to The Child Care Act and The Child Care Regulations, 2001.

9. Day Care Facilities:

Notwithstanding other provisions of this Bylaw, a day care is subject to the following development standards:

- 9.1. The use shall be conducted accessory to an agricultural or residential yard site.

- 9.2. The length of time that care shall be provided is not less than 3 and no more than 24 consecutive hours.
 - 9.3. Parking shall be provided in accordance with the General Regulations contained within this Bylaw.
 - 9.4. The applicant shall provide evidence that demand exists for the facility in the location chosen and estimated enrollment numbers.
 - 9.5. Outdoor play areas shall be fenced.
 - 9.6. Evidence of an existing or proposed potable water supply and septic system, approved by the Saskatoon Health Region, serving the use shall be provided.
 - 9.7. Onsite signage shall be erected in accordance with the signage requirements provided in the zoning district in which the use is established.
 - 9.8. The use shall be contained in a separate facility outside of, or attached to, a dwelling unit and shall meet the requirements of The National Building Code of Canada.
 - 9.9. The care of special needs children are required to comply with The Child Care Act and The Child Care Regulations, 2001.
 - 9.10. The use shall comply with all Provincial requirements governing child care facilities including but not limited to The Child Care Act and The Child Care Regulations, 2001.
10. Solid and Liquid Waste Disposal Facilities:

Notwithstanding other provisions of this Bylaw, solid and liquid waste disposal facilities are subject to the following development standards:

- 10.1. Development and site maintenance shall be in accordance with provincial and federal environmental and health regulations.
- 10.2. A solid waste disposal facility shall be located a minimum of 457 m (1500 ft.) from any residential dwelling unit, multi-parcel country residential development, Wanuskewin Heritage Park or recreational use.
- 10.3. A liquid waste disposal facility shall be located a minimum of 600 m (1968 ft.) from any residential dwelling unit, multi-parcel country residential development, Wanuskewin Heritage Park or recreational use.
- 10.4. The Development Officer when considering a development permit application for a solid or liquid waste disposal facility may impose conditions requiring the use and maintenance of landscaping, berming, fencing, vegetation or other screening of a location, length, thickness, type, height and extent that is considered necessary to buffer the proposed development from adjacent or neighbouring land uses.
- 10.5. When approving a solid or liquid waste disposal facility, Council may impose the following conditions:

- a) place a limitation on the years, months, weeks, days and or hours of operation;
 - b) require the applicant to provide and maintain sufficient dust control to the satisfaction of the Municipality;
 - c) limit the height of the development;
 - d) impose requirements related to any stripping, filling, excavation and grading associated with any landfill development.
- 10.6. Adequate precautions shall be taken to prevent pollution of ground water by disposal operations.
- 10.7. Solid waste disposal facilities shall be located in proximity to a provincial highway and directly adjacent to a municipal roadway.
- 10.8. The development of any new disposal sites shall take into consideration the direction of prevailing winds.
- 10.9. Onsite signage shall be erected in accordance with the signage requirements provided in the zoning district in which the use is established.
- 10.10. An applicant shall be required to enter into a development agreement with the Municipality to ensure the solid or liquid waste disposal facility complies with all relevant requirements of this Bylaw including any additional conditions of approval necessary to secure the objectives of this Bylaw.
- 10.11. The above standards do not apply to liquid manure storage facilities and the application of manure on agricultural lands where this use is deemed consistent with all other relevant sections of this Bylaw.
11. Mineral Resource Extraction Industry:
- Notwithstanding other provisions of this Bylaw, a sand and gravel extraction industry is subject to the following development standards:
- 11.1. In reviewing an application, Council shall consider the environmental implications of the operation including plans for site restoration.
- 11.2. In addition to the public notification provisions for discretionary uses contained in this Bylaw, Council shall require that details of the application be circulated to property owners adjacent to the proposed haul roads to obtain public input on the proposed site.
- 11.3. The applicant shall ensure that dust and noise control measures are undertaken at the request of and to the satisfaction of the Director of Operations, to prevent the operation from becoming an annoyance to neighbouring land owners.
- 11.4. The applicant shall apply appropriate methods for minimizing the noise created from machinery and equipment through proper location and property screening including locating stock piles to act as a noise barrier.
- 11.5. The applicant shall keep the site in a clean and tidy condition free from rubbish and non-aggregate debris.

- 11.6. The disturbed area shall be progressively reclaimed to a land capability equivalent to the pre-disturbance land capability (for example, agricultural land) or a post-disturbance condition and land use (for example, conversion to wetland) which are satisfactory to the Director of Operations. These conservation and reclamation procedures shall be in accordance with applicable provincial guidelines.
 - 11.7. Property approaches shall be located away from existing residential dwelling units.
 - 11.8. The applicant shall be responsible for providing an estimate and a corresponding financial guarantee, in a form acceptable to the Director of Operations, equal to the cost of reclamation of the pit, to be held by the Municipality for the lifespan of the operation.
 - 11.9. A mineral resource extraction industry shall have regard to adjacent land uses and no material is to be stored or piled on any road allowance or within 30 m (100 ft) of the bank of any river or watercourse.
 - 11.10. The applicant, operator, or any person who hauls the sand and gravel resource may be required by the Director of Operations to enter into a road maintenance agreement.
 - 11.11. By November 1 of each year or the end of the hauling season, whichever comes first, the applicant or operator must report the amount of material extracted by the operation that year to the Director of Operations.
 - 11.12. Any approval of a mineral resource extraction industry shall be for a maximum period of two years and may be renewed at the discretion of Council providing the requirements of this Bylaw continue to be met.
 - 11.13. An applicant shall be required to enter into a development agreement with the Municipality to ensure the mineral resource extraction industry complies with all relevant requirements of this Bylaw including any additional conditions of approval necessary to secure the objectives of this Bylaw.
12. Clean Fill Operation:
- Type I Clean Fill:*
- 12.1. For the purpose of this section, a type I clean fill operation shall comprise the dumping or placement of clean fill from outside sources for the purpose of re-grading or leveling a property to reclaim previously excavated properties, correct drainage on a site or make a site more suitable for construction. A type I clean fill operation is not intended to accommodate the processing or recycling of fill for commercial distribution.
 - 12.2. The applicant shall provide evidence of compliance with any applicable provincial and federal legislation or regulations including approvals where required.
 - 12.3. The applicant shall employ the services of a Professional Geotechnical Engineer licensed to practice in the Province of Saskatchewan to review and

endorse the clean fill plan and complete regular inspections of the operation providing the Development Officer with evidence that the type and application of the fill is in accordance with the design approved by Council.

- 12.4. The applicant shall provide a operational plan acceptable to Council, identifying:
 - a) the types of materials to be collected and processed onsite;
 - b) the hours of operation for collection, processing and hauling activities;
 - c) strategies for the management and protection of surface and ground water resources including the location and design of storm water runoff collection facilities; and
 - d) strategies for minimizing odour and dust generated by the activity.
- 12.5. In addition to the public notification provisions for discretionary uses contained in this Bylaw, Council shall require that details of the application be circulated to property owners adjacent to the proposed haul roads to obtain public input on the proposed site.
- 12.6. The applicant shall permit a representative of the Municipality to perform routine inspections of the operation where deemed appropriate.

SCHEDULE M - DIRECT CONTROL DISTRICT 1

(DCD1 - DIRECT CONTROL DISTRICT 1 – VILLAGE AT CROSSMOUNT) (*Bylaw 36/13, Approved September 26, 2013*)

1. PURPOSE

To accommodate the integrated planned **Village at Crossmount** – an “aging-in-place” senior’s community featuring a mix of housing options and lifestyles with associated community facilities and amenities, specialized land uses, innovative design features, and an environmentally sustainable development model.

2. PERMITTED USE OF LAND IN THE DCD1 - DIRECT CONTROL DISTRICT 1

The permitted use of land and associated accessory uses for each phased development area in DCD1 - Direct Control District 1 (Village at Crossmount) is identified in the Official Community Plan and shall be in accordance with the list of permitted uses specified in the Development Agreement for each phased development area.

3. The provisions of SECTION 3 – GENERAL REGULATIONS do not apply to DCD1 - Direct Control District 1.

4. NUMBER OF PRINCIPAL BUILDINGS OR USES PER SITE

There shall be no restrictions on the number of principal buildings or uses per site in DCD1 - Direct Control District 1.

5. MAXIMUM BUILDING HEIGHT

The maximum building height within DCD1 - Direct Control District 1 is 3 storeys. Building height in the Village Centre Area shall be regulated as follows:

5.1 The maximum building height for mixed use buildings and development shall be three (3) storeys.

5.2 The maximum building height for all other uses shall be two (2) stories.

6. ACCESSORY BUILDINGS, USES AND STRUCTURES

The development of accessory buildings, uses and structures shall be in accordance with the following requirements:

6.1 Accessory buildings, uses or structures are permitted when accessory to an established principal use, for which a development permit has been issued.

6.2 No accessory building or structure may be constructed, erected or moved on to any site prior to the time of construction of the principal building to which it is accessory unless the accessory building is essential for the completion of the construction of the principal building and where a building and development permit for the principal use has been issued.

6.3 Where a building on a site is attached to a principal building by a solid roof or by structural rafters, and where the solid roof or rafters extend at least one third of the length of the building wall that is common with the principal building, the building is deemed to be part of the principal building.

7. DISPOSAL OF WASTES

Subject to all Acts and Regulations pertaining in any way to the storage, handling, and disposal of any waste material or used item, and except as permitted by these Acts and Regulations, no liquid, solid, or gaseous wastes shall be allowed to be discharged into any stream, creek, river, lake, pond, slough, intermittent drainage channel or other body of water, onto or beneath the surface of any land, or into the air.

8. DEMOLITION OF BUILDINGS

8.1 No building shall be decommissioned or removed from a property within the DCD1 – Direct Control District 1 without first obtaining a development permit from the Development Officer.

8.2 An application shall be submitted to the Development Officer along with any required fees and deposits including an explanation of the means by which it shall be decommissioned and disposed of as required by Municipal Building Bylaw.

8.3 A building shall not be decommissioned or removed from a property until the Development Officer is satisfied that there are no debts or taxes in arrears or taxes outstanding with respect to the building or land on which the building is situated.

8.4 The applicant shall deposit with the Development Officer such sum as is required by the Municipal Building Bylaw to cover the cost of restoring the site after the building has been demolished or removed to such condition that it is, in the opinion of the Development Officer, not dangerous to public safety.

8.5 The acceptable methods of disposal of demolition debris are as follows:

- a) Inert materials including rocks, sand, mud, slurry, broken concrete, glass, and rubble may be buried on site after removal of all organic or potentially hazardous materials.
- b) All organic materials such as lumber should be burned on site and buried.
- c) All potentially hazardous materials including asphalt shingles shall be removed and taken to the landfill or an appropriate recycling depot.
- d) All buried debris shall be covered by a minimum of 24 inches of soil.

- 8.6 Prior to conducting a controlled burn, the appropriate fire protection service and the RM of Corman Park Police Service should be notified. This notification should be provided the day of the burn. To determine what fire protection agency to contact, please refer to the fire-fighting district map on the RM of Corman Park website or contact the RM Administration Office for more details.
- 8.7 Upon completion of the demolition, the applicant shall notify the Development Officer to arrange for an inspection of the premises. If in the opinion of the Development Officer, the debris has been properly disposed of and the site has been restored to a condition satisfactory to the Development Officer, the sum deposited, or portion thereof, shall be refunded.

9. STORAGE OF MOTOR VEHICLES

Where any outside storage of recreational and motor vehicles is permitted, the site shall be kept in a tidy and neat manner. The Development Officer may require that the outside storage of these vehicles be screened from municipal roadways or neighbouring properties by landscape features or fences or a combination thereof. The screening, where required, shall also include any individual parts of a vehicle and any equipment or machinery involved with the storage of such vehicles.

10. GRADING AND LEVELING OF SITES

- 10.1 The Development Officer may require, as a condition of approval for a development permit, that an applicant submit a lot grading and drainage plan to the Municipality for approval.
- 10.2 Where a proposed development alters site drainage potentially affecting adjacent or downstream properties, the applicant shall be required to submit an engineered design for the proposed drainage works incorporating sufficient capacity to accommodate surface water runoff for a 1:100 year storm event with no incremental increase in offsite flows in excess of what would have been generated from the property prior to the new development.
- 10.3 Drainage works shall be constructed at the owner's expense to provide for adequate surface water drainage that does not adversely affect adjacent properties, or the stability of the land.
- 10.4 All excavations or filling shall be re-vegetated immediately after other construction activities conclude, with a suitable ground cover as may be necessary to prevent erosion.
- 10.5 Where excavation or filling is proposed for any development in an area identified as a flood hazard area, the Development Officer may consult and request comments from the Saskatchewan Watershed Authority prior to making a decision on the development permit application.
- 10.6 All topsoil from an area that is to be re-graded must be stripped, stockpiled, and replaced on the re-graded area, or relocated to a site approved by the Development Officer.

11. SIGNAGE

Regulations for signage in DCD1 - Direct Control District 1 shall be in accordance with the following:

11.1 The following signs do not require a development permit:

- a) No signs shall be permitted which move or assume any motion.
- b) A sign which is made from part of, or is attached to a fence is prohibited.
- c) Signs shall be constructed in a permanent manner, of materials suitable for the purpose and life of the sign and shall be maintained and mounted in a condition that is safe, neat, clean and not unsightly or dangerous.
- d) Signs which are deemed to be in disrepair shall be properly maintained or removed at the discretion of the Development Officer.
- e) The Development Officer may require that a sign be enhanced with landscaping or architectural features to improve aesthetics.
- f) Offensive statements, words or pictures that do not conform to the amenities of the neighbourhood shall be prohibited.
- g) Signs or sign structures shall not be located where they may interfere with, distract from, obstruct the view of, or be confused with any authorized traffic sign, signal or device.
- h) Signs shall not be located in such a manner as to impede the view of any pedestrian or vehicular right of way, or railway crossing.
- i) No intermittent flashing signs shall be permitted and all illuminated signs shall have a steady, internal light source or a steady external light source shielded so that the light is directed only at the face of the sign.
- j) Billboards are prohibited.
- k) Where a sign will be located adjacent to a provincial highway, its placement is subject to *the Highways and Transportation Act, 1997*.

11.3 The following regulations shall pertain to free standing signs in DCD1 - Direct Control District 1:

- a) No signs shall contain general advertising for a product or service which is located off-site.
- b) Signs shall maintain a 5 metre separation from adjacent lot lines.

- c) Where a sign requires electrical power, it shall be wired according to Canadian Standards Association (CSA) approved electrical wiring techniques and the wiring shall be permanently concealed.
- d) Signs shall not exceed a height of 6 metres.

11.4 The following regulations shall pertain to attached signs in DCD1 - Direct Control District 1:

- a) Attached signs shall be permitted where they are attached to or projected from the face of a building or canopy or edge of the roof of a building, either vertically or horizontally, provided that they shall not be projected from the face, canopy or roof by means of intermediate supports and are not projected either over a street or above the maximum building height.

12. PARKING

12.1 Provision for off street parking and loading for all uses in DCD1 - Direct Control District 1 shall be in accordance with the following:

- a) Required parking and loading facilities shall provide for and include an adequate, safe and convenient arrangement of vehicular points of ingress or egress, driveways, internal roadways, aisles and ramps, unloading and loading of motor vehicles all in relation to buildings and entry points to buildings on the site.
- b) The minimum dimensions of a parking space shall be 2.5 metres (8.2 ft) wide and 6 metres (19.7 ft) long.

12.2 PARKING SCHEDULE:

- a) Dwelling units, except in a care building: 1 space for each dwelling unit
- b) Dwelling units, in a care building: 0.25 spaces for each dwelling unit
- c) Community service uses, such as churches, community centres, art barns and other gathering places: 1 space for every 9 m² of gross floor area dedicated to public use
- d) Administration, office, healthcare and commercial uses: 1 space for every 18 m² of gross floor area

13. WATER SUPPLY

13.1 No development or use of land shall be permitted where the proposal will adversely affect domestic or municipal water supplies, or where a suitable, potable water supply cannot be furnished to the requirements of the Saskatoon District Health Region and/or the Saskatchewan Water Security Board.

14. PUBLIC WORKS AND MUNICIPAL FACILITIES

14.1 Public works and municipal facilities, except solid waste disposal, liquid waste disposal, and clean fill sites, are a permitted use in DCD1 - Direct Control District 1 and exempt from any site layout regulations.

14.2 Public works and municipal facilities shall obtain a development permit before commencing development.

15. HOME OCCUPATIONS

The following regulations shall pertain to home occupations in DCD1 - Direct Control District 1:

15.1 The operation of a home occupation shall be subordinate and incidental to the principal use of the site as a resident of a dwelling.

15.2 The use shall be conducted entirely within the residential dwelling unit and shall not have any exterior evidence of a secondary use on the site.

15.3 There shall be no outside storage or exterior display of goods, materials, or equipment associated with a home occupation.

15.4 There shall be no external advertising.

15.5 The use shall not create or become a public nuisance.

15.6 The character of DCD1 - Direct Control District 1 shall not be disturbed by dust, noise, smoke or smell generated by a home occupation.

15.7 Only the residents of the residential dwelling unit shall be employed in the home occupation.

15.8 No use shall cause an increase in the demand placed on one or more utilities (water, sewer, electricity, telephone, garbage, etc.) such that the combined total consumption for a residential dwelling unit and its home occupation substantially exceeds the average for residential dwelling units in the area.

15.9 The use shall not generate substantially more traffic than is normal for dwelling units in DCD1 - Direct Control District 1 and offsite parking is not permitted.

15.10 No use requiring electrical or mechanical equipment shall cause a fire rating change in the dwelling unit from what is required for residential use.

15.11 The use shall be valid only for the period of time in which the property is occupied by the applicant for such use.

15.12 All permits issued for a home occupation shall be subject to the condition that the development permit may be revoked at any time subject to the provisions of Section 242 of the Planning and Development Act, 2007, if in the opinion of Council, the operation has not met the regulations and standards applicable to home occupations contained in DCD1 - Direct Control District 1.

16. The provisions of SECTION 4 – STANDARDS FOR DEVELOPMENT do not apply to DCD1 - Direct Control District 1.

17. DEVELOPMENT REVIEW AND APPROVAL

The approval by Council of site **PLANS** for a separate development area, or portion of a development area in accordance with the DCD1 - Direct Control District 1 development guidelines in the Official Community Plan and Section 65 (1) (a) and (b) of the Act shall constitute development permit approval under this bylaw.  - a. the rearing, confinement or feeding of more than 100 animal units of poultry, hogs, sheep or cattle in an enclosure where the space per animal unit is less than 371.6 square meters (4000 square feet); or
 - b. the rearing, confinement or feeding of a lesser number of animal units of poultry, hogs, sheep or cattle in an enclosure where the space per animal unit is less than 371.6 square meters (4000 square feet) and where the nearest edge of the enclosure is:
 - i. within 305 meters (1000 feet) of a body of water, drainage ditch, irrigation ditch or water course, except where such feature is entirely

- ii. contained on the operator's property and does not overflow or discharge onto property under control of the operator, or within 305 meters (1000 feet) of a residential dwelling unit not owned by the operator; or
 - c. any other livestock operation whose operator elects to apply for a permit under *The Pollution (By Livestock) Control Act*.
10. **Agricultural Operation** – means an operation that is carried out on a farm, in the expectation of gain or reward, including:
- a. cultivating land;
 - b. producing agricultural crops, including hay and forage;
 - c. producing horticultural crops;
 - d. non-intensive raising all classes of livestock, horses, poultry, fur-bearing animals, game birds and game animals, bees and fish;
 - e. producing eggs, milk, honey and other animal products;
 - f. operating agricultural machinery and equipment, including irrigation pumps and noise-scare devices;
 - g. conducting any process necessary to prepare a farm product for distribution from the farm gate;
 - h. storing, handling and applying fertilizer, manure, organic wastes, soil amendments and pesticides, including both ground and aerial application;
 - i. any other prescribed agricultural activity or process as defined by Council from time to time.
11. **Agricultural Residential Development** – means the establishment of a residence on an agricultural holding in the absence of subdivision of where the residence remains directly appurtenant to the agricultural operation as a permitted accessory building.
12. **Agricultural Support Services** – means development providing products or services directly related to the agricultural industry including processing, distribution and sales. Without restricting the generality of the foregoing, this shall include such facilities as feed mills, farm implement dealerships, abattoirs, bulk fertilizer or fuel distributors, and livestock auctions.
13. **Agricultural Tourism Use** – Means a tourism oriented commercial land use related to the retail sale of products or the provision of entertainment associated with an agricultural operation or a rural environment and without limiting the generality of the above includes historical farms, farm zoos, gift shops, restaurants, art galleries and cultural entertainment facilities.
14. **Airport** – means an area of land or water, including the frozen surface thereof, or other supporting surface used or intended to be used either in whole or in part for the storage, arrival or departure, movement, maintenance, servicing, rebuilding, manufacturing of component parts, and assembly of aircraft, and includes any building, installation or equipment in connection therewith, and for which an airport license has been issued by the Minister of Transport.
15. **Alteration or Altered** – with reference to a building, structure or site means a change from one major occupancy class or division to another, or a structural

change such as an addition to the area or height, or the removal of part of a building, or any change to the structure such as the construction of, cutting into or removal of any wall, partition, column, beam, joist, floor or other support, or a change to or closing of any required means of egress or a change to the fixtures, equipment, cladding, trim, or any other items regulated by this Bylaw such as parking and landscaping.

16. **Amusement and Entertainment Service** – means those developments, having a room, area, or building used indoors or outdoors for purposes of providing entertainment and amusement to patrons on a commercial fee for admission or service basis. Typical uses and facilities would include go-cart tracks, miniature golf establishments, carnivals (variety of shows, games, and amusement rides), circuses, or amusement theme parks.
17. **Ancillary** – means building, structure, or use of a specific site which is related in a subsidiary manner to the principal building, principal structure, or principal use of the same site.
18. **Animal Health Care Facility** – means establishments primarily engaged in a variety of services for household pets and livestock including but not limited to grooming, training and healthcare services. For the purposes of this Bylaw, an Animal Health care Facility shall not include a boarding or breeding kennel.
19. **Applicant** – means a developer or person applying for a development permit under this Bylaw or a subdivision approval to an approving authority under *The Planning and Development Act, 2007*.
20. **Auction Facility** – means a building or structure or lands used for the storage of goods, materials, and livestock which are to be sold on the premises by public auction and for the sale of the said goods, materials, and livestock by public auction and on an occasional basis.
21. **Automotive, Equipment and Vehicle Service** – means establishments primarily engaged in retailing motor vehicles and providing complementary services including a range of mechanical and electrical repairs, refueling services and general maintenance services for motor vehicles such as automobiles, motor homes, recreational trailers, campers, motorcycles, recreational watercraft, snowmobiles, off-road all-terrain vehicles, and utility trailers, and retailing motor vehicle parts and accessories.
22. **Auto Wrecker** – An area where motor vehicles are disassembled, dismantled or junked, or where vehicles not in operable condition, or used parts of motor vehicles, are stored or sold to the general public.
23. **Bed and Breakfast Home** – means a residential dwelling unit, licensed as a tourist home under The Public Accommodation Regulations, 2003, in which overnight accommodation within the residential dwelling unit is provided to the travelling public for a charge.
24. **Billboard** – means a private free standing sign, including supporting structures, which advertises goods, products, services, organizations, or facilities that are

available from, located on, or refer to, a site other than the site on which the sign is located.

25. **Buffer** – means a strip of land, vegetation or a land use that physically separates two or more different land uses.
26. **Building** – means a structure used for the shelter or accommodation of persons, animals, goods, or chattels, having a roof which is supported by columns or walls.
27. **Building Bylaw** – means the Bylaw of the Rural Municipality of Corman Park No. 344 regulating the erection, alteration, repair, occupancy, or maintenance of buildings and structures.
28. **Building Floor Area** – means the sum of the habitable gross horizontal area of all floors of a building excluding in the case of a dwelling, the floor area used for and devoted to mechanical equipment, laundry, storage, swimming pools, private garage, porch veranda, or sunroom. All dimensions shall be measured between exterior faces of walls or supporting columns, or from the centre line of the walls or supporting columns separating two buildings. For the purpose of this Bylaw, the term ‘storage’ means the keeping or placing of trunks, luggage or similar articles in a place designed therefore, but shall exclude clothes closets, linen closets, broom cupboards, kitchen and bathroom cupboards of whatsoever nature.
29. **Building Front Line** – means the line of the wall of the building, or any projecting portion of the building, and production thereof excluding permitted obstructions which faces the front site line.
30. **Building Height** – means the vertical distance measured from the grade level to the highest point of the roof surface, if a flat roof; to the deck line of a mansard roof; and to the mean height level between eaves and ridge for a gable, hip, or gambrel roof.
31. **Building Permit** – means a permit, issued under the Building Bylaw of the Rural Municipality of Corman Park No. 344 authorizing the construction of all or part of any building or structure.
32. **Building Rear Line** – means the line of the wall of the building or any projecting portion of the building and production thereof excluding permitted obstructions which faces the rear site line.
33. **Building Side Line** – means the line of the wall of the building, or any projecting portion of the building and production thereof excluding permitted obstructions, which faces the side site line.
34. **Building Site** – means a physical area where a principal or accessory building is located, is currently under construction, or shall be constructed. For the purposes of this Bylaw, this area shall contain essential utilities including but not limited to onsite wells and septic treatment systems.
35. **Building Movers Yard** – means the yard of a building, moving contractor or company used as a depot for the storage and maintenance of equipment used by the contractor or company, and includes facilities for the administration or management of the business and the stockpiling or storage of supplies used in the

business, but does not include the wholesale or retail sale of building supplies or home improvement supplies.

36. **Bulk Fuel Sales & Storage** – means lands, buildings, and structures for the storage, and distribution of fuels and oils including retail sales or key lock operations.
37. **Bylaw** – means the Rural Municipality of Corman Park No. 344 Zoning Bylaw.
38. **Campground** – means an area used for a range of overnight camping experiences, from tenting to serviced trailer sites, including accessory facilities which support the use, such as administration offices and laundry facilities, but not including the use of mobile homes or trailers on a permanent year-round basis.
39. **Canada Land Inventory (C.L.I.) Soil Class Rating System** – provides an indication of the agricultural capability of land. The classes indicate the degree of limitation imposed by the soil in its use for mechanized agriculture. The C.L.I. class for each site of land is determined by the dominant C.L.I. class for the site, usually a quarter-section of land. Soil classes range from 1 to 7, with Class 1 soils having no significant limitations and Class 7 having severe limitations in terms of its capacity for arable culture or permanent pasture.

(Prime) Lands: Canada Land Inventory (C.L.I.) Soil Class Rating System

Class 1 – Soils in this class have no significant limitations in use for crops.

Class 2 – Soils in this class have moderate limitations that restrict the range of crops or require moderate conservation practices.

Class 3 - Soils in this class have moderately severe limitations that reduce the choice of crops or require special conservation practices.

(Marginal) Lands: Canada Land Inventory (C.L.I.) Soil Class Rating System

Class 4 - Soils in this class have severe limitations that restrict the choice of crops, or require special conservation practices and very careful management, or both.

Class 5 - Soils in this class have very severe limitations that restrict their capability to producing perennial forage crops, and improvement practices are feasible.

Class 6 - Soils in this class are unsuited for cultivation, but are capable of use for unimproved permanent pasture.

Class 7 - Soils in this class have no capability for arable culture or permanent pasture.

40. **Cemetery** – means land that is set apart or used as a place for the interment of the dead or in which human bodies have been buried. Cemetery may include a structure for the purpose of the cremation of human remains and may include facilities for storing ashes of human remains that have been cremated or the interment of the dead in sealed crypts or compartments.
41. **Clean Fill** – means uncontaminated non-water-soluble, non-decomposable, inert solids such as rock, soil, gravel, concrete, glass and or clay or ceramic products.

Clean fill shall not mean processed or unprocessed mixed construction and demolition debris, including, but not limited to, wallboard, plastic, wood or metal or any substance deemed corrosive, combustible, noxious, reactive, or radioactive.

Type I Clean Fill – means the dumping or placement of clean fill from outside sources for the purpose of re-grading or levelling a property to reclaim previously excavated properties, correct drainage on a site or make a site more suitable for construction. Type I Clean Fill operations are not intended to accommodate the processing and recycling of fill for commercial distribution.

Type II Clean Fill – means the dumping or placement of clean fill from outside sources for the purpose of storage, processing and commercial distribution for financial gain.

42. **Cluster** – means a design allowing for the concentration of development in pockets to preserve ecological areas and other open space while providing lower servicing costs and economies of scale.
43. **Commercial** – means the use of land, buildings, or structures for the purpose of buying and selling commodities, and supplying professional and personal services for financial compensation.
44. **Commercial Recreational Use** – means a recreation facility operated as a business and opens to the public for a fee.
45. **Commercial Storage Centre** – means establishments primarily engaged in renting or leasing space for self-storage. These establishments provide secure space (rooms, compartments, lockers, containers, or outdoor space) where clients can store and retrieve their goods.
46. **Community Care Facility** – means a premises or part of a premise in which a person provides care to 3 or more persons and includes any other premises or part of a premise that is used in conjunction with the community care facility for the purpose of providing care. Such uses shall include but are not limited to residential care facilities, day cares, treatment centres, and group homes.
47. **Community Facility** – means a building used for recreational, social, educational or cultural activities and which is owned by a municipal corporation, non-profit corporation or other non-profit organization. Such uses shall include but are not limited to schools, libraries, community centres, and government buildings, places of worship, public assembly, sport fields, playgrounds, and park spaces.
48. **Comprehensive Development Review (CDR)** – means a land use plan created by a land developer for a specific local area that identifies social, environmental, health and economic issues which the proposed development addresses.
49. **Concept Plan** – means a plan appended to the Official Community Plan, based upon legislative authority provided within the Act prepared by or for the Corman Park Council for the examination of the future land uses, essential services and facilities, transportation systems, development density and sequencing of development for areas of Corman Park District exhibiting common future development opportunities and challenges, subsequent to designating land on a

Future Land Use Map. A Concept Plan must be consistent with the Official Community Plan.

50. **Concrete and Asphalt Plant** – means an industrial facility used for the production of asphalt or concrete, or asphalt or concrete products, used in building or construction, and includes facilities for the administration or management of the business, the stockpiling of bulk materials used in the productions process or of finished products manufactured on the premises and the storage and maintenance of required equipment.
51. **Conservation** – means the planning, management and implementation of an activity with the objective of protecting the essential physical, chemical, and biological characteristics of the environment.
52. **Construction Yard** – means a building or structure or land for an establishment that provides service for industries primarily engaged in the construction, repair, or renovation of buildings, structures, or civil works. (*Bylaw 23/12, Approved July 30, 2012*)
53. **Council** - means the Council of the Rural Municipality of Corman Park No. 344.
54. **Country Residence** – means a residential dwelling unit or site whose owner's principal source of household income is derived from a source other than the principal agricultural use of that site. The residential dwelling unit may include a modular home or mobile home following removal therefrom of all wheels and axles and following the placement thereof on a permanent foundation.
55. **Country Residential Development** – means residential development contained within lands subdivided from an agricultural holding where the essential land requirement is for a residential building site and space rather than for productive agricultural purposes.
56. **Crematorium** – means a building fitted with the proper appliances for the purposes of the cremation of human and animal remains and includes everything incidental or ancillary thereto.
57. **Day Cares** – means:
 - a. Residential Day Care – means the use of a private residence where care, instruction, maintenance or supervision is provided for no more than twelve (12) children for periods of more than 3 but less than 24 consecutive hours and for at least 12 consecutive weeks in the year.
 - b. Day Care Facility – means the use of a building or portion thereof for the provision of care, instruction, maintenance or supervision of eight (8) or more children under the age of 13 years, by persons other than one related by blood or marriage, for periods of more than 3 but less than 24 consecutive hours and for at least 12 consecutive weeks in the year and includes all day-care centres, early childhood services, nurseries and after-school or baby-sitting programs which meet this definition.
58. **Development** – means the carrying out of any building, engineering, mining, or other operations in, on, or over land or the making of any material change in the use of any building or land.

59. **Development Agreement** – means the legal agreement between a developer and the Municipality which specifies the obligations and the terms and conditions for the approval of a development pursuant to provisions of the Act.
60. **Development Officer** – means the Administrator, or an employee of the Municipality appointed by the Administrator to act as a Development Officer to administer this Bylaw.
61. **Development Permit** – means a permit issued by the Council of the Rural Municipality of Corman Park No. 344 that authorizes the use of land, buildings, or structures for a specific purpose, but does not include a building permit.
62. **Directional Signage** – means signage located off site providing direction to and information about a specific enterprise or activity occurring onsite but which does not contain general advertising.
63. **Director of Operations** – means an employee or contracted servant of the Municipality appointed by a resolution of Council to act as the Director of Operations.
64. **Discretionary Use** – means a use of land or buildings or form of development that is prescribed as a discretionary use in the Zoning Bylaw; and requires the approval of Council pursuant to Section 56 of the Act.
65. **Electronic Message Board Sign** – means any sign or portion of a sign that has electronically controlled, computer-generated changeable letter, numerical, or pictorial panel copy that remains static for a specified time frame and then regenerates to a new image. These signs include digital displays using incandescent lamps, LED's, LCD's, plasma or related technology whereby the message can be altered by electric or electronic means.
66. **Elevation** – means the height of a point on the Earth's surface above sea level.
67. **Environmental Reserve** – means lands that have been dedicated to the Municipality by the developer of a subdivision as part of the subdivision approval process. Environmental reserves are those lands that are considered undevelopable and may consist of a swamp, gully, ravine, coulee, or natural drainage course, or may be lands that are subject to flooding or are considered unstable. Environmental reserve may also be a strip of land, not less than 6 metres in width, abutting the bed and shore of any lake, river stream or other body of water for the purposes of preventing pollution or providing access to the bed and shore of the water body.
68. **Equestrian Facility** – means the use of lands, buildings, or structures for the boarding of horses, the training of horses and riders, and the staging of equestrian events, but does not include the racing of horses.
69. **Essential Yard Site Feature** – means a feature of an existing farmstead which is deemed necessary for inclusion within a subdivision plan including but not limited to dugouts, shelterbelt plantings, and water wells.
70. **Existing** – means in place, or taking place, on the date of the adoption of this Bylaw.

71. **Farm Building** – means improvements such as barns, granaries, etc., used in connection with an agricultural operation.
72. **Farmstead** – means the buildings and adjacent essential grounds surrounding a farm including an agricultural residence serviced by an approach from a municipally maintained roadway.
73. **Fill** – means soil, rock, rubble, or other approved, non-polluting waste that is transported and placed on the existing, usually natural, surface of soil or rock, following the removal of vegetation cover, topsoil, and other organic material.
74. **Flood** – means a temporary rise in water level that result in the inundation of areas not ordinarily covered by water.

1:500 Flood Event – means:

- a. a 1:500-year flood; or
- b. a flood having a return period equal to 500 years; or
- c. a flood having water surface elevations equal to a 500-year flood; or
- d. a flood having approximately 0.2 percent risk of occurring during any one year.

Design Flood Level – means the maximum static water level reached for lands contained within a flood risk area during a 1:500 year flood event. It is used to indicate the safe building elevation to be used by the Municipality as a basis for flood risk management.

Flood Fringe – means that portion of the flood risk area not lying within a floodway that would be covered by floodwaters up to the design flood level and where development will not create an excessive hindrance to the hydraulic efficiency of the water course where most types of development may be accommodated subject to the application of proper flood proofing techniques.

Flood Risk Area – means an area delineated by the applicable provincial regulatory body or the Municipality as being prone to flooding.

Flood Plain – means the area of land bordering a water course or water body that would be inundated by a 1:500 year flood.

Flood Proofing – means any combination of structural and non-structural additions, changes or adjustments to structures or land that will significantly reduce or eliminate flood damage to real estate or improved real property and their contents up to and including the design flood level.

Wet Flood Proofing – means permanent or contingent measures applied to a structure and or its contents that prevent or provide resistance to damage from flooding while allowing floodwaters to enter the structure or area. Generally, this includes properly anchoring the structure, using flood resistant materials designed by a Professional Engineer licensed to practice in the Province of Saskatchewan and located below the design flood level which are capable of withstanding hydrostatic and hydrodynamic forces.

Dry Flood Proofing – means the raising of a building on engineered fill or piles at or above the design flood level.

Floodway – means a water body or the channel of a watercourse including those portions of the adjoining floodplains that is required to carry and discharge or contain the design flood where the flow is fastest and most severe and where the potential danger is the greatest.

Hydrodynamic Force – means the force of moving water or wave action applied to a structure.

Hydrostatic Force – means the result from the static mass of water at any point of flood water contact with a structure. These forces are equal in all directions and always act perpendicular to the surface on which they are applied.

Safe Building Elevation – means the maximum static water level reached for land in a particular region plus an additional allowance to compensate for unknown dynamic factors such as wave action.

Two Zone Flood Management Policies – means the application of a two tier development policy defined by the potential severity and danger of a flood event.

75. **Food Service Use** – means establishments primarily engaged in preparing meals, snacks, and beverages to customer order, for immediate consumption on and off the premises.
76. **Free Standing Sign** – means a sign, except a billboard, independently supported and visibly separated from a building or other structure and permanently fixed to the ground.
77. **Garage** – means a building or part of a building intended to be used for the storage of motor vehicles and wherein neither servicing nor repairing of such vehicles are carried on for remuneration.
78. **Garden Suite** – means a detached one unit dwelling, mobile home or modular home, which is temporarily located within or in the yard of an existing residential dwelling unit intended to provide accommodation for a specific person or persons who are physically dependent on the residents of the existing residential dwelling unit or to provide accommodations for a caregiver of whom a specific person or persons residing in the existing residential dwelling unit is physically dependent. **(Bylaw 38/13, Approved 2013)**
79. **Geotechnical Assessment** – means an assessment or estimation by a qualified expert of the earth's subsurface and the quality and or quantity of environmentally mitigative measures that would be necessary for development to occur.
80. **Golf Course** – means a public or private area operated for the purpose of playing golf and may include accessory uses and facilities including but not limited to club houses, driving ranges and food and beverage facilities.
81. **Greenhouse** – means a building with glass or clear plastic walls and roof intended for the cultivation and exhibition of plants under controlled conditions.

82. **Gross Surface Area (Signage)** – means the area of the rectangle or square within which the face of a sign can be completely contained, exclusive of any supporting structure or, where a sign has more than one face or the face of the sign is not flat, the rectangle within which the largest area of the face of the sign in profile can be completely contained exclusive of any supporting structure.
83. **Hazard Land** – means land which may be prone to flooding, slumping, landslides, or erosion or any other instability, or is a flood plain or watercourse.
84. **Hazardous Industry** – means a building, structure or use involved in the storage, transfer or processing of a provincially regulated amount of a hazardous substance as defined by *The Environmental Management and Protection Act, 2002*.
85. **Hazardous Substance** – means a substance that, because of its quality, concentration or physical, chemical, or infectious characteristics, either individually or in combination with other substances on the site is an existing or potential threat to the physical environment, to human health or to other living organisms.
86. **Height of the Sign** – means the vertical distance measured from the highest point of the sign to grade level at the centre of the sign.
87. **Heritage Resource** – means the history, culture, and historical resources of an area and its residents.
88. **Historical & Archaeological Site** – means an area containing buildings or place in which historic events occurred or having special public value because of notable archaeological or other features relating to the cultural heritage of the community, of such significance as to warrant conservation and preservation.
89. **Home Based Business** – means the conduct of a business from a residential dwelling unit or an accessory building where residents operate the business and the use is secondary to the residential use of the premises.
90. **Home Occupation** – means an accessory use carried on as an occupation conducted for gain in a dwelling unit solely by the resident or residents.
91. **Horticulture** – means the culture or growing of garden plants. Horticulturists work in plant propagation, crop production, plant breeding and genetic engineering, plant biochemistry, plant physiology, and the storage, processing, and transportation of fruits, berries, nuts, vegetables, flowers, trees, shrubs, and turf.
92. **Incidental Sign** – means a sign located on a development site which is intended for the direction of or control of traffic, pedestrians or parking and which do not contain any advertising.
93. **Industrial Complex** – means a group of two (2) or more attached or detached independent principal buildings located on the same site and which are not for human habitation and where each form of development comprising the complex is a permitted or approved discretionary use in the zoning district in which the industrial complex is located. **(Bylaw 28/14, Approved September 4, 2014)**
94. **Industrial Park** – means an area of land designated for multiple lot industrial development. Industrial parks are usually located close to transport facilities,

especially where more than one transport modality (inter-modal) coincides: highways, railroads, airports, and navigable rivers.

95. **Industrial Use** – means the use of land, buildings, or structures for the manufacturing, assembling, processing, fabrication, warehousing, or storage of goods and materials.
96. **Internment Service** – means establishments primarily engaged in the permanent disposition of human remains through a variety of manners and shall include but is not limited to cemeteries, crematoriums, funeral homes and mausoleums.
97. **Internal Subdivision Road** – means a public roadway, excluding a provincial highway, or municipal grid road, constructed solely for access to or egress from and internal circulation within a commercial, industrial, intensive agricultural, residential development, or a hamlet, and includes a service road.
98. **Kenel, Boarding** – means the temporary accommodation of dogs, cats or other domestic animals for commercial purposes.
99. **Kenel, Breeding** – means the keeping of more than four dogs, cats or other domestic animals, male and female, and which are more than 12 months old, for breeding purposes.
100. **Kenel, Enclosure** – means an accessory building or enclosure intended to house one or more domestic animals.
101. **Land Farm** – means a bioremediation technology in which contaminated soils are mixed with soil amendments such as soil bulking agents and nutrients, and then they are tilled into the earth. The material is periodically tilled for aeration. Contaminants are degraded, transformed, and immobilized by microbiological processes and by oxidation. Soil conditions are controlled to optimize the rate of contaminant degradation. Moisture content, frequency of aeration, and pH are all conditions that may be controlled. Land Farming differs from composting because it actually incorporates contaminated soil into soil that is uncontaminated. Composting also generally takes place in aboveground piles.
102. **Landfill** – means a specially engineered site for disposing of solid waste on land, constructed so that it will reduce hazard to public health and safety.
103. **Landscaping** – means the provision of horticultural and other related compatible features or materials designed to enhance the visual amenity of a site or to provide a visual screen consisting of any combination of the following elements:
 - a. soft landscaping consisting of vegetation such as trees, shrubs, vines, hedges, flowers, grass and ground cover;
 - b. hard landscaping consisting of non-vegetative materials such as concrete, unit pavers, brick pavers or quarry tile, but does not include gravel, shale, or asphalt.
104. **Landscaping Service** – means establishments primarily engaged in providing landscape care and maintenance services including the sales and/or installation of trees, shrubs, plants, lawns or gardens, and establishments engaged in these activities along with the construction (installation) of walkways, retaining walls,

decks, fences, ponds and similar structures and the retail sale of soft landscaping materials such as plants, trees and shrubs, as well as hard landscaping materials such as bricks, pavers, shale, crushed rock or other similar materials associated with landscaping, but does not include on-site outdoor and indoor cultivation or propagations of plants (green housing).

105. **Large Scale Commercial and Industrial Uses** – means a commercial or industrial site comprising a lineal frontage in excess of 90 metres.
106. **Legal Access** – means for the purposes of development, a lot, or site adjacent to a municipally maintained municipal roadway, and meeting the frontage requirements of appropriate Zoning District hosting the development.
107. **Livestock** – means domesticated animals used primarily as beasts of burden or for the production of fur, hides, meat, milk, eggs or other product, or as breeding stock, but excluding companion animals.
108. **Lot** – means a site of land of a subdivision, the plan of which has been filed or registered in the Land Titles Office.
109. **Manufacturing Establishment** – means the manufacturing or assembly of goods, products or equipment and or the processing of raw or finished materials, including the servicing, repairing or testing of materials, goods and equipment normally associated with the manufacturing, processing or assembly operation. It may include any indoor display, office, technical or administrative support areas or any sales operation accessory to the principal use.
110. **Master Sign Plan** – means plans and drawings that specify the location, size, materials, colour, and design of all existing and proposed development on a site or development in relation to buildings, access points, municipal roadways, and provincial highways.
111. **Mausoleum** – means a building or other structure used as a place for the interment of the dead in sealed crypts or compartments.
112. **Mineral Resource** – means raw materials including sand, gravel, clay, earth, topsoil, or mineralized rock found on or under a site.
113. **Mineral Resource Extraction Industry** – means development for the on-site removal, extraction, and primary processing of a mineral resource found on or under the site or accessible from the site for sale, or transfer off the site. Typical facilities or uses would include gravel pits (and associated crushing operations), sand pits, clay or marl pits, peat extraction, and stripping of topsoil.
114. **Mineral Resource Storage and Processing Operation** – means development for the storage, processing, sale, and transportation of mineral resources sourced from offsite sources.
115. **Minister** – means the Minister as defined in *The Planning and Development Act, 2007*.
116. **Mobile Home** – means a trailer coach that may be used as a residential dwelling unit all year round; has water faucets and shower or other bathing facilities that may

be connected to a water distribution system; and has facilities for washing and a water closet or other similar facility that may be connected to a sewage system.

117. **Municipality** – means the Rural Municipality of Corman Park No. 344.
118. **Municipal Building Bylaw** – means the Bylaw of the Rural Municipality of Corman Park No. 344 regulating the erection, alteration, repair, occupancy, or maintenance of buildings and structures.
119. **Municipal Facility** – means a system, work, plant, equipment, or service, owned or operated by a Municipality.
120. **Municipal Reserve** – means dedicated lands:
- a. that are provided to the Municipality for public use, pursuant to The Planning and Development Act, 2007; or
 - b. that were dedicated as public reserve and transferred to the Municipality pursuant to The Planning and Development Act, 2007, whether or not title to those lands has issued in the name of the Municipality.
121. **Municipal Roadway** – means a developed and municipally maintained road, street or lane vested in the Crown in right of Saskatchewan or set aside for the purposes of the Crown in right of Saskatchewan pursuant to *The North-West Territories Act* or any Act, and includes anything erected on or in connection with the municipal roadway.
122. **Non-conforming Use** – means a lawful specific use:
- a. being made of land or a building or intended to be made of land or of a building lawfully under construction, or with respect to which all required permits have been issued, at the date a zoning bylaw or any amendment to a zoning bylaw affecting the land or building becomes effective; and
 - b. that on the date a zoning bylaw or any amendment to a zoning bylaw becomes effective does not, or in the case of a building under construction or with respect to which all required permits have been issued will not, comply with the Zoning Bylaw.
123. **Official Community Plan** – means the Rural Municipality of Corman Park No. 344 Official Community Plan.
